

RCW 47.46.080 State toll facilities authorized for projects.

The department may provide for the establishment and construction of state toll bridge facilities upon any public highways of this state together with approaches to them under agreements entered into under this chapter to develop such facilities. A state toll bridge facility authorized under this section includes, but is not limited to, the construction of an additional toll bridge, including approaches, adjacent to and within two miles of an existing bridge, the imposition of tolls on both bridges, and the operation of both bridges as one toll facility.
