SUBJECT: 2019 State Agency Business Licensing Information Report

The Department of Revenue is submitting this report to the Legislature and Governor as required by RCW 19.02.055. This law directs 24 state agencies to provide the Department's Business Licensing Service with essential information about each agency's business licensing requirements and to update that information each year. The agencies are directed to provide detailed information, including:

- a listing of all business licenses issued by the agency
- a description of the persons and activities for which the license is required
- the duration of the license and any issuance or renewal requirements

Each agency must certify annually to the Department that the licensing information the agency has provided is complete and current or submit a progress report and explanation. The Department must compile the information and submit an aggregate report to the Legislature's

economic development committees and the Governor by January 1 of each year. Included with the attached report is an appendix in a spreadsheet format, which includes information provided by the responding agencies.

If you have any questions or need the report in an alternate format, please contact David Duvall, Legislative and External Affairs Liaison, Executive Division, at (360) 534-1545 or DavidD@dor.wa.gov.

2019 State Business Licensing Information (By Agency)	Appendix

Summary

The Department of Revenue is submitting this report to the Legislature and Governor as required by [RCW 19.02.055\(3\)](#).

Enacted in 2013, this law is intended to promote economic development by providing licensing information to businesses. To that end, the law directs 24 state agencies to provide the department's Business Licensing Service with updated information about each agency's business licensing requirements annually.

Each agency is directed to provide detailed information including:

- a listing of all business licenses issued by the agency
- a description of the persons and activities subject to licensing and the duration of each license
- requirements for issuing and renewing these licenses and any additional information that may be available
- the average time between the license application submittal and license issuance,
- whether the license is subject to renewal, and if so, how often

Each agency must certify annually to the Department of Revenue that the licensing information the agency has provided is complete and up to date or submit a progress report and explanation. We must compile the information and submit an aggregate report to the Legislature and Governor by January 1 of each year.

Background

Business Licensing Service

The state's Business Licensing Service (BLS), part of the Department of Revenue, is the state's primary business licensing portal. First established in the 1970s as the Master License Service at the Department of Licensing, the Legislature transferred the program to the Department of Revenue in 2011. As originally envisioned, BLS was intended to provide a convenient, accessible, and timely one-stop service for the business community to acquire and maintain the necessary licenses to conduct business.

BLS is a one-stop business licensing and renewal service for many businesses. For example, a sole proprietor grocery store opening in Richland that registers through BLS can comply with multiple agencies' requirements at once. Using BLS, the business can do all of the following:

- register with the departments of Revenue, Labor & Industries, and Employment Security
- register as a lottery retailer with the State Lottery
- obtain retail liquor licenses and cigarette and vapor permits from the Liquor and Cannabis Board
- register scales with the Department of Agriculture
- obtain a business license from the city of Richland

As state and city partnerships continue to grow, BLS becomes a one-stop destination for many more businesses. Currently, BLS offers more than 200 licenses from 9 state agencies and over 100 cities using a single, combined application process. The licensing model has been a national and world leader for years—garnering visits from officials from other states and countries. BLS is one of the very few systems in the country that allows a business to register with state agencies and get city licenses using the same system.

Collecting the Information

In 2019, we contacted the participating state agencies and asked them to certify that the licensing information submitted in 2018 was still correct, or to provide updates. All 24 agencies provided us with this requested information.

Questions to Participating Agencies

The participating state agencies answered these questions:

- What is the license name and category?
- What is the purpose of the license?
- Where is the application available?
- What are the fees associated with this license?
- What is the process for submitting the application?
- Are there inspections, background checks, or other additional requirements involved?
- What is the average time between application and license issuance?
- Does this license need to be renewed? How often?
- What are the penalties for late renewal?
- What RCWs and WACs govern this license?
- Is this license available through the Business Licensing Service?
- Is the license listed on the website of the Governor's Office for Regulatory Innovation and Assistance website?

Participating Agencies

The 24 agencies required by [RCW 19.02.055](#) to annually provide the Department of Revenue with current licensing information are:

- Board of Accountancy
- Department of Agriculture
- Department of Archaeology and Historic Preservation
- Department of Children, Youth, and Families
- Department of Ecology
- Department of Financial Institutions
- Department of Fish and Wildlife
- Department of Health
- Department of Labor & Industries
- Department of Licensing
- Department of Revenue
- Department of Social and Health Services
- Department of Transportation
- Employment Security Department
- Gambling Commission
- Horse Racing Commission
- Liquor and Cannabis Board
- Office of the Insurance Commissioner
- Secretary of State
- State Lottery
- Student Achievement Council
- Utilities and Transportation Commission
- Washington State Patrol
- Workforce Training and Education Coordinating Board

Online Integration

We integrated the information provided by the 24 participating state agencies into our online Business Licensing Wizard, now available on the BLS website: business.wa.gov/bls.

The Business Licensing Wizard is an interactive online resource that takes the user through a series of questions to determine the various business licenses needed. The wizard currently includes information and contacts for hundreds of business activities, extending to most cities and every county in Washington.

By consolidating the information gathered into the wizard, we created a more comprehensive online resource for businesses to determine the licenses they need in the state of Washington. After a business steps through the questions in the interactive wizard, they receive a customized guide sheet that includes detailed information and instructions about the licenses they need, along with contact information for non-partner licenses, to help them get set up correctly.

For an example of a Business Licensing Wizard-guide sheet, see Pages 8-10. The sheet includes a link to the appropriate web page with more licensing information. An example of an informational web page is shown on Page 11.

The Business Licensing Wizard helps customers determine what licenses they need. This interactive tool for state and city licensing provides detailed licensing information to new businesses, providing them peace of mind knowing that they have the licensing information needed to help their businesses succeed.

Conclusion

[RCW 19.02.055](#) ensures that up-to-date business licensing information for all participating agencies continues to be made available in one place to better serve business' needs.

Agency duties — Information — Certification.

(1)(a) Each agency required to fully participate in the implementation of this chapter under RCW [19.02.050](#) must provide the department with the name of the agency's coordinator for the purposes of implementing the requirements of this section. Using a format designated by the department, each agency must provide the department with the following information:

- (i) A listing of each business license issued by the agency;
 - (ii) A description of the persons and specific activities for which the license is required;
 - (iii) The time period for which the license is issued and any issuance, renewal, or reissuance requirements; and
 - (iv) Other information the department determines necessary to implement this section, including links to the licensing information, application, and instructions on the agency's web site, if available.
- (b) An agency that issues licenses in accordance with (i) national or federal mandates, requirements, or standards; or (ii) educational standards and an examination, may alternatively comply with this chapter by providing the department with a link to its licensing web site, summary information about the licensing requirements or standards in a format or formats designated by the department, and a designated agency contact.

(2) In addition to the requirements in subsection (1) of this section, each agency, by November 1st of each year, beginning November 1, 2013, must provide the department with certification on a form designated by the department that all business licensing information submitted by the agency is complete and up-to-date. If an agency has not submitted all the business licensing information required under this section, the agency must instead submit a progress report and explanation to the department.

(3) The department must compile the information submitted by each agency, and submit an aggregate report to the governor and the economic development committees of the legislature by January 1st of each year, beginning January 1, 2014.

[2013 c 111 § 2.]
