STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

1. ARRANGEMENT OF THE REGISTER

Documents are arranged within each issue of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence within an issue's material.

2. PROPOSED, ADOPTED, AND EMERGENCY RULES OF STATE AGENCIES AND INSTITUTIONS OF HIGHER EDUCATION

The three types of rule-making actions taken under the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW) may be distinguished by the size and style of type in which they appear.

- (a) **Proposed rules** are those rules pending permanent adoption by an agency and set forth in eight point type.
- (b) **Adopted rules** have been permanently adopted and are set forth in ten point type.
- (c) **Emergency rules** *have been adopted on an emergency basis and are set forth in ten point oblique type.*

3. PRINTING STYLE—INDICATION OF NEW OR DELETED MATTER

RCW 34.04.058 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined matter is new matter;
 - (ii) ~~deleted matter is ((lined out and bracketed between double parentheses))~~;
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

4. EXECUTIVE ORDERS, COURT RULES, NOTICES OF PUBLIC MEETINGS

Material contained in the Register other than rule-making actions taken under the APA or the HEAPA does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

5. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules take effect thirty days after the rules and the agency order adopting them are filed with the code reviser. This effective date may be delayed, but not advanced, and a delayed effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser and remain effective for a maximum of ninety days from that date.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

6. EDITORIAL CORRECTIONS

Material inserted by the code reviser for purposes of clarification or correction or to show the source or history of a document is enclosed in brackets [].

7. INDEX AND TABLES

A combined subject matter and agency index and a table of WAC sections affected may be found at the end of each issue.

AMENDATORY SECTION (Amending Order 76-38, filed 12/20/76)

WAC 296-45-65003 **SCOPE AND APPLICATION.** (1) *The work for which this chapter is enacted is a specialized type of construction work and, insofar as it is specialized, such operations, procedures and work require a particular type of rule or regulation which is generally embodied within this chapter. The purpose of this chapter shall be to avoid those hazards peculiar to the industry, the purpose for which this chapter is designed and this chapter shall include employees and employers whose business and work include power distribution and transmission lines, and tree trimming. The standards apply to all such construction work of an electrical nature regardless of the general nature of the business. The criterion for application of this chapter shall be the nature of the particular work to be or which is being performed. That work which is intended to be encompassed within the provisions of the mandatory and recommended provisions of this chapter shall include that work, conditions, practices, means, operations and processes performed at or on power distribution and transmission line installations, regardless of location, whether such installation for power distribution is (are) above ground or below ground, and shall include such adjacent and supporting structures as are fairly encompassed by these regulations.*

Generally, the nature of the work will be such that industrial insurance premiums could reasonably be said to be reportable, (as of the effective date of this chapter) under WAC 296-17-521 (Class 5-8); WAC 296-17-522 (Class 6-1); ((and)) WAC 296-17-539 (Class 13-1); and WAC 296-17-506 (Class 1-6). This guideline applies insofar as said class either directly or indirectly is related to the construction, erection, maintenance, repair, alteration, or other operation involving power distribution and transmission lines.

(2) *Communication lines and work directed communication lines as defined in chapter 296-32 WAC (Safety Rules for Telecommunications) are subject to the provisions of chapter 296-32 WAC and are not encompassed within the scope of this chapter.*

(3) *These standards shall apply to installations under the exclusive control of electric utilities used for the purpose of communications or metering, or for generation, control, transformation, transmission, and distribution of electric energy, which are located in buildings used exclusively by the electric utilities for such purposes, or located outdoors on property owned or leased by the electric utilities or on public highways, streets, roads, etc., or outdoors by established rights on private property.*

(4) *Operation, conditions, work methods and other work related situations or activities not specifically covered by this chapter are subject to the rules and regulations of chapter 296-24 WAC, General Safety and Health Standards; chapter 296-62 WAC, General Occupational Health Standards; chapter 296-155 WAC,*

Safety Standards for Construction Work; and, insofar as applicable to employee safety and health, RCW 19.29. Additionally, operations, conditions, work methods and other work related situations or activities may be subject to additional rules and regulations depending upon the nature of the work being performed.

(5) Under certain circumstances, an employer may obtain a variance from the Director of the Department of Labor and Industries or his authorized representative. Until such time as a variance is granted, the employer and employees must comply with the mandatory provisions of this chapter. The procedure and requirements for variances are found in WAC 296-350-200 through WAC 296-350-280.

(6) These rules shall not apply to the use of existing electrical installations during their lifetime, provided they are maintained in good condition and in accordance with the applicable safety factor requirements and the rules in effect at the time they were installed, and provided that reconstruction shall conform to the rules as herein provided.

(7) Any rule, regulation or standard contained within this chapter, if subject to interpretation, shall be interpreted so as to achieve employee safety, which is the ultimate purpose of this chapter.

(8) Should a rule or standard contained within this chapter conflict, in any manner, with a standard or rule contained within a general (horizontal) chapter, the standard or rule contained herein shall apply so long as the work being done is electrical work involving power distribution and transmission lines. Should a standard or rule contained within this chapter conflict, in any manner, with a standard or rule contained within a specialized (vertical) chapter (one which applies to a particular type of work), the standard or rule contained herein shall apply as long as the work being performed involves power distribution and transmission lines as hereinbefore defined. Should there be a conflict between two or more standards or rules contained within this chapter, the standard or rule which affords the worker greater safety shall apply.

(9) Neither the promulgation of these rules, nor anything contained in these rules shall be construed as affecting the relative status or civil rights or liabilities between employers and their employees and/or the employees of others and/or the public generally; nor shall the use herein of the words "duty" and "responsibility" or either, import or imply liability other than provided for in the industrial insurance and safety laws of the State of Washington, to any person for injuries due to negligence predicated upon failure to perform or discharge any such "duty" or "responsibility," but failure on the part of the employees, foreman, or employer to comply with any compulsory rules may be cause for the Department of Labor and Industries to take action in accordance with the industrial insurance and safety laws.

(10) "Shall" and "must" as used in this chapter make the provisions mandatory. "Should," "may," or "it is recommended" are used to indicate the provisions are not mandatory but are recommended.

(11) If any section, subsection, phrase, or provisions of this chapter or part thereof should be held invalid by any

court for any reason, such invalidity shall not in any way affect the validity of the remainder of this chapter, unless such decision renders the remainder of the provision unintelligible, or changes the meaning of such other provision or provisions.

(12) When the language used in this chapter indicates that it is the responsibility, duty, or obligation of the foreman or other employee, it shall also be the employer's responsibility, obligation, and duty.

Whenever this chapter refers to the provisions of another safety and health standard or statute affecting safety and health, such reference refers to the statute or code in effect at the time the work is being performed.

Reviser's Note: RCW 34.04.058 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

(iii) An indirect contact can be made through conductive tools, tree branches, truck equipment, or other objects, or as a result of communications wires, cables, fences, or guy wires being accidentally energized.

(iv) Electric shock will occur when an employee, by either direct or indirect contact with an energized conductor, energized tree limb, tool, equipment, or other object, provides a path for the flow of electricity to a grounded object or to the ground itself. Simultaneous contact with two energized conductors will also cause electric shock which may result in serious or fatal injury.

(c) Before any work is performed in proximity to energized conductors, the system operator/owner of the energized conductors shall be contacted to ascertain if he knows of any hazards associated with the conductors which may not be readily apparent. This rule does not apply when operations are performed by the system operator/owner.

(2) Working in proximity to electrical hazards. (a) Employers shall ensure that a close inspection is made by the employee and by the foreman or supervisor in charge before climbing, entering, or working around any tree, to determine whether an electrical power conductor passes through the tree, or passes within reaching distance of an employee working in the tree. If any of these conditions exist either directly or indirectly, an electrical

hazard shall be considered to exist unless the system operator/owner has caused the hazard to be removed by deenergizing the lines, or installing protective equipment.

(b) Only employees or trainees, familiar with the special techniques and hazards involved in line clearance, shall be permitted to perform the work if it is found that an electrical hazard exists.

(c) During all tree working operations aloft where an electrical hazard of more than 750 volts exists, there shall be a second employee or trainee qualified in line clearance tree trimming within normal voice communication.

