

WAC 82-12-030 Agency head to determine benefit and validity. It shall be the responsibility of the agency head having jurisdiction over lands to be assessed, or his duly authorized representative, to appear for the state of Washington in all assessment district hearings or otherwise insure that proposed improvements will specially benefit state-owned lands, that the proposed costs are just and equitable, and that the improvement is within the intent of the statutes governing that land.

[Order I, Regulation 3, filed 12/7/64.]
