

**RCW 43.86A.060 Linked deposit program—Eligible entities—**

**Interest rates—Rule-making authority.** (1) The state treasurer shall establish a linked deposit program for investment of surplus treasury funds in qualified public depositories. As a condition of participating in the program, qualified public depositories must make qualifying loans as provided in this section. The state treasurer may purchase an investment instrument that is equal to the amount of the qualifying loan made by the qualified public depository or may purchase an investment instrument that is equal to the aggregate amount of two or more qualifying loans made by one or more qualified public depositories.

(2) Qualifying loans made under this section are those:

(a) Having terms that do not exceed ten years;

(b) Where an individual loan does not exceed one million dollars;

(c) (i) That are made to a minority or women's business enterprise that has received state certification under chapter 39.19 RCW;

(ii) That are made to a veteran-owned business that has received state certification under RCW 43.60A.190; or

(iii) That are made to a community development financial institution that is: (A) Certified by the United States department of the treasury pursuant to 12 U.S.C. Sec. 4701 et seq.; and (B) using that loan to make qualifying loans under (c) (i) of this subsection;

(d) Where the interest rate on the loan to the minority or women's business enterprise or veteran-owned business does not exceed an interest rate that is two hundred basis points below the interest rate the qualified public depository would charge for a loan for a similar purpose and a similar term, except that, if the preference given by the state treasurer to the qualified public depository under subsection (3) of this section is less than two hundred basis points, the qualified public depository may reduce the preference given on the loan by an amount that corresponds to the reduction in preference below two hundred basis points given to the qualified public depository; and

(e) Where the points or fees charged at loan closing do not exceed one percent of the loan amount.

(3) In setting interest rates of surplus funds invested for the linked deposit program, the state treasurer shall offer rates so that a two hundred basis point preference will be given to the qualified public depository, except that the treasurer may lower the amount of the preference to ensure that the effective interest rate on the deposit is not less than zero percent.

(4) Upon notification by the state treasurer that a minority or women's business enterprise is no longer certified under chapter 39.19 RCW or that a veteran-owned business is no longer certified under RCW 43.60A.190, the qualified public depository shall reduce the amount of qualifying loans by the outstanding balance of the loan made under this section to the minority or women's business enterprise or the veteran-owned business, as applicable.

(5) The office of minority and women's business enterprises has the authority to adopt rules to:

(a) Ensure that when making a qualified loan under the linked deposit program, businesses that have never received a loan under the linked deposit program are given first priority;

(b) Limit the total principal loan amount that any one business receives in qualified loans under the linked deposit program over the lifetime of the businesses;

(c) Limit the total principal loan amount that an owner of one or more businesses receives in qualified loans under the linked deposit program during the owner's lifetime;

(d) Limit the total amount of any one qualified loan made under the linked deposit program; and

(e) Ensure that loans made by community development financial institutions are qualifying loans under subsection (2)(c)(i) of this section. [2022 c 99 s 4. Prior: 2009 c 385 s 3; 2009 c 384 s 1; 2008 c 187 s 3; 2007 c 500 s 2; 2005 c 302 s 3; 2002 c 305 s 1; 1993 c 512 s 30.]

**Intent—2005 c 302:** See note following RCW 43.86A.030.

**Finding—Intent—1993 c 512:** "The legislature finds that minority and women's business enterprises have been historically excluded from access to capital in the marketplace. The lack of capital has been a major barrier to the development and expansion of business by various minority groups and women. There has been a significant amount of attention on the capital needs of minority and women's business enterprises. It is the intent of the legislature to remedy the problem of a lack of access to capital by minority and women's business enterprises, and other small businesses by authorizing the state treasurer to operate a program that links state deposits to business loans by financial institutions to minority and women's business enterprises." [1993 c 512 s 29.]