(d) Where tree work is performed by employees qualified in line-clearance tree trimming and trainees qualified in line-clearance tree trimming, the clearances from energized conductors given in Table 2 shall apply.

TABLE 2

Minimum Working Distances From Energized Conductors For Line-Clearance Tree Trimmers and Line-Clearance Tree-Trimner Trainees

Voltage Range (Phase to Phase) (kilovolts)	Minimum Working Distance
2.1 to 15.0	2 ft. 0 in.
15.1 to 35.0	2 ft. 4 in.
35.1 to 46.0	2 ft. 6 in.
46.1 to 72.5	3 ft. 0 in.
72.6 to 121.0	3 ft. 4 in.
138.0 to 145.0	3 ft. 6 in.
161.0 to 169.0	3 ft. 8 in.
230.0 to 242.0	5 ft. 0 in.
345.1 to 362.0	7 ft. 0 in.
500.0 to 552.0	11 ft. 0 in.
700.0 to 765.0	15 ft. 0 in.

(e) Branches hanging on an energized conductor may only be removed using insulated equipment by a qualified electrical worker.

(f) Rubber footwear, including lineman's overshoes, shall not be considered as providing any measure of safety from electrical hazards.

(g) Ladders, platforms, and aerial devices, including insulated aerial devices, shall not be brought in contact with an electrical conductor. Reliance shall not be placed on their dielectric capabilities.

(h) When an aerial lift device contacts an electrical conductor, the truck supporting the aerial lift device shall be considered as energized.

(3) Storm work and emergency conditions. (a) Since storm work and emergency conditions create special hazards, only authorized representatives of the electric utility system operator/owner and not telecommunication workers may perform tree work in these situations where energized electrical power conductors are involved.

(b) When an emergency condition develops due to tree operations, work shall be suspended and the system operator/owner shall be notified immediately.

(1) In order to provide for enforcement of RCW 69.41.100 through RCW 69.41.180 and to protect the public health and safety when generic drugs are substituted for brand name drugs pursuant to chapter 110, Laws of 1979, drug products which are offered for sale by, or stored at the premises of, any manufacturer, distributor, wholesaler or pharmacy location must have an approved new drug application (NDA) or abbreviated new drug application (ANDA) designation by the Federal Food and Drug Administration pursuant to 21 USC 355 unless they are exempt from the requirements for such a designation.

(3) In order to provide for enforcement of RCW 69.41.100 through RCW 69.41.180 and to protect the public health and safety drug products offered for sale by, or stored at the premises of, a manufacturer, wholesaler, distributor or pharmacy location which do not have the required NDA or ANDA, or exemption therefrom referenced in paragraph (1) above, are hereby declared to be contraband and subject to surrender to and destruction by the Washington State Board of Pharmacy. This surrender and destruction shall take place as specified below.

(3) ~~((Upon receipt by the board of (1) a certification from the Federal Food and Drug Administration that a specific drug does not have the NDA and ANDA required by 21 USC 355 and that it is not exempt from the requirement of such a designation, and (2) an investigative report verifying that a stock of the drug product which is the subject of the certification from the Federal Food and Drug Administration is being offered for sale, or stored at the premises of, a manufacturer, wholesaler, distributor or pharmacy location within Washington State, the Board of Pharmacy shall direct such of its investigative personnel as it deems necessary to proceed to~~

Upon receipt of this confirmation, the board shall direct such of its investigative personnel as it deem necessary to proceed to the premises of the manufacturer, wholesaler, distributor or pharmacy location and to then inform the owner, or person in charge, of the contraband status of the drugs in question.

~~((4))~~ (5) The Pharmacy Board investigative personnel shall offer the owner, or person in charge, of the premises at which the drug products are being kept the opportunity to immediately voluntarily surrender to the board all stocks of the drug products whether kept at the premises of the manufacturer, wholesaler, distributor, or pharmacy location, or at any separate storage facility under the control of the manufacturer, wholesaler, distributor or retailer, which are contraband under subsection (2) above. A receipt shall be given to the owner, or person in charge, for all drug products voluntarily surrendered.

~~((5))~~ (6) All drug products voluntarily surrendered pursuant to subsection ~~((4))~~ (5) above shall be destroyed by the Board of Pharmacy unless they are ordered returned to the manufacturer, wholesaler, distributor or pharmacy location by order of a court of competent jurisdiction. ~~((6))~~ (7) Retention, dispensing, promotion or advertisement, of any drug products by a manufacturer, wholesaler, distributor or pharmacy location, either at their business premises or at any separate storage facility after notification of their contraband status under subsection (2) above shall constitute a direct and immediate danger to the public health and safety and will be good and sufficient cause for the immediate summary suspension and subsequent revocation of any license issued by the Board of Pharmacy to the manufacturer, wholesaler, distributor or pharmacy location and will also constitute good and sufficient cause for revocation of any license issued by the Board of Pharmacy to the owner of any manufacturer, wholesaler, distributor or

pharmacy location or any person in charge thereof who knowingly retains, dispenses, promotes or advertises, any drug products which are contraband under subsection (2) above after notification of their status.

AMENDATORY SECTION (Amending Order ET 76-4, filed 11/12/76)

WAC 458-20-192 (RULE 192) INDIANS—INDIAN RESERVATIONS.

DEFINITIONS

The term "Indian reservation," as used herein, means all lands, notwithstanding the issuance of any patent, within the exterior boundaries of areas set aside by the United States for the exclusive use and occupancy of Indian tribes by treaty, law, or executive order and which are areas ((are)) currently recognized as "Indian reservations" by the United States Department of the Interior.

The following Washington reservations are the only "Indian reservations" currently recognized as such by the United States Department of Interior: Chehalis, Colville, Hoh, Kalispell, Lower Elwha, Lummi, Makah, Muckleshoot, Nisqually, Nooksack, Ozette, Port Gamble, Port Madison, Puyallup, Quileute, Quinault, Shoalwater, Skokomish, Spokane, Squaxin Island, Swinomish, Tulalip, and Yakima.

The term "Indian tribe," as used herein, means any organized Indian nation, tribe, band, or community recognized as an "Indian tribe" by the United States Department of the Interior.

The term "Indian," as used herein, means persons duly registered on the tribal rolls of the Indian tribe occupying an Indian reservation.

NOTE: For purposes of this rule, with respect to determining tax liability regarding any economic transaction or activity, the term "Indian tribe" includes only an Indian tribe upon and within whose Indian reservation such transaction or activity occurs, and the term "Indian" includes only a person duly registered on the tribal rolls of the Indian tribe upon and within whose Indian reservation such transaction or activity occurs.

Under the revenue laws of the state of Washington, the tax liability of Indians and of persons conducting business with Indians is as follows:

BUSINESS AND OCCUPATION TAX

Indians and Indian tribes are not taxable with respect to business conducted by them wholly within an Indian reservation.

No deduction is allowed to others by reason of business conducted with Indians or Indian tribes within an Indian reservation.

RETAIL SALES TAX

Indians and Indian tribes are not subject to the sales tax upon sales to them of tangible personal property or otherwise taxable services which are made wholly within an Indian reservation.

Sales of tangible personal property to Indians or Indian tribes by off-reservation persons are subject to the retail sales tax except where the seller makes actual delivery of the property sold to a point within an Indian reservation.

Sales of taxable services to Indians or Indian tribes are subject to the retail sales tax except where the services are rendered entirely within an Indian reservation.

Sales to persons other than Indians are subject to the retail sales tax irrespective of where delivery or rendition of services takes place. Thus, Indian and Indian tribal retailers are required to collect and remit to the state the retail sales tax upon each taxable sale made by them within an Indian reservation to persons other than Indians.

In order to substantiate the tax-exempt status of a retail sale made within an Indian reservation to an Indian purchaser, unless the purchaser is personally known to the retailer as an enrolled Indian, the retailer shall require presentation of a tribal membership card identifying the purchaser as duly registered on the tribal rolls of an Indian tribe under such lawful criteria as the tribal organization has established. A record shall be retained by the retailer of all tax-exempt sales to support the sales tax deduction on returns filed with the Department, identifying the dollar amount of the sale and indicating the name of the purchaser, tribal affiliation of the purchaser, the Indian reservation to which or within which delivery or rendition of services was made, and the date of sale.

