

RCW 81.104.210 High capacity transportation corridor areas—

Issuance of bonds. (1) To carry out the purposes of this chapter, a high capacity transportation corridor area may issue general obligation bonds, not to exceed an amount, together with any other outstanding nonvoter-approved general obligation indebtedness, equal to one and one-half percent of the value of the taxable property within the area, as the term "value of the taxable property" is defined in RCW 39.36.015. A high capacity transportation corridor area may also issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to five percent of the value of the taxable property within the area, as the term "value of the taxable property" is defined in RCW 39.36.015, when authorized by the voters of the area pursuant to Article VIII, section 6 of the state Constitution.

(2) General obligation bonds with a maturity in excess of twenty-five years shall not be issued. The governing body of the high capacity transportation corridor area shall by resolution determine for each general obligation bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the high capacity transportation corridor area may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. The high capacity transportation corridor area may also pledge any other revenues that may be available to the area.

(4) In addition to general obligation bonds, a high capacity transportation corridor area may issue revenue bonds to be issued and sold in accordance with chapter 39.46 RCW. [2009 c 280 s 8.]
