

RCW 15.92.080 Annual report—Acceptable risk of human and environmental exposure. The center for sustaining agriculture and natural resources at Washington State University shall prepare and present an annual report to the appropriate legislative committees. The report shall include the center's priorities to find alternatives to the use of agricultural chemicals that pose human and environmental risks. The first report, due no later than November 1, 1992, shall use federal criteria of acceptable risk of human and environmental exposure for establishing such priorities and for conducting responsive research and education programs. For each subsequent year, the report shall detail the center's progress toward meeting the goals identified in the center's plan. [1991 c 341 § 9.]