USE TAX

Indians and Indian tribes are not subject to the use tax upon the use of tangible personal property within an Indian reservation. However, Indians and Indian tribes will become liable for the use tax when any such property is placed into actual use outside the Indian reservation, irrespective of the fact that the first use of the property may have been within the reservation.

SPECIAL APPLICATION OF RETAIL SALES TAX AND USE TAX WITH RESPECT TO SALES OF MOTOR VEHICLES OR TRAILERS TO INDIANS AND INDIAN TRIBES. When motor vehicles or trailers sold to Indians or Indian tribes are licensed by the state of Washington at the time of sale, or at any time thereafter, a presumption is raised that such motor vehicles or trailers are for use on the highways of the state of Washington outside the reservation. When motor vehicles or trailers are licensed prior to delivery, dealers are required to collect the retail sales tax in every instance, regardless of delivery point. County Auditors must collect the use tax when Indians or Indian tribes apply for a license or transfer of registration unless the applicant can show that retail sales tax or use tax has previously been paid on the sale or use of the vehicle or trailer by the applicant.

CIGARETTE TAX

Sales of cigarettes to nonIndians by Indians or Indian tribes are subject to the cigarette tax, since the tax is levied upon the nonIndian purchaser and the vendor is obligated to make precollection of the tax. Therefore, Indian or tribal vendors making, or intending to make, sales to nonIndian customers must purchase a stock of cigarettes with Washington state cigarette tax stamps affixed for the purpose of making such sales. However, Indians and Indian tribes may make purchases of unstamped cigarettes from licensed cigarette distributors for resale to qualified purchasers. For purposes of this rule, "qualified purchaser" means (1) an Indian purchasing for resale within the reservation to other Indians, and (2) an Indian purchasing solely for his or her use other than for resale.

Delivery or sale and delivery by any person of unstamped cigarettes to Indians or tribal vendors for sale to qualified purchasers may be made only in such quantity as is approved in advance by the Department of Revenue. Approval for delivery will be based upon evidence of a valid purchase order of a quantity reasonably related to the probable demand of qualified purchasers in the trade territory of the vendor. Evidence submitted may also consist of verified record of previous sales to qualified purchasers, the probable demand as indicated by average cigarette consumption for the number of qualified purchasers within a reasonable distance of the vendor's place of business, records indicating the percentage of such trade that has historically been realized by the vendor, or such other statistical evidence submitted in support of the proposed transaction. In the absence of such evidence the department may restrict total deliveries of unstamped cigarettes to any reservation or

to any Indian or tribal vendor thereon to a quantity reasonably equal to the national average cigarette consumption per capita, as compiled for the most recently completed calendar or fiscal year by the Tobacco Tax Institute, multiplied by the resident enrolled membership of the affected tribe. Any delivery, or attempted delivery, of unstamped cigarettes to an Indian or tribal vendor without advance approval by the department will result in the treatment of those cigarettes as contraband and subject to seizure and in addition the person making or attempting such delivery will be held liable for payment of the cigarette tax and penalties. Approval for sale or delivery to Indian or tribal vendors of unstamped cigarettes will be denied where the department finds that such Indian or tribal vendors are or have been making sales in violation of this rule.

Delivery of unstamped cigarettes by a licensed distributor to Indians or Indian tribes must be by bonded carrier or the distributor's own vehicle to the Indian reservation. Delivery of unstamped cigarettes at the distributor's dock or place of business or any other off-reservation location is prohibited.

EFFECTIVE DATE

This rule is effective immediately, provided that for any application of this rule with respect to which a stay or injunction has been previously obtained, the rule shall become effective immediately upon the removal or dissolution of any such applicable stay or injunction.

Revised ((November 12, 1976)) July 1, 1980.

WAC 458-20-192 (RULE 192) INDIANS—INDIAN RESERVATIONS.

DEFINITIONS

The following Washington reservations are the only "Indian reservations" currently recognized as such by the United States Department of Interior: Chehalis, Colville, Hoh, Kalispell, Lower Elwha, Lummi, Makah, Muckleshoot, Nisqually, Nooksack, Ozette, Port Gamble, Port Madison, Puyallup, Quileute, Quinault, Shoalwater, Skokomish, Spokane, Squaxin Island, Swinomish, Tulalip, and Yakima.

NOTE: For purposes of this rule, with respect to determining tax liability regarding any economic transaction or activity, the term "Indian tribe" includes only an Indian tribe upon and within whose Indian reservation such transaction or activity occurs, and the term "Indian" includes only a person duly registered on the tribal rolls of the Indian tribe upon and within whose Indian reservation such transaction or activity occurs.

Under the revenue laws of the state of Washington, the tax liability of Indians and of persons conducting business with Indians is as follows:

BUSINESS AND OCCUPATION TAX

Indians and Indian tribes are not taxable with respect to business conducted by them wholly within an Indian reservation.

No deduction is allowed to others by reason of business conducted with Indians or Indian tribes within an Indian reservation.

Sales to persons other than Indians are subject to the retail sales tax irrespective of where delivery or rendition of services takes place. Thus, Indian and Indian tribal retailers are required to collect and remit to the state the retail sales tax upon each taxable sale made by them within an Indian reservation to persons other than Indians.

In order to substantiate the tax-exempt status of a retail sale made within an Indian reservation to an Indian purchaser, unless the purchaser is personally known to the retailer as an enrolled Indian, the retailer shall require presentation of a tribal membership card identifying the purchaser as duly registered on the tribal rolls of an Indian tribe under such lawful criteria as the tribal organization has established. A record shall be retained by the retailer of all tax-exempt sales to support the sales tax deduction on returns filed with the Department, identifying the dollar amount of the sale and indicating the name of the purchaser, tribal affiliation of the purchaser, the Indian reservation to which or within which delivery or rendition of services was made, and the date of sale.

However, Indians and Indian tribes will become liable for the use tax when any such property is placed into actual use outside the Indian reservation, irrespective of the fact that the first use of the property may have been within the reservation.

WAC 260-60-120 DISCLOSURE OF INCUMBRANCES—((UNPAID STUD FEES)) ENTRY OF MARE IN FOAL IN A CLAIMING RACE. The conditions of any mortgage or lien against a horse must be filed with the racing commission before a horse is entered, and if the animal is leased this fact must be fully disclosed. ~~((No mare shall be entered in a claiming race where there are any unpaid stud fees against her.))~~ No person shall enter a mare in a claiming race when such mare is pregnant, unless prior to the time of entry the owner shall have deposited with the racing secretary a signed agreement providing that the owner will at the time of entry provide for the successful claimant of such mare, without cost, protest, or fee of any kind, a valid stallion service certificate covering the breeding of the mare. A successful claimant of a mare may file with the commission a petition for rescission of the claim if it is determined the claimed mare is pregnant and the agreement concerning the stallion service certificate was not deposited as required by this section.

AMENDATORY SECTION (Amending Order 74.1, filed 5/22/74, effective 7/1/74)

WAC 260-70-140 HYPODERMIC INSTRUMENTS. Except by specific written permission of the stewards, no person within the grounds of a racing association where horses are lodged or kept shall have in or upon the premises which he occupies ~~((of-for))~~, or has the right to occupy, or in his personal property or effects, any hypodermic instrument which may be used for injection into a horse of any medication prohibited by this rule. Every racing association ~~((, upon the grounds of which race horses are lodged or kept.))~~ is required to use all reasonable efforts to prevent the violation of this rule upon its grounds. ~~((Every racing association, the commission and the stewards, or any of them, shall have the right to authorize a person or persons to enter, search and inspect the buildings, stables, rooms or other places within the grounds of such association or at other places where horses which are eligible to race are kept, together with the personal property and~~

effects contained therein. Every licensed person and person permitted to pursue his occupation or employment within the grounds of any association, by accepting his license or such permission, shall consent to such search and to the seizure of any hypodermic instrument and anything apparently intended to be used in connection therewith:))

NEW SECTION

WAC 260-20-075 FIREARMS PROHIBITED ON ASSOCIATION GROUNDS. Each racing association shall exclude from its grounds any person found to have firearms in his possession, except security personnel employed by the association or commission and law enforcement officers. Any licensee or permit holder who brings firearms onto the grounds of any racing association, except security personnel and law enforcement officers, may be subject to revocation or suspension of such license or permit, and any other authorized penalty the stewards may deem necessary.

