

WAC 315-42-020 Play for Cash Pop. (1) A Cash Pop player shall select one number in each play.

(2) (a) A player may use a play slip to make number selection(s). The lottery terminal will read the play slip and issue ticket(s) with corresponding play(s). If a play slip is not available, the lottery retailer may enter the selected number via the keyboard; or

(b) A player may choose to have the number selections made by the lottery terminal using a random number generator, commonly referred to as a "quick pick."

(3) A player wins the prize printed on the Cash Pop ticket by matching the number on the ticket to the lottery's certified winning number for the drawing date.
