- WAC 173-98-100 Eligible. Certain projects or project elements may be eligible for loan assistance including, but not limited to, the following:
- (1) Alternative public works contracting for water pollution control facilities allowed under state statute including, but not limited to, design-build, design-build-operate, and general contractor/construction manager;
- (2) Aquatic plant control when the water quality degradation is due to the presence of aquatic plants, and the source(s) of pollution is addressed sufficiently to ensure that the pollution is eliminated;
 - (3) **BMP implementation** on private property:
- (a) Best management practices that consist of new, innovative, or alternative technology not yet demonstrated in the department's region in which it is proposed;
- (b) Best management practices in the riparian buffer or zone, such as revegetation or fence construction and where a conservation easement or landowner agreement is granted by the landowner; and
- (c) Other water quality best management practices that are evaluated and approved by the department on a case-by-case basis, and where a conservation easement or landowner agreement is granted by the landowner.
 - (4) BMP implementation on public property;
- (5) Capacity for growth. Loans for up to twenty years capacity for water pollution control facilities. Capacity in excess of the twenty year design capacity are not eligible;
- (6) Computer equipment and software specific to the funded project and preapproved by the department;
- (7) Confined animal feeding operations (CAFO) water pollution control projects located in federally designated national estuaries;
 - (8) Conservation planning;
 - (9) Diagnostic studies to assess current water quality;
 - (10) Education and outreach efforts for the public;
- (11) **Environmental checklists**, assessments, and impact statements necessary to satisfy requirements for the SEPA, the NEPA, and the SERP;
- (12) **Environmental emergencies** as defined in WAC 173-98-030 and applied for in accordance with the provisions described in the published funding guidelines for the funding cycle in which the emergency occurs;
 - (13) Equipment and tools as identified in a loan agreement;
- (14) **Facilities** for the control, storage, treatment, conveyance, disposal, or recycling of domestic wastewater and stormwater for residential, and/or a combination of residential, commercial, institutional and industrial:
 - (a) Planning:
- (i) Comprehensive sewer planning, including wastewater elements of capital facilities planning under the Growth Management Act;
 - (ii) Stormwater planning;
 - (iii) Facilities planning for water pollution control facilities.
- (b) **Design** preparation of plans and specifications for water pollution control facilities;
 - (c) Construction of:
- (i) Facilities for the control, storage, treatment, conveyance, disposal, or recycling of domestic wastewater and stormwater;
 - (ii) Combined sewer overflow abatement;

- (iii) Side sewers, pump stations, or other appurtenances on public property or private property if solving a nonpoint source pollution problem, such as failing on-site sewage systems; and
- (iv) Side sewers, pump stations, or other appurtenances on public property or private property to correct infiltration and inflow.
 - (d) Value engineering for water pollution control facilities.
- (15) **Green project reserve** projects such as water efficiency, energy efficiency, green infrastructure, and environmentally innovative projects or project elements as defined by EPA guidance;
- (16) **Groundwater protection activities** such as wellhead protection and critical aquifer recharge area protection;
- (17) Hardship assistance for preconstruction projects, wastewater treatment facilities construction, and on-site sewage system repair and replacement;
- (18) **Indirect costs** as defined in the most recently updated edition of Administrative Requirements for Recipients of Ecology Grants and Loans (publication #91-18) or Administrative Requirements for Recipients of Ecology Grants and Loans Managed in EAGL (publication #14-01-002);
- (19) Lake implementation and associated planning activities on lakes with public access;
 - (20) Land acquisition:
- (a) As an integral part of the treatment process (e.g., land application);
 - (b) For siting of water pollution control facilities;
 - (c) For wetland habitat preservation and protection;
- (d) For riparian area and watershed preservation and protection; or
 - (e) For drinking water source protection.
- (21) Landscaping for erosion control directly related to a project, or site-specific landscaping to mitigate site conditions and comply with requirements in the SERP;
- (22) **Legal expenses** will be determined on a case-by-case basis, such as development of local ordinances, use of a bond counsel, review of technical documents;
- (23) **Light refreshments** for meetings when preapproved by the department;
- (24) **Mitigation**, determined on a case-by-case basis, that addresses water quality impacts directly related to the project;
 - (25) Monitoring BMP effectiveness;
 - (26) Monitoring equipment used for water quality assessment;
 - (27) Monitoring water quality;
- (28) **Model ordinances** development and dissemination of model ordinances to prevent or reduce pollution from nonpoint sources;
 - (29) On-site sewage systems:
- (a) On-site sewage system repair and replacement for residential and small commercial systems;
 - (b) On-site sewage system surveys;
 - (c) Local loan fund program development and implementation.
- (30) **Planning**, including comprehensive basin plans, watershed plans, and area-wide water quality plans;
 - (31) Refinancing of water pollution control facility debt;
- (32) Riparian and wetlands habitat restoration and enhancement, including revegetation;
 - (33) Sales tax;

- (34) **Spare parts**, an initial set of spare parts for equipment that is critical for a facility to operate in compliance with discharge permit requirements;
 - (35) Stream restoration projects;
- (36) Total maximum daily load study development and implementation;
- (37) **Training** to develop specific skills that are necessary to directly satisfy the funding agreement scope of work. Training, conference registration or annual meeting fees must be preapproved by the department;
- (38) **Transferring ownership** of a small wastewater system to a public body;
 - (39) Wastewater or stormwater utility development;
- (40) Wastewater or stormwater utility rate or development impact fee studies;
 - (41) Water quality education and stewardship programs.
