10 On page 12, beginning on line 20, after "accommodations" strike ",
11 within the scope of its license or contract,"

12 EFFECT: Ensures that "reasonable accommodation" of residents is
13 consistent with the federal ADA definition and is not modified by
14 reference to scope of license or contract. The ADA would not require
15 facilities to exceed their licensure scope or contractual obligations
16 but would allow for specialization of services which may be less than
17 the scope of their license would allow.