NEW SECTION

WAC 260-36-180 CONSENT TO SEARCH. In order to protect the integrity of horseracing and to protect the interests of the public, any person who accepts a license or occupational permit from the commission and enters upon the grounds of a racing association is deemed to have given consent, subject to the provisions of this section, to a search of his person, effects, and/or any premises which that person may occupy or have the right to occupy upon the grounds. The commission and its stewards, and each racing association shall have the right to authorize personnel to conduct such searches. A licensee's or permit holder's person, effects, or premises may be searched upon the grounds when a person authorized to conduct such searches has reasonable grounds to believe that the licensee or permit holder has in his possession prohibited material or illicit devices; including, but not limited to, prohibited drugs or medication, controlled substances, nonauthorized hypodermic instruments, illicit mechanical or electric devices, and weapons. When possible such searches shall be conducted in a manner to avoid undue intrusion of privacy, but a dispute as to the appropriate conditions for a search shall not be grounds for failing to permit an otherwise appropriate search. Failure to permit a search as authorized herein shall result in revocation of the person's license or permit upon receipt by the commission of a sworn statement that a search was so refused. All persons to be searched shall be advised that failure to permit a search will result in revocation of their license or permit. Upon receipt of a sworn statement that a search has been refused, the commission or board of stewards shall inform the licensee or permit holder in writing that their license or permit has been revoked.

PROPOSED RULES

HORSE RACING COMMISSION

[Filed September 29, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Washington Horse Racing Commission intends to adopt, amend, or repeal rules relating to the adoption of WAC 260-70-022, relating to standards for administration of medication; amending WAC 260-70-010, relating to definition of terms; WAC 260-70-170 relating to the veterinarians' report; and repealing WAC 260-70-021, relating to standards for the administration of medication; WAC 260-70-090, relating to permitted medication; WAC 260-70-100, relating to penalties for the misuse of permitted medication. The rules proposed for adoption, amendment and repeal in this notice would, if promulgated, establish a "no medication" program for horses raced at licensed meets. By separate notice filed this date with the Code Reviser the Washington Horse Racing Commission is also giving notice that it intends to also consider at its December 4, 1980, meeting rule changes

which would establish an alternative medication program not as restrictive as a "no medication" program, but more controlled than current medication rules;

and that the adoption, amendment, or repeal of such rules will take place at 11:00 a.m., Thursday, December 4, 1980, in the Sea-Tac Red Lion Inn, 18740 Pacific Highway South, Seattle, WA.

The authority under which these rules are proposed is RCW 67.16.020 and 67.16.040.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to November 27, 1980, and/or orally at 11:00 a.m., Thursday, December 4, 1980, Sea-Tac Red Lion Inn, 18740 Pacific Highway South, Seattle, WA.

STATEMENT OF PURPOSE

WAC 260-70-022 is proposed for adoption; WAC 260-70-010 and 260-70-170 are proposed for amendment and WAC 260-70-021, 260-70-090 and 260-70-100 are proposed for repeal by notice filed with the Code Reviser this date.

These rules adoptions, amendments, and repealers are proposed pursuant to RCW 67.16.020 and 67.16.040 under the general rule-making authority of the Washington Horse Racing Commission. These rule amendments are intended to establish a "no medication" program for horses raced at licensed meets in this state. WAC 260-70-022 would limit medication to vitamins and nutritional aids, and impose penalties for use of any other drugs or medication. WAC 260-70-010, relating to definition of terms, and WAC 260-70-170, relating to the veterinarians' report, are to be amended to delete references to permitted medication, which would no longer be applicable under the proposed WAC 260-70-022. WAC 260-70-021, relating to standards for the administration of medication; WAC 260-70-090, relating to permitted medication; and WAC 260-70-100, relating to penalties for the misuse of permitted medication, are proposed to be repealed as there would no longer be a program of permitted medication under WAC 260-70-022.

By separate notice filed this date with the Code Reviser the Washington Horse Racing Commission has also given notice that it also intends to consider rule changes which would establish an alternative medication program not as restrictive as a "no medication" program, but more controlled than current medication rules.

Arthur Drovetto, Executive Secretary, Suites B and C, 210 East Union Avenue, Olympia, Washington, 98504 (telephone number (206) 753-3741) and members of

his staff were responsible for the drafting of the proposed rule amendments and are to be responsible for implementation and enforcement of the rules.

The proponent of these rule changes is the Washington Horse Racing Commission.

There are no comments or recommendations being submitted inasmuch as these rule changes are being proposed pursuant to existing statutory authority.

This certifies that copies of this statement are on file with the Commission and available for public inspection, and that three copies of this statement are this date being forwarded to the secretary of the senate and three copies each to the chief clerks of the House of Representatives.

PROPOSED RULES

HORSE RACING COMMISSION

[Filed September 29, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Washington Horse Racing Commission intends to adopt, amend, or repeal rules relating to the amending of WAC 260-70-010 relating to definition of terms; WAC 260-70-021, relating to medication standards; WAC 260-70-090, relating to permitted medication; WAC 260-70-100, relating to penalties for the misuse of permitted medication or foreign substances; WAC 260-70-170, relating to veterinarians' reports; and WAC 260-70-180, relating to improper medication. The rules proposed for amendment in this notice would, if promulgated, establish a more controlled medication program for horses raced at licensed meets than current medication rules. By separate notice filed this date with the Code Reviser the Washington Horse Racing Commission is also giving notice that it intends to also consider at its December 4, 1980 meeting rule changes which would establish a "no medication" program for horses raced at licensed meets; and that the adoption, amendment, or repeal of such rules will take place at 11:00 a.m., Thursday, December 4, 1980, in the Sea-Tac Red Lion Inn, 18740 Pacific Highway South, Seattle, WA.

STATEMENT OF PURPOSE

WAC 260-70-010, 260-70-021, 260-70-090, 260-70-100, 260-70-170 and 260-70-180 are proposed for amendment as indicated in the notice of intention to amend rules filed this date with the Code Reviser.

These rules are proposed for amendment pursuant to RCW 67.16.020 and 67.16.040 under the general rule-making authority of the Washington Horse Racing Commission.

These rule amendments are intended to establish a more controlled medication program for horses raced at licensed meets in this state than provided under current medication rules. The proposed amendments to WAC 260-70-010 add several new definitions of terms. The proposed amendments to WAC 260-70-021 add several new requirements to medication standards for horses, including a more comprehensive treatment of the problem of bleeders, and medication for bleeders. WAC 260-70-090 is proposed to be amended to give greater specificity to acceptable test levels of permitted medication. The amendments to WAC 260-70-100 modify the penalties for misuse of permitted medication, or upon the discovery of foreign substances. The amendments to WAC 260-70-170 require a more comprehensive veterinarian report with respect to the dispensation or use of prohibited drugs. The proposed amendments to WAC 260-70-180 require veterinarians to keep detailed records with respect to the drugs or medications in their possession and provide a penalty for veterinarians who violate the rules with respect to improper medication.

By separate notice filed this date with the Code Reviser the Washington Horse Racing Commission has also given notice that it also intends to consider rule changes which would establish a "no medication" program for horses raced at licensed meets in this state.

Arthur Drovetto, Executive Secretary, Suites B and C, 210 East Union Avenue, Olympia, Washington, 98504 (telephone number (206) 753-3741) and members of his staff were responsible for the drafting of the proposed rule amendments and are to be responsible for implementation and enforcement of the rules.

WAC 260-70-010 DEFINITIONS APPLICABLE TO CHAPTER 260-70 WAC. As used in chapter 260-70 WAC, unless the context clearly requires a different meaning, the following terms shall have the following meanings:

(1) "Permitted medication" or "medication" shall mean and include any substance used to treat, cure, and prevent disease, relieve pain, or

(6) "Foreign substances" shall mean all substances except those which exist naturally in the untreated horse at normal physiological concentration.

