

**RCW 19.105.333 Signature of operator, trustee, or holder of power of attorney required on application documentation.**

Applications, consents to service, all affidavits required in connection with applications, and all final permits to market shall be signed by the operator, unless a trustee or power of attorney specifically granted such powers has signed on behalf of the operator. If a power of attorney or trustee signature is used, the filing shall contain a copy of the authorization, power of attorney, or trustee authorization. [1988 c 159 s 6.]
