

WAC 480-70-351 Rates, recycling programs, credits, or charges.

(1) **Programs to encourage recycling.** The commission encourages solid waste collection companies to develop programs intended to increase recycling. The commission will, among other things, consider whether a proposed program:

(a) Provides an incentive to the party who controls the actions or behaviors that the program intends to change;

(b) Defines measurable outcomes reasonably attributable to the proposed program; and

(c) May have any unintended results or consequences.

(2) **Recycling credits or charges.** Companies that estimate the revenue from the sale of recyclable materials collected in residential curbside programs as part of a deferred accounting program to return recycling revenues or charges to customers must use the most recent twelve-month historical period to estimate the revenue for the next twelve months.