(7) "Veterinarian" shall mean a veterinary practitioner authorized to practice on the race track by the racing commission.

(9) "Chemist" shall mean any chemist designated by the commission.

AMENDATORY SECTION (Amending Order 79-02, filed 12/24/79)

WAC 260-70-021 MEDICATION STANDARDS. It shall be the intent of these rules to protect the integrity of horse racing, to guard the health of the horse and to safeguard the interests of the public and the racing participants through the prohibition or control of all drugs and medications or substances foreign to the natural horse. In this context:

(1) No horse shall have in its body any prohibited drug, medication, interfering substance, or foreign substance while participating in a race, except as hereinafter provided.

(2) No person shall administer, attempt to administer, or aid or abet in the administration of, any medication ~~((or)),~~ drug, or foreign substance to a horse on the day of a race in which the horse is entered prior to the race except ~~((in accordance with this rule))~~ as hereinafter provided.

(3) Subject to the provisions of this rule, medication calculated to improve or protect the health of a horse may be administered to a horse in training.

(4) The administration of medication to any entered or eligible horse on its race day, except as hereinafter provided, is prohibited. For the purpose of this rule, the day of the race shall be deemed to commence

((at 9:00 p.m. on the day preceding the race)) twenty-four hours prior to the scheduled post time for the first race.

(5) Nutritional aids, administered orally only, will be permitted at any time, providing that test levels and guidelines for its use have been established by the commission veterinarian.

(6) Only Lasix (Furosemide), and/or conjugated estrogens, will be permitted on race day for the treatment only of horses which have been confirmed as "bleeders" by a ((state)) commission veterinarian. For purposes of this rule a "bleeder" is a horse which ((has bled on the track or immediately thereafter)) during the race or during exercise is observed by a commission veterinarian to be shedding blood from one or both nostrils or is found to have bled internally. The commission veterinarian may request an endoscopic examination of the horse in order to confirm its inclusion on the bleeder list. This endoscopic examination shall be conducted by a veterinarian licensed by the commission and employed by the owner or his agent, and shall be conducted in the presence of the commission veterinarian. This endoscopic examination must be conducted within one hour of the finish of the race or exercise in which the horse participated and bled, and must reveal, to the satisfaction of the commission veterinarian, hemorrhage in the lumen of the respiratory tract. A horse determined to be a bleeder shall remain on the bleeder list and be removed from the bleeder list only upon the direction of the commission veterinarian, who shall certify in writing his recommendation for removal to the stewards. A bleeder horse shipped into this state from another jurisdiction must comply with the procedure outlined above. However, a bleeder horse shipped into this state from another jurisdiction may be placed on the commission's bleeder list provided that the jurisdiction from which it was shipped has qualified it as a bleeder using criteria satisfactory to the commission. The commission shall maintain a list of states meeting such satisfactory criteria. A current certificate setting forth the horses qualifications as a bleeder must be transmitted to the commission stewards at the track in this state to which it is shipped. This being an exception to the general requirements for confirmation as a "bleeder" the stewards shall cause the above described general requirements to be met if there is any doubt as to the certification from another jurisdiction. Lasix (Furosemide) and/or conjugated estrogens shall not be administered within ((four)) five hours of the published post time for the race in which the horse is entered. No listed horse shall race with any substance or diuretic other than Lasix carried in its body. Horses treated with Lasix and/or conjugated estrogens will be subject to blood, as well as urine testing.

When the stewards determine that there are adequate facilities and commission personnel available, a blood sample shall be taken by the commission veterinarian for delivery to the testing laboratory using standard procedure for collection, identification and transmittal as is used in routine testing immediately before treatment of Lasix and/or conjugated estrogens are administered. In all cases where the stewards determine that adequate personnel is available, the administration of bleeder medication shall be witnessed by the commission veterinarian or a helper assigned by him. In all cases, bleeder medication shall be administered by a veterinarian licensed by the commission and employed by the owner of the horse or by his agent and at a dose level recommended by the manufacturer and approved by the commission veterinarian.

When security stalls are determined to be available by the stewards, a horse on the bleeder list must be assigned to prerace security stall not less than five hours prior to scheduled post time for the race in which it is entered. Once placed in the determined security area, a horse shall remain there until it is taken to the paddock to be saddled or harnessed for the race. While in the security area, the horse shall be in the care, custody and control of the trainer or a licensed person assigned by him. The trainer shall be responsible for the condition, care and handling of the horse while it remains in the security area.

(7) Approved nonsteroidal anti-inflammatory drugs (NSAIDs) may be administered to a horse, but not on race day. No more than one of the NSAIDs may be used on or carried in a horse's body at any one time.

(8) Notwithstanding any other provision of this rule, no two-year old horse shall carry in its body while participating in a race any medication, prohibited drug, interfering substance, or foreign substance, including medications defined in WAC 260-70-010 (1) through (4). Vitamins are permitted, however. The provisions of subsection (6) of this section authorizing the stewards to grant permission for use of an approved medication on bleeders shall not be applicable to any two-year old horse. The finding of any medication, prohibited drug, interfering substance, or foreign substance as prohibited herein in a two-

year old horse participating in a race shall disqualify the owner of such horse from participating in the purse distribution; and in addition the stewards may take any further authorized action they may consider ((necessary to preserve the integrity of racing)) under the penalty guidelines set forth in WAC 260-70-100(4).

(9) In the case of delayed-release substances, the time of administration shall be deemed that time at which such medication, drug, or substance is released within the body of a horse.

(10) The permitted test level of phenylbutazone under WAC 260-70-090 shall apply only to those horses on the permitted medication list maintained by the commission. Other horses shall not show traces of phenylbutazone or any other NSAID. A horse on said list shall be removed only by certification by the commission veterinarian to the stewards.

While other nonsteroidal anti-inflammatory drugs, such as Arguel (meclufenamic acid), Equiproxen (Naproxen), and Banamine (flunixin meglumine), are permitted medications except for race day; permitted test levels of these drugs have not been established. Therefore, until such test levels have established for these drugs, no horse shall carry a presence of these NSAIDs in its body while participating in a race.

(11) Horses listed on either the commission's bleeder list or permitted medication list, may be claimed under the provisions of chapter 260-60 WAC for fifteen percent less than horses not so listed. Stewards shall encourage racing associations to indicate on their programs, in an appropriate manner, whether entered horses are on said commission lists.

(12) Since the urinary concentrations of phenylbutazone can be reduced substantially by peak diuresis from Furosemide (Lasix), this concentration change can greatly reduce the reliability of routine screening for phenylbutazone. Therefore, a horse treated by Furosemide (Lasix), or any other diuretic may not be placed on a permitted phenylbutazone program or carry any permissible trace of phenylbutazone in its body while participating in a race.

AMENDATORY SECTION (Amending Order 79-03, filed 5/7/80)

WAC 260-70-090 PERMITTED MEDICATION. Horses using permitted medication under the provisions and conditions of WAC 260-70-021 are subject to all rules in WAC 260-70-021 governing such medication plus these additional rules:

(1) No horse while participating in a race shall carry in its body more than ((165 micrograms per milliliter of urine of phenylbutazone)) a trace of phenylbutazone as hereinafter provided:

(a) The test level of phenylbutazone shall not exceed either 165 micrograms (mcg) per milliliter (ml) of urine, or

(b) Two micrograms (mcg) per milliliter (ml) of plasma.

(2) The foregoing test levels in subsection (1) above are only applicable to tests in which there is not presence of Furosemide (Lasix) or other diuretics. Horses having a presence of Furosemide (Lasix) or other diuretics in their body may not carry in their body the presence of phenylbutazone or other nonsteroidal anti-inflammatory drug while participating in a race.

(3) No horse on a program of permitted medication shall be permitted to race without such medication unless authorized to do so by the stewards or their representative.

AMENDATORY SECTION (Amending Order 79-03, filed 5/7/80)

WAC 260-70-100 PENALTIES RELATING TO MISUSE OF PERMITTED MEDICATION, AND PRESENCE OF FOREIGN SUBSTANCES. (1) Should the laboratory analysis of urine or blood taken from a two-year old horse show the presence of phenylbutazone, another nonsteroidal anti-inflammatory drug (NSAID), Furosemide (Lasix), and/or conjugated estrogens, or any foreign substance, not vitamins, the stewards shall levy the penalties hereinafter described against each person found responsible.

