

WAC 296-835-11030 Make sure employees working near dip tanks know appropriate first-aid procedures. You must make sure your employees know the appropriate first-aid procedures for the hazards of your dipping and coating operations.

- Note:**
1. First-aid procedures are contained in the Safety Data Sheet (SDS) for the chemicals used in the dip tank.
 2. First-aid supplies appropriate for the hazards of the dipping or coating operation need to be located near the dip tank to be considered "readily available" as required by WAC 296-800-15020.

Reference: There are additional requirements that may include providing emergency washing facilities and employee training. See first aid, WAC 296-800-150, and chapter 296-901 WAC, Globally harmonized system for hazard communication, in the safety and health core rules, chapter 296-800 WAC.
