

WAC 296-96-05210 Signage. (1) Each lift shall have the following two signs:

(a) A "CAPACITY" sign permanently fastened in the lift car and on each landing. This sign shall indicate the rated load of the lift in pounds and be made of metal with 50.8 mm (2 in.) high black letters on a yellow background.

(b) A "NO RIDERS" sign conspicuously and permanently fastened on the landing side of all hoistway gates (doors) and in the enclosure of each car. This sign shall be made of metal with 50.8 mm (2 in.) high black letters on a red background.

(2) A "code data plate" shall be displayed on the equipment. The code data plate shall be made of metal with 3 mm (0.125 in.) that shall have a minimum character stroke width of 0.5 mm (0.02 in.) high black letters on a yellow background. The data plate must show the following:

(a) The name of the manufacturer;

(b) The date of installation with a blank area for the date; and

(c) The code and year it was manufactured.
