

2378-S

Sponsor(s): House Committee on Agriculture & Ecology (originally sponsored by Representatives Chandler, Mastin, Schoesler, Dyer, Elliot, Johnson, B. Thomas, Thompson and Mulliken)

Brief Description: Revising regulations concerning reclaimed water.

HB 2378-S - DIGEST

(AS OF HOUSE 2ND READING 2/9/96)

Authorizes the use of reclaimed water that does not meet the ground water recharge criteria for surface percolation where DOE, in consultation with DOH, has specifically authorized such use.

Requires a report on the program by December 15, 1996.
