

RCW 70.190.050 Community networks—Outcome evaluation. (1) The Washington state institute for public policy shall conduct or contract for monitoring and tracking of the implementation of chapter 7, Laws of 1994 sp. sess. to determine whether these efforts result in a measurable reduction of violence. The institute shall also conduct or contract for an evaluation of the effectiveness of the community public health and safety networks in reducing the rate of at-risk youth through reducing risk factors and increasing protective factors. The evaluation plan shall result in statistically valid evaluation at both statewide and community levels.

(2) Starting five years after the initial grant to a community network, if the community network fails to meet the outcome standards and goals in any two consecutive years, the institute shall make recommendations to the legislature concerning whether the funds received by that community network should revert back to the originating agency. In making this determination, the institute shall consider the adequacy of the level of intervention relative to the risk factors in the community and any external events having a significant impact on risk factors or outcomes.

(3) The outcomes required under this chapter and social development standards and measures established by the department of health under RCW 43.70.555 shall be used in conducting the outcome evaluation of the community networks. [1998 c 245 s 122; 1994 sp.s. c 7 s 207.]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 43.70.540.
