

WAC 392-204-020 School library information and technology program. The school library information and technology program is to include resources that promote a positive impact on student learning, such as a variety of resources for reading advocacy, student communication skills, electronic and print information, and resources that support student mastery of the essential academic learning requirements in all subject areas and the implementation of the district's school improvement plan, consistent with the goals for Washington common schools, as adopted by the state board of education.
