2 work force stakeholders to address the health care personnel shortage;  
3 amending RCW 28B.115.070 and 28B.115.090; adding a new section to  
4 chapter 28C.18 RCW; creating a new section; and repealing RCW  
5 28B.125.005, 28B.125.010, 28B.125.020, and 28B.125.030.

6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

7       NEW SECTION. **Sec. 1.** The legislature finds and declares:

8       (1) There is a severe shortage of health care personnel in  
9 Washington state;

10       (2) The shortage contributes to increased costs in health care and  
11 threatens the ability of the health care system to provide adequate and  
12 accessible services;

13       (3) The current shortage of health care personnel is structural  
14 rather than the cyclical shortages of the past, and this is due to  
15 demographic changes that will increase demand for health care services;

16       (4) An increasing proportion of the population will reach  
17 retirement age, and an increasing proportion of health care personnel  
18 will also reach retirement age; and

1 (5) There should be continuing collaboration among health care work  
2 force stakeholders to address the shortage of health care personnel.

3 NEW SECTION. **Sec. 2.** A new section is added to chapter 28C.18 RCW  
4 to read as follows:

5 The board shall:

6 (1) Facilitate ongoing collaboration among stakeholders in order to  
7 address the health care personnel shortage;

8 (2) In collaboration with stakeholders, establish and maintain a  
9 state strategic plan for ensuring an adequate supply of health care  
10 personnel that safeguards the ability of the health care delivery  
11 system in Washington state to provide quality, accessible health care  
12 to residents of Washington; and

13 (3) Report to the governor and legislature by December 31, 2004,  
14 and by December 31, 2006, on progress on the state plan and make  
15 additional recommendations as necessary.

16 **Sec. 3.** RCW 28B.115.070 and 1991 c 332 s 20 are each amended to  
17 read as follows:

18 After June 1, 1992, the department, in consultation with the board  
19 and the department of social and health services, shall:

20 (1) Determine eligible credentialed health care professions for the  
21 purposes of the loan repayment and scholarship program authorized by  
22 this chapter. Eligibility shall be based upon an assessment that  
23 determines that there is a shortage or insufficient availability of a  
24 credentialed profession so as to jeopardize patient care and pose a  
25 threat to the public health and safety. The department shall consider  
26 the relative degree of shortages among professions when determining  
27 eligibility. ~~((This determination shall be based upon health  
28 professional shortage needs identified in the health personnel resource  
29 plan authorized by RCW 28B.125.010.))~~ The department may add or remove  
30 professions from eligibility based upon the determination that a  
31 profession is no longer in shortage ~~((as determined by the health  
32 personnel resource plan))~~. Should a profession no longer be eligible,  
33 participants or eligible students who have received scholarships shall  
34 be eligible to continue to receive scholarships or loan repayments  
35 until they are no longer eligible or until their service obligation has  
36 been completed;

1 (2) Determine health professional shortage areas for each of the  
2 eligible credentialed health care professions.

3 **Sec. 4.** RCW 28B.115.090 and 1991 c 332 s 22 are each amended to  
4 read as follows:

5 (1) The board may grant loan repayment and scholarship awards to  
6 eligible participants from the funds appropriated for this purpose, or  
7 from any private or public funds given to the board for this purpose.  
8 Participants are ineligible to receive loan repayment if they have  
9 received a scholarship from programs authorized under this chapter or  
10 chapter (~~((28B.104 or))~~) 70.180 RCW or are ineligible to receive a  
11 scholarship if they have received loan repayment authorized under this  
12 chapter or chapter (~~((18.150))~~) 28B.115 RCW.

13 (2) Funds appropriated for the program, including reasonable  
14 administrative costs, may be used by the board for the purposes of loan  
15 repayments or scholarships. The board shall annually establish the  
16 total amount of funding to be awarded for loan repayments and  
17 scholarships and such allocations shall be established based upon the  
18 best utilization of funding for that year (~~((and based upon the health  
19 personnel resource plan authorized in RCW 28B.125.010))~~).

20 (3) One portion of the funding appropriated for the program shall  
21 be used by the board as a recruitment incentive for communities  
22 participating in the community-based recruitment and retention program  
23 as authorized by chapter 70.185 RCW; one portion of the funding shall  
24 be used by the board as a recruitment incentive for recruitment  
25 activities in state-operated institutions, county public health  
26 departments and districts, county human service agencies, federal and  
27 state contracted community health clinics, and other health care  
28 facilities, such as rural hospitals that have been identified by the  
29 department, as providing substantial amounts of charity care or  
30 publicly subsidized health care; one portion of the funding shall be  
31 used by the board for all other awards. The board shall determine the  
32 amount of total funding to be distributed between the three portions.

33 NEW SECTION. **Sec. 5.** The following acts or parts of acts are each  
34 repealed:

35 (1) RCW 28B.125.005 (Intent) and 1991 c 332 s 4;