(2) Should the laboratory analysis of urine or blood taken from ((a)) an older horse((, other than a two-year old,)) show the presence of ((more than one approved nonsteroidal anti-inflammatory drug (NSAID) in violation of WAC 260-70-021, or the presence of)) phenylbutazone in excess of the quantities authorized by WAC 260-70-090, or in the company with another nonsteroidal anti-inflammatory drug (NSAID), Furosemide (Lasix); an interfering substance; or the presence of phenylbutazone when the horse is not on the commission's permitted medication list; the stewards shall levy the ((follow-up)) penalties hereinafter described against each person found responsible.

(3) Penalties provided for violations of this section are:

((+))(a) For a first offense within any calendar year, a fine of \$200;

((2))(b) The second offense, within any calendar year, \$500;

((3))(c) For a third offense, within any calendar year, license suspension for one year.

(4) If laboratory analysis of urine or blood taken from a horse shows misuse of permitted medication as specified above the owner of such horse shall not participate in the purse distribution of the race wherein the violation occurred, and shall be denied or shall promptly return any portion of the purse, or sweepstakes, and any trophy in such race and the same shall be distributed as in the case of a disqualification.

(5) If any NSAID is found in the body of a horse which alone or in combination with a second NSAID is of such a quantity so as to interfere with the testing process the penalties for use of a prohibited drug or medication shall apply irrespective of the provisions of this rule.

AMENDATORY SECTION (Amending Order 79-03, filed 5/7/80)

WAC 260-70-170 VETERINARIAN REPORT. Every veterinarian who treats a horse upon the approved grounds shall, in writing on a form prescribed by the commission, report to the commission veterinarian in a manner prescribed by him, the name of the horse treated, the name of the trainer of the horse, the time of treatment, and any other information requested by the commission veterinarian. Detection of any unreported medication, drug, or substance; or failure to detect any permitted medication, drug or substance by the chief chemist in a test may be grounds for disciplinary action. A list of horses on a program of permitted medication shall be kept in the office of the commission and shall be available for public inspection. As a condition of his license, every veterinarian who treats a horse upon approved grounds shall keep a log book recording the dispensation or use (both on and off approved grounds) of any prohibited drug as defined herein showing the name of the horse treated or the persons furnished any drug; the time of treatment of dispensation and the quantity dispensed. Said log books and the remaining amount of prohibited drugs on hand shall be subject to inspection by agents of the commission at reasonable time and places.

AMENDATORY SECTION (Amending Order 74.1, filed 5/22/74, effective 7/1/74)

WAC 260-70-180 IMPROPER MEDICATION. Should the analysis of any urine, saliva, or other sample taken from any horse show the presence of any substance which is the result of any oral, topical, or injected medication which has not been prescribed, administered or dispensed by a veterinarian licensed by the commission, the trainer of the horse or any other person shown to have had the care of or attendance of the horse may be disciplined. Within thirty days after the adoption of this rule, every veterinarian who treats a horse upon approved grounds, shall in writing on a form prescribed by the commission provide inventory of all drugs or medications in his possession on the date of said inventory. Every ten days thereafter, said veterinarian shall likewise provide the commission with a list of all drugs or medications purchased by said veterinarian or otherwise coming into his possession within each subsequent period. NEW SECTION

WAC 391-25-010 PETITION FOR INVESTIGATION OF A QUESTION CONCERNING REPRESENTATION OF EMPLOYEES—WHO MAY FILE. A petition for investigation of a question concerning representation of employees, hereinafter referred to as a "petition," may be filed by any employee, group of employees, employee organization, employer or their agents.

NEW SECTION

WAC 391-25-012 SPECIAL PROVISION—EDUCATIONAL EMPLOYEES. A petition may be filed under chapter 41.59 RCW only by an employee organization or its agents (RCW 41.59.070(1)), or by employees, one of whom shall be designated as agent (RCW 41.59.070(4)).

The original and three copies of the petition shall be filed with the agency at its Olympia office. The party filing the petition shall serve a copy on the employer and on each employee organization named in the petition as having an interest in the proceedings.

NEW SECTION

Each petition filed by an employer shall contain a statement that the employer has been presented with a demand by an organization seeking recognition as the exclusive representative of the employees in the bargaining unit described in the petition. WAC 391-25-110 shall not be applicable to such petitions. Where the status of an incumbent exclusive bargaining representative is questioned, the employer shall attach such affidavits and other documentation as may be available to it to demonstrate the existence of a good faith doubt concerning the representation of its employees.

NEW SECTION

NEW SECTION

The employer shall submit to the commission a list containing the names and last known addresses of all of the employees in the bargaining unit described in the petition. Following administrative determination that the petition is supported by a sufficient showing of interest, the employer shall, upon request, provide a copy of the list of names and addresses to the petitioner. NEW SECTION

WAC 391-25-150 AMENDMENT AND WITHDRAWAL. Any petition may be amended or withdrawn

by the petitioner under such conditions as the executive director or the commission may impose.

NEW SECTION

WAC 391-25-170 INTERVENTION—BY INCUMBENT REPRESENTATIVE. An organization which demonstrates that it has been the exclusive representative of all or any part of the bargaining unit involved in proceedings under this chapter during the year preceding the filing of the petition may, by motion, intervene in the proceedings and, upon granting of its motion for intervention, shall be entitled to participate in the proceedings and to have its name listed as a choice on the ballot in any election. No motion for intervention shall be considered if made after the close of the hearing on the petition or more than seven days after the filing and posting of an election agreement or cross-check agreement.

NEW SECTION

WAC 391-25-210 SHOWING OF INTEREST CONFIDENTIAL. The question of whether a showing of interest requirement for a petition or for intervention has been satisfied is a matter for administrative determination by the agency and may not be litigated at any hearing. The agency shall not disclose the identities of employees whose authorization cards or letters are filed in support of a petition or motion for intervention. In order to preserve the confidentiality of the showing of interest and the right of employees freely to express their views on the selection of a bargaining representative, the agency shall not honor any attempt to withdraw or diminish a showing of interest.

NEW SECTION

WAC 391-25-230 ELECTION AGREEMENTS. Where an employer and all other parties agree on a representation election, they may file an election agreement with the executive director. Such election agreement shall contain:

(1) The name and address of the employer and the name, address and telephone number of its principal representative.

(2) The names and addresses of all other parties participating in the election agreement and the names, addresses and telephone numbers of their principal representatives.

(3) A description of the bargaining unit agreed to be appropriate, specifying inclusions and exclusions, and the number of employees in such unit.

(4) A statement by all parties that: (a) No organization is known which is or may be entitled to intervene as an incumbent representative, or (b) the incumbent representative is a party to the election agreement, or (c) the incumbent representative has abandoned the unit as evidenced by documentation attached to the election agreement.

(5) A statement by all parties that no other organization is known which claims to represent any of the employees in the bargaining unit; that all parties agree that

a question concerning representation exists; that a hearing is waived; and that the agency is requested to proceed to conduct an election and certify the results.

(6) A list, attached to the election agreement as an appendix, containing the names of the employees eligible to vote in the election and the eligibility cut off date for the election. If the parties request that the election be conducted by mail ballot, the list shall include the last known address of each of the employees eligible to vote. If no eligibility cut off date is specified by the parties, the eligibility cut off date shall be the date on which the election agreement is filed.

(7) The suggestions of the parties as to the location, the day or days of the week and the time or times of day for the conduct of the election, or that the election be conducted by mail ballot.

(8) The signatures and, if any, the titles of all parties or their representatives.

The original and one copy of the election agreement shall be filed with the agency at its Olympia office, and copies shall be posted by the employer in conspicuous places on the employer's premises where notices to affected employees are usually posted. The election agreement shall remain posted for at least seven days after it is filed with the agency (ten days after it is deposited in the United States mail addressed to the agency).

