- RCW 18.71.450 Pain management rules—Repeal—Adoption of new rules. (1) By June 30, 2011, the commission shall repeal its rules on pain management, WAC 246-919-800 through 246-919-830.
- (2) By June 30, 2011, the commission shall adopt new rules on chronic, noncancer pain management that contain the following elements:
 - (a) (i) Dosing criteria, including:
- (A) A dosage amount that must not be exceeded unless a physician first consults with a practitioner specializing in pain management; and
- (B) Exigent or special circumstances under which the dosage amount may be exceeded without consultation with a practitioner specializing in pain management.
- (ii) The rules regarding consultation with a practitioner specializing in pain management must, to the extent practicable, take into account:
- (A) Circumstances under which repeated consultations would not be necessary or appropriate for a patient undergoing a stable, ongoing course of treatment for pain management;
- (B) Minimum training and experience that is sufficient to exempt a physician from the specialty consultation requirement;
 - (C) Methods for enhancing the availability of consultations;
 - (D) Allowing the efficient use of resources; and
 - (E) Minimizing the burden on practitioners and patients;
- (b) Guidance on when to seek specialty consultation and ways in which electronic specialty consultations may be sought;
- (c) Guidance on tracking clinical progress by using assessment tools focusing on pain interference, physical function, and overall risk for poor outcome; and
- (d) Guidance on tracking the use of opioids, particularly in the emergency department.
- (3) The commission shall consult with the agency medical directors' group, the department of health, the University of Washington, and the largest professional association of physicians in the state.
 - (4) The rules adopted under this section do not apply:
- (a) To the provision of palliative, hospice, or other end-of-life care; or
- (b) To the management of acute pain caused by an injury or a surgical procedure. [2010 c 209 § 5.]
