

**RCW 48.97.015 Business placed with a controlled insurer—  
Application of section—Exceptions—Written contract required—Audit  
committee—Report to commissioner.** (1) (a) This section applies in a  
particular calendar year if in that calendar year the aggregate amount  
of gross written premium on business placed with a controlled insurer  
by a controlling producer is equal to or greater than five percent of  
the admitted assets of the controlled insurer, as reported in the  
controlled insurer's quarterly statement filed as of September 30th of  
the prior year.

(b) Notwithstanding (a) of this subsection, this section does not  
apply if:

(i) The controlling producer:

(A) Places insurance only with the controlled insurer; or only  
with the controlled insurer and a member or members of the controlled  
insurer's holding company system, or the controlled insurer's parent,  
affiliate, or subsidiary and receives no compensation based upon the  
amount of premiums written in connection with the insurance; and

(B) Accepts insurance placements only from nonaffiliated  
subproducers, and not directly from insureds; and

(ii) The controlled insurer, except for business written through  
a residual market facility such as the assigned risk plan, fair plans,  
or other such plans, accepts insurance business only from a  
controlling producer, a producer controlled by the controlled insurer,  
or a producer that is a subsidiary of the controlled insurer.

(2) A controlled insurer may not accept business from a  
controlling producer and a controlling producer may not place business  
with a controlled insurer unless there is a written contract between  
the controlling producer and the insurer specifying the  
responsibilities of each party, which contract has been approved by  
the board of directors of the insurer and contains the following  
minimum provisions:

(a) The controlled insurer may terminate the contract for cause,  
upon written notice to the controlling producer. The controlled  
insurer shall suspend the authority of the controlling producer to  
write business during the pendency of a dispute regarding the cause  
for the termination;

(b) The controlling producer shall render accounts to the  
controlling insurer detailing all material transactions, including  
information necessary to support all commissions, charges, and other  
fees received by, or owing to, the controlling producer;

(c) The controlling producer shall remit all funds due under the  
terms of the contract to the controlling insurer on at least a monthly  
basis. The due date must be fixed so that premiums or installments  
collected are remitted no later than ninety days after the effective  
date of a policy placed with the controlling insurer under this  
contract;

(d) The controlling producer shall hold all funds collected for  
the controlled insurer's account in a fiduciary capacity, in one or  
more appropriately identified bank accounts in banks that are members  
of the federal reserve system, in accordance with the applicable  
provisions of this title. However, funds of a controlling producer not  
required to be licensed in this state must be maintained in compliance  
with the requirements of the controlling producer's domiciliary  
jurisdiction;

(e) The controlling producer shall maintain separately  
identifiable records of business written for the controlled insurer;

(f) The contract shall not be assigned in whole or in part by the controlling producer;

(g) The controlled insurer shall provide the controlling producer with its underwriting standards, rules, and procedures, manuals setting forth the rates to be charged, and the conditions for the acceptance or rejection of risks. The controlling producer shall adhere to the standards, rules, procedures, rates, and conditions that are the same as those applicable to comparable business placed with the controlled insurer by a producer other than the controlling producer;

(h) The rates of the controlling producer's commissions, charges, and other fees must be no greater than those applicable to comparable business placed with the controlled insurer by producers other than controlling producers. For purposes of (g) and (h) of this subsection, examples of comparable business include the same lines of insurance, same kinds of insurance, same kinds of risks, similar policy limits, and similar quality of business;

(i) If the contract provides that the controlling producer, on insurance business placed with the insurer, is to be compensated contingent upon the insurer's profits on that business, then the compensation shall not be determined and paid until at least five years after the premiums on liability insurance are earned and at least one year after the premiums are earned on any other insurance. In no event may the commissions be paid until the adequacy of the controlled insurer's reserves on remaining claims has been independently verified under subsection (3) of this section;

(j) The insurer may establish a different limit on the controlling producer's writings in relation to the controlled insurer's surplus and total writings for each line or subline of business. The controlled insurer shall notify the controlling producer when the applicable limit is approached and may not accept business from the controlling producer if the limit is reached. The controlling producer may not place business with the controlled insurer if it has been notified by the controlled insurer that the limit has been reached; and

(k) The controlling producer may negotiate but may not bind reinsurance on behalf of the controlled insurer on business the controlling producer places with the controlled insurer, except that the controlling producer may bind facultative reinsurance contracts under obligatory facultative agreements if the contract with the controlled insurer contains underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which the automatic agreements are in effect, the coverages and amounts of percentages that may be reinsured, and commission schedules.

(3) Every controlled insurer shall have an audit committee of the board of directors composed of independent directors. The audit committee shall annually meet with management, the insurer's independent certified public accountants, and an independent casualty actuary or other independent loss reserve specialist acceptable to the commissioner to review the adequacy of the insurer's loss reserves.

(4) (a) In addition to any other required loss reserve certification, the controlled insurer shall, annually, on April 1st of each year, file with the commissioner an opinion of an independent casualty actuary, or such other independent loss reserve specialist acceptable to the commissioner, reporting loss ratios for each line of business written and attesting to the adequacy of loss reserves established for losses incurred and outstanding as of year end,

including losses incurred but not reported, on business placed by the producer; and

(b) The controlled insurer shall annually report to the commissioner the amount of commissions paid to the producer, the percentage that amount represents of the net premiums written, and comparable amounts and percentages paid to noncontrolling producers for placements of the same kinds of insurance.