Upon the filing of an election agreement conforming to the foregoing requirements and seeking an election in an appropriate bargaining unit, the executive director shall proceed to conduct an election. Objections to the election by a party to the election agreement shall be limited to matters relating to specific conduct affecting the results of the election.

NEW SECTION

WAC 391-25-250 CROSS-CHECK AGREEMENTS. Where only one organization is seeking certification as the representative of unrepresented employees, the employer and the organization may file a cross-check agreement with the executive director. Such cross-check agreement shall contain:

(1) The name and address of the employer and the name, address and telephone number of its principal representative.

(2) The name and address of the organization and the name, address and telephone number of its principal representative.

(3) The description of the bargaining unit agreed to be appropriate, specifying inclusions and exclusions and the number of employees in such unit.

(4) A statement by the parties that no other organization is known which claims to represent any of the employees in the bargaining unit; that the parties agree that a question concerning representation exists; that a hearing is waived; and that the agency is requested to conduct and certify the results of a cross-check of individually signed and dated authorization cards or membership records submitted by the organization against the employment records of the employer.

(5) A list, attached to the cross-check agreement as an appendix, containing the names of the employees in the bargaining unit.

(6) The suggestions of the parties as to the time and place where the records to be cross-checked can be made available to the agency.

(7) The agreement of the parties to be bound by the results of the cross-check.

(8) The signatures and, if any, the titles of the representatives of the parties.

The original and one copy of the cross-check agreement shall be filed with the agency at its Olympia office, and copies thereof shall be posted by the employer in conspicuous places on the employer's premises where notices to affected employees are usually posted. The cross-check agreement shall remain posted for at least seven days after it is filed with the agency (ten days after it is deposited in the United States mail addressed to the agency).

Upon the filing of a cross-check agreement conforming to the foregoing requirements and seeking a cross-check in an appropriate bargaining unit, the executive director shall proceed with the cross-check of records. The cross-check may be conducted at any time following the execution of a cross-check agreement; but no certification shall be issued until seven days have elapsed following the filing and posting of the cross-check agreement. Where a motion for intervention is timely filed and granted, no certification shall be issued on the basis of the cross-check.

NEW SECTION

WAC 391-25-252 SPECIAL PROVISION—EDUCATIONAL EMPLOYEES. WAC 391-25-250 is inapplicable to petitions filed under chapter 41.59 RCW.

NEW SECTION

WAC 391-25-253 SPECIAL PROVISION—ACADEMIC EMPLOYEES. WAC 391-25-250 is inapplicable to petitions filed under chapter 28B.52 RCW.

NEW SECTION

WAC 391-25-270 SUPPLEMENTAL AGREEMENTS. Where the parties are able to agree generally on the matters to be set forth in an election agreement under WAC 391-25-230 or a cross-check agreement under WAC 391-25-250, but are unable to agree on limited issues concerning the definition of the bargaining unit or employee eligibility, they may expedite the determination of the question concerning representation while reserving their disagreement for subsequent determination by filing a supplemental agreement under this rule together with an agreement under WAC 391-25-230 or 391-25-250. Such supplemental agreement shall contain:

(1) The names of all parties to the election agreement or cross-check agreement and the case number of the proceedings.

(2) Identification of the employees or classifications as to which a dispute exists, together with the identification of the position taken by each party on the dispute.

(3) A statement by all parties requesting that employees affected by the supplemental agreement be permitted to vote by challenged ballot or be challenged for

purposes of a cross-check, subject to a subsequent determination of the dispute; and that the certification of the results of the election or cross-check not be withheld pending the determination of the dispute unless the challenges are sufficient in number to affect the outcome.

(4) The signatures and, if any, the titles, of the representatives of the parties.

The original and one copy of the supplemental agreement shall be filed with the agency together with the agreement filed under WAC 391-25-230 or 391-25-250, and shall be posted with such agreement.

Upon the filing of a supplemental agreement, the executive director shall proceed with the determination of the question concerning representation. If the challenges are sufficient in number to affect the outcome, they shall be determined prior to the issuance of a certification. Otherwise, a conditional certification shall be issued which shall be amended upon final disposition of the issues framed in the supplemental agreement.

NEW SECTION

WAC 391-25-290 NOTICE OF HEARING. After a petition has been filed, if it appears to the executive director that there is reasonable cause to believe that a question concerning representation exists, there shall be issued and served on the employer and on all organizations listed in the petition and on any organization having theretofore intervened, a notice of hearing before a hearing officer at a time and place fixed therein. The agency shall furnish the employer with copies of such notice, and the employer shall post them in conspicuous places on its premises where notices to affected employees are usually posted. Any such notice of hearing may be amended or withdrawn before the close of the hearing.

NEW SECTION

WAC 391-25-299 SPECIAL PROVISION—PRIVATE SECTOR EMPLOYEES. The commission lacks authority to proceed in representation disputes under chapter 49.08 RCW absent the agreement of all parties. The executive director shall not proceed in such matters unless an agreement is filed under WAC 391-25-230 or 391-25-250. WAC 391-25-290 through 391-25-390 shall not be applicable to proceedings under chapter 49.08 RCW except for hearings and issues submitted under WAC 391-25-270.

NEW SECTION

WAC 391-25-310 HEARINGS—WHO SHALL CONDUCT. Hearings may be conducted by the commission, by the executive director, by a member of the agency staff or by any other individual designated by the commission or executive director as a hearing officer. At any time, a hearing officer may be substituted for the hearing officer previously presiding.

NEW SECTION

WAC 391-25-330 **AUTHORITY OF HEARING OFFICER.** The hearing officer shall have authority:

- (1) To administer oaths and affirmations;
- (2) To issue subpoenas in the name of the commission;
- (3) To rule on objections to evidence and offers of proof, receive relevant evidence and exclude irrelevant, immaterial or unduly repetitious evidence;
- (4) To question witnesses;
- (5) To regulate the time, place and course of the hearing;
- (6) To dispose of procedural requests or other similar matters;
- (7) To hold conferences for the settlement, simplification or adjustment of issues; and
- (8) To take any other action authorized by these rules.

NEW SECTION

WAC 391-25-350 **HEARINGS—NATURE AND SCOPE.** Hearings shall be public and shall be limited to matters concerning the determination of the existence of a question concerning representation, the appropriate bargaining unit and questions of eligibility. It shall be the duty of the hearing officer to inquire fully into all matters in issue and to obtain a clear and complete factual record upon which the commission and the executive director may discharge their duties under the pertinent statutes and these rules.

NEW SECTION

WAC 391-25-370 **BLOCKING CHARGES—SUSPENSION OF PROCEEDINGS—REQUEST TO PROCEED.** (1) Where representation proceedings have been commenced under this chapter and:

- (a) A complaint charging unfair labor practices is filed under the provisions of chapter 391-45 WAC; and
- (b) It appears that the facts as alleged may constitute an unfair labor practice; and
- (c) Such unfair labor practice could improperly affect the outcome of a representation election; the executive director may suspend the representation proceedings under this chapter pending the resolution of the unfair labor practice case.

(2) The complainant(s) in the unfair labor practice case may file a request to proceed, in writing, with the executive director. Such request to proceed shall identify, by case number, the representation proceedings for which it is made, shall request that those representation proceedings be continued notwithstanding the pending unfair labor practice case, and shall acknowledge that the commission will not entertain objections based on conduct alleged in the unfair labor practice case. Upon the filing of a request to proceed conforming to the foregoing requirements the executive director shall resume the processing of the representation petition and shall summarily dismiss any objections filed in conflict with the request to proceed.

(3) Where a complaint charging unfair labor practices is filed after the filing of an election agreement or issuance of a direction of election, the executive director shall proceed with the determination of the question concerning representation, subject to the right of any party to file objections as provided in WAC 391-25-590.

NEW SECTION

WAC 391-25-390 **PROCEEDINGS BEFORE THE EXECUTIVE DIRECTOR.** The executive director may proceed forthwith upon the record, after submission of briefs or after hearing, as may be appropriate. The executive director shall determine whether a question concerning representation exists, and shall issue a direction of election, dismiss the petition or make other disposition of the matter. Such actions shall be subject to review by the commission only as follows:

(1) Except for rulings as to whether the employer is subject to the jurisdiction of the commission, a direction of election and any accompanying rulings shall not be subject to review by the commission except upon objections timely filed under WAC 391-25-590.

