Brief Description: Providing tax incentives for solar energy systems.

SB 6132-S - DIGEST

(AS OF SENATE 2ND READING 3/4/04)

Declares an intent to enact comprehensive tax incentives for the solar electric industry that address activities of the manufacture of these products and to encourage these industries to locate in counties with high unemployment. Tax incentives for the solar electric industry are important in both retention and expansion of existing business and attraction of new businesses, all of which will strengthen this growth industry within our state, will create jobs, and will bring many indirect benefits to the state.
