Brief Title: Providing for licensing and inspection of boilers and unfired pressure vessels.

**SB 6743 - DIGEST**

Finds that there is a state-wide need for uniformity in the licensing of operators of boilers and unfired pressure vessels. The board of boiler rules is authorized to adopt rules and regulations necessary for licensing operators of boilers and unfired pressure vessels.

Declares that it is unlawful to have charge of, operate, or permit any one to have charge of, or operate any boiler within the state without first obtaining a license issued as required by this act.
