Brief Description: Establishing a pet population control program.

SB 6140 - DIGEST

(SEE ALSO PROPOSED 1ST SUB)

Authorizes the issuance of special license plates and directs the proceeds from sale of the plates into the pet population control account.

Directs the secretary of state to establish a pet population control program to provide for low-cost spaying and neutering services.

Authorizes reimbursement to veterinarians for providing the services to pets of eligible individuals.

Requires a report by December 15, 1997, on the operation of the program.
