

RCW 84.12.200 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) (a) "Airplane company" means and includes any person owning, controlling, operating or managing real or personal property, used or to be used for or in connection with or to facilitate the conveyance and transportation of persons and/or property by aircraft, and engaged in the business of transporting persons and/or property for compensation, as owner, lessee or otherwise.

(b) "Airplane company" does not include a "commuter air carrier" as defined in RCW 82.48.010, whose ground property and equipment is located primarily on privately held real property.

(2) "Company" means and includes any railroad company, airplane company, electric light and power company, telegraph company, telephone company, gas company, pipe line company, or logging railroad company; and the term "companies" means and includes all of such companies.

(3) "Department" without other designation means the department of revenue of the state of Washington.

(4) "Electric light and power company" means and includes any person owning, controlling, operating or managing real or personal property, used or to be used for or in connection with or to facilitate the generation, transmission or distribution of electricity in this state, and engaged in the business of furnishing, transmitting, distributing or generating electrical energy for light, heat or power for compensation as owner, lessee or otherwise.

(7) "Nonoperating property" means all physical property owned by any company, other than that used during the preceding calendar year in the conduct of its operations. It includes all lands and/or buildings wholly used by any person other than the owning company. In cases where lands and/or buildings are used partially by the owning company in the conduct of its operations and partially by any other person not assessable under this chapter under lease, sublease, or other form of tenancy, the operating and nonoperating property of the company whose property is assessed under this section must be determined by the department of revenue in such manner as will, in its judgment, secure the separate valuation of such operating and nonoperating property upon a fair and equitable basis. The amount of operating revenue received from tenants or occupants of property of the owning company may not be considered material in determining the classification of such property.

(8) "Operating property" means and includes all property, real and personal, owned by any company, or held by it as occupant, lessee or otherwise, including all franchises and lands, buildings, rights-of-way, water powers, motor vehicles, wagons, horses, aircraft,
