

WAC 296-806-45506 Protect operators from guidepost hazards. You must use properly installed, adjusted, and maintained guards or devices to protect operators from the hazards created by:

(1) Guideposts separating from their bushings.

(2) Similar pinch points between the slide (moving die) and fixed die or press attachments.

EXEMPTION: This requirement does not apply if the opening is one-fourth inch or less, before use.
