

**RCW 66.24.170 Domestic winery license—Winery as distributor and/or retailer of own wine—Off-premises samples—Domestic wine made into sparkling wine—Sales at qualifying farmers markets. (1) (a)**

There is a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(b) The annual fees in (a) of this subsection are waived during the 12-month period beginning with the second calendar month after February 28, 2021, for:

(i) Licenses that expire during the 12-month waiver period under this subsection (1)(b); and

(ii) Licenses issued to persons previously licensed under this section at any time during the 12-month period prior to the 12-month waiver period under this subsection (1)(b).

(c) The waivers in (b) of this subsection do not apply to any licensee that:

(i) Had their license suspended by the board for health and safety violations of state COVID-19 guidelines; or

(ii) Received an order of immediate restraint or citation from the department of labor and industries for allowing an employee to perform work where business activity was prohibited in violation of an emergency proclamation of the governor under RCW 43.06.220.

(d) Upon request of the department of revenue, the board and the department of labor and industries must both provide a list of persons that they have determined to be ineligible for a fee waiver under (b) of this subsection for the reasons described in (c) of this subsection. Unless otherwise agreed, any list must be received by the department of revenue no later than 15 calendar days after the request is made.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection must comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4) (a) A domestic winery licensed under this section, at locations separate from any of its production or manufacturing sites, may serve samples of its own products, with or without charge, may sell wine of its own production at retail, and may sell for off-premises consumption wines of its own production in kegs or sanitary containers meeting the applicable requirements of federal law brought to the premises by the purchaser or furnished by the licensee and

filled at the tap at the time of sale, provided that: (i) Each additional location has been approved by the board under RCW 66.24.010; (ii) the total number of additional locations does not exceed four; (iii) a winery may not act as a distributor at any such additional location; and (iv) any person selling or serving wine at an additional location for on-premises consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license for the purpose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the additional location jointly liable. Nothing in this subsection may be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(b) A customer of a domestic winery may remove from the premises of the domestic winery or from a tasting room location approved under (a) of this subsection, recorked or recapped in its original container, any portion of wine purchased for on-premises consumption.

(5) (a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the four additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose of this title. The approved locations under an endorsement granted under this subsection include tasting or sampling privileges subject to the conditions pursuant to RCW 66.24.175. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board must notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5) (e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

(A) There are at least five participating vendors who are farmers selling their own agricultural products;

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers. However, if a farmers market does not satisfy this subsection (5)(g)(i)(B), a farmers market is still considered a "qualifying farmers market" if the total combined gross annual sales of farmers and processors at the farmers market is one million dollars or more;

(C) The total combined gross annual sales of vendors who are farmers, processors, or resellers exceeds the total combined gross annual sales of vendors who are not farmers, processors, or resellers;

(D) The sale of imported items and secondhand items by any vendor is prohibited; and

(E) No vendor is a franchisee.

(ii) "Farmer" means a natural person who sells, with or without processing, agricultural products that he or she raises on land he or she owns or leases in this state or in another state's county that borders this state.

(iii) "Processor" means a natural person who sells processed food that he or she has personally prepared on land he or she owns or leases in this state or in another state's county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

(6) Wine produced in Washington state by a domestic winery licensee may be shipped out-of-state for the purpose of making it into sparkling wine and then returned to such licensee for resale. Such wine is deemed wine manufactured in the state of Washington for the purposes of RCW 66.24.206, and shall not require a special license.

(7) During an event held by a nonprofit holding a special occasion license issued under RCW 66.24.380, a domestic winery licensed under this section may take orders, either in writing or electronically, and accept payment for wines of its own production under the following conditions:

(a) Wine produced by the domestic winery may be served for on-premises consumption by the special occasion licensee;

(b) The domestic winery delivers wine to the consumer on a date after the conclusion of the special occasion event;

(c) The domestic winery delivers wine to the consumer at a location different from the location at which the special occasion event is held;

(d) The domestic winery complies with all requirements in chapter 66.20 RCW for direct sale of wine to consumers;

(e) The wine is not sold for resale; and

(f) The domestic winery is entitled to all proceeds from the sale and delivery of its wine to a consumer after the conclusion of the

special occasion event, but may enter into an agreement to share a portion of the proceeds of these sales with the special occasion licensee licensed under RCW 66.24.380.
