14 (1) Any county that is part of a multicounty authority, pursuant to
15 RCW 70.94.053, may withdraw from the multicounty authority after

18 withdrawing county shall:

19 (a) Create its own single county authority;

20 (b) Join another existing multicounty authority with which its

1 (3) In order to effectuate any of the alternate arrangements in
2 subsection (1) of this section, the procedures of this chapter to
3 create an air pollution control authority shall be met and the actions
4 must be taken at least six months prior to the effective date of
5 withdrawal. The rules of the original multicounty authority shall
6 continue in force for the withdrawing county until such time as all
7 conditions to create an air pollution control authority have been met.

8 (4) At the effective date of a county's withdrawal, the remaining
9 counties shall reorganize and reconstitute the legislative authority
10 pursuant to this chapter. The air pollution control regulations of the
11 existing multicounty authority shall remain in force and effect after
12 the reorganization.

13 (5) If a county elects to withdraw from an existing multicounty
14 authority, the air pollution control regulations shall remain in effect
15 for the withdrawing county until suspended by the adoption of rules,
16 regulations, or ordinances adopted under one of the alternatives of
17 subsection (1) of this section. A county shall initiate proceedings to
18 adopt such rules, regulations, or ordinances on or before the effective
