

WAC 200-130-014 Responsibilities of each state agency. (1) Each state agency is responsible for reducing the liability and costs associated with flood damage to its state-owned property, both real and personal;

(2) When a proposal or project is initiated for the acquisition, development, and/or the construction of state-owned structures or facilities, the agency initiating the proposal shall determine the flood plain exposure and the fiscal impact of locating state-owned properties within special flood hazard areas;

(3) If the project or proposal for development, new construction, or substantial improvement is within a one hundred-year flood plain and/or special flood hazard area, then the initiating agency must include such information in its funding request to the office of financial management and shall include a statement that the project or proposal meets the requirements of WAC 200-130-015 or shall include a copy of the written exemption granted by the state risk manager; and

(4) It is the responsibility of each agency to establish and issue the necessary policies or procedures to assure that these flood plain management standards for state-owned and leased properties are carried out within their respective agency.
