

WAC 284-17-297 Continuing education providers may not make substantive changes to approved insurance continuing education courses. A course approval is no longer valid if the continuing education provider has made any change in the course curriculum, including the instruction method, after the commissioner approved the course. The provider must submit a new course per WAC 284-17-278. However, updates to facts and figures in the course are not considered substantive changes.
