By Senator Hale

ADOPTED 02/27/02

1 On page 5, after line 37, insert the following:

2 "(8) Within two hundred days of the effective date of a rule of the
3 type described in subsection (6) of this section, an agency shall make
4 a good faith effort to notify businesses affected by the rule of the
5 requirements of the rule and how to obtain technical assistance to
6 comply. For purposes of this section, "good faith" means: (1) The
7 agency at least notifies businesses in the standard industrial
8 classifications or their successor identified in the rule-making file
9 as businesses affected by the rule that are registered with the
10 department of revenue; or (2) For rules imposing additional
11 requirements on persons or firms licensed, registered, or operating
12 under a permit, the agency notifies those persons or firms holding the
13 license, registration or permit. The notification shall announce the
14 rule change, briefly summarize the rule change, and include a contact
15 for more information. Notification may be by individual notice, agency
16 bulletins or newsletters, or any other means that will reasonably
17 inform affected businesses. Failure to notify a specific business
18 under this section does not invalidate a rule or waive the requirement
19 to comply with the rule."

20 Renumber the sections consecutively and correct any internal
21 references accordingly.
