

WAC 388-97-3100 Outside lighting. The nursing home must ensure:

- (1) Lighting levels in parking lots and approaches to buildings are appropriate for resident and visitor convenience and safety; and
- (2) All outside areas where nursing home equipment and machinery are stored have proper lighting.

[Statutory Authority: Chapters 18.51 and 74.42 RCW and 42 C.F.R. 489.52. WSR 08-20-062, § 388-97-3100, filed 9/24/08, effective 11/1/08.]
