1 On page 4, after line 5, insert the following:

2 "(7) Annually, the department shall adjust each combined  
3 disposable income amount and each valuation amount in this section  
4 to reflect inflation. The department shall round the adjusted  
5 amounts to the nearest thousand dollars. The adjusted amounts  
6 apply for taxes due the following year. For the purposes of this  
7 section, "inflation" means the change in the implicit price  
8 deflator for personal consumption expenditures for the United  
9 States, as published by the bureau of economic analysis of the  
10 federal department of commerce."

**EFFECT:** Requires the income thresholds to be increased annually by inflation.
