

WAC 479-10-121 Types of street system treatments allowed under small city preservation program. The type of treatment will be based on the pavement condition rating, treatment types available in the area, and concurrence by the local agency. Treatments may include crack sealing, patching, ditching, chip sealing, overlay, cold in place recycling of roadway, or other treatment as deemed cost effective and/or necessary by TIB staff.

[Statutory Authority: Chapter 47.26 RCW. WSR 08-21-005, § 479-10-121, filed 10/2/08, effective 11/2/08.]