(2) An order of dismissal shall be subject to review by the commission on its own motion or at the request of any party made within twenty days following the date of the order. Briefs or written arguments shall be submitted as provided in WAC 391-25-650. Unless the matter is transferred to the commission for review, an order of dismissal issued by the executive director shall have the same force and effect as if issued by the commission.

NEW SECTION

WAC 391-25-391 **SPECIAL PROVISION—PUBLIC EMPLOYEES.** Where only one organization is seeking certification as the representative of unrepresented employees, and the showing of interest submitted in support of the petition indicates that such organization has been authorized by a substantial majority of the employees to act as their representative for the purposes of collective bargaining, and the executive director finds that the conduct of an election would unnecessarily and unduly delay the determination of the question concerning representation with little likelihood of altering the outcome, the executive director may issue a direction of cross-check. The direction of cross-check and any accompanying rulings shall not be subject to review by the commission except upon objections timely filed under WAC 391-25-590.

NEW SECTION

WAC 391-25-410 **CROSS-CHECK OF RECORDS.** Where a cross-check of records is to be conducted to determine a question concerning representation, the organization shall submit to the agency original individual cards or letters signed and dated by employees in the bargaining unit not more than ninety days prior to the filing of the petition and indicating that such employees authorize the named organization to represent them for the purposes of collective bargaining, or shall submit to the agency membership records maintained by the organization as a part of its

business records containing the names of employees and indicating those employees currently members in good standing. The employer shall make available to the agency original employment records maintained as a part of its business records containing the names and signatures of the employees in the bargaining unit. Prior to the commencement of the cross-check, the organization may file a request that the question concerning representation be determined by a representation election and such requests shall be honored. Where the organization files a disclaimer or a request for election after the commencement of the cross-check, the cross-check shall be terminated and the organization shall not seek to be certified in the bargaining unit for a period of at least one year thereafter. All cross-checks shall be by actual comparison of records submitted by the parties. The agency shall not disclose the names of employees giving representation authorization in favor of or appearing on the membership rolls of the organization. Upon the conclusion of the comparison of records, the agency officer conducting the cross-check shall prepare and furnish to the parties a tally sheet containing the number of employees in the bargaining unit, the number of employee records examined and the number of employee records counted as valid evidence of representation.

NEW SECTION

WAC 391-25-412 SPECIAL PROVISION—EDUCATIONAL EMPLOYEES. WAC 391-25-410 is inapplicable to petitions filed under chapter 41.59 RCW.

NEW SECTION

WAC 391-25-413 SPECIAL PROVISION—ACADEMIC EMPLOYEES. WAC 391-25-410 is inapplicable to petitions filed under chapter 28B.52 RCW.

NEW SECTION

WAC 391-25-430 NOTICE OF ELECTION. When an election is to be conducted, the agency shall furnish the employer with appropriate notices, and the employer shall post them in conspicuous places on its premises where notices to affected employees are usually posted. The notice shall contain:

- (1) The description of the bargaining unit or voting group(s) in which the election is to be conducted.
- (2) The date(s), hours and polling place(s) for the election.
- (3) The cut-off date, if any, or other criteria to be applied in establishing eligibility to vote in the election.
- (4) A statement of the purpose of the election and the question to be voted upon or a sample ballot.

Notices of the election shall be posted for at least seven days prior to the opening of the polls. In computing such period, the day of posting shall be counted, but the day on which the polls are opened shall not be counted. The reproduction of any document purporting to suggest, either directly or indirectly, that the agency endorses a particular choice may constitute grounds for setting aside an election upon objections properly filed.

NEW SECTION

WAC 391-25-450 DISCLAIMERS. An organization may file a disclaimer and have its name removed from the ballot: PROVIDED, HOWEVER, That if such a disclaimer is filed after the issuance of a notice of election, the organization filing the disclaimer shall not seek to be certified in that bargaining unit for a period of at least one year thereafter.

NEW SECTION

WAC 391-25-470 ELECTIONEERING. (1) Employers and organizations are prohibited from making election speeches on the employer's time to massed assemblies of employees within twenty-four hours before the scheduled time for the opening of the polls.

(2) There shall be no electioneering at or about the polling place during the hours of voting.

Violations of this rule shall be grounds for setting aside an election upon objections properly filed.

NEW SECTION

WAC 391-25-490 ELECTION PROCEDURES—BALLOTING. All elections shall be by secret ballot. Multiple questions, including unit determination elections, may be submitted to employees at the same time on separate ballots. Absentee balloting shall not be allowed. The agency may conduct elections by mail ballot when it appears that an election by "in person" procedures would result in undue delay, or would effectively deprive some eligible employees of their opportunity to vote. If mail balloting is used, the notice required by these rules shall be mailed to each eligible voter and no less than ten days shall be provided between the date on which ballot materials are mailed to eligible employees and the deadline for return of the ballots. Each party may be represented by observers of its own choosing, subject to such limitations as the executive director may prescribe: PROVIDED, HOWEVER, That no management official having authority over bargaining unit employees nor any officer or paid employee of an organization shall serve as observer.

NEW SECTION

WAC 391-25-510 CHALLENGED BALLOTS. Any observer or the election officer may challenge, for good cause, the eligibility of any person seeking to cast a ballot in the election. No person shall be denied the right to cast a challenged ballot. The election officer shall not have authority to resolve challenges at the polls, and the ballot of the challenged voter shall be placed in a sealed envelope identifying the voter and the observer or election officer challenging the eligibility of the voter. The ballot shall not be opened until the challenge is resolved. Any party may withdraw a challenge previously made and, unless the eligibility of the voter is challenged by another party or by the election officer, the challenge shall thereby be resolved. If the challenged ballots are insufficient in number to affect the results of the election, they shall be impounded and no ruling shall be made thereon. If the challenged ballots are sufficient in

number to affect the results of the election, the election officer shall, after the close of the polls, ascertain the position of each party as to each challenged ballot and shall include such information in his report. If challenges raise material questions of fact which cannot be resolved without a hearing, there shall be issued and served on each of the parties a notice of hearing before a hearing officer. The rules relating to the conduct of hearings on petitions shall govern hearings on challenges, except that the scope of the hearing shall be limited to matters relevant to the disposition of the challenged ballots. The executive director shall have authority to rule on all challenges except those made by a party to preserve an objection to a ruling previously made by the executive director as to the eligibility of the challenged voter. If challenges of a type excepted from the authority of the executive director are sufficient in number to affect the results of the election, the matter shall be transferred to the commission for its determination under the provisions of WAC 391-25-670.

NEW SECTION

WAC 391-25-530 VOTES NEEDED TO DETERMINE ELECTION. (1) Unit determination elections shall be decided by a majority of those eligible to vote in the election.

(2) Representation elections shall be decided by a majority of those voting. Where there are only two choices on the ballot, a tie vote shall result in a certification of no representative.

NEW SECTION

WAC 391-25-531 SPECIAL PROVISION—PUBLIC EMPLOYEES. Where there are three or more choices on the ballot, representation elections shall be decided by a majority of those eligible to vote in the election.

NEW SECTION

WAC 391-25-550 TALLY SHEET. Upon closing the polls, the election officer shall prepare and furnish to each of the parties a tally of the votes cast on unchallenged ballots and the number of challenged ballots. After the subsequent resolution of challenged ballots affecting the results of the election, a revised tally shall be issued and furnished to the parties. The tally shall indicate whether the results of the election were conclusive or inconclusive.

NEW SECTION

WAC 391-25-570 PROCEDURE FOLLOWING INCONCLUSIVE ELECTION. In any election in which there are more than two choices on the ballot, if none of the choices receives the number of votes necessary to determine the election, a run-off election shall be held providing for selection between the two choices receiving the largest numbers of valid ballots cast in the inconclusive election. Any organization to be excluded from a run-off election may file objections to specific conduct affecting the results of the inconclusive election.

Where the choice of "no representative" is to be excluded from a run-off election, the employer or decertification petitioner may file objections to specific conduct affecting the results of the inconclusive election. Such objections shall be resolved prior to the conduct of a run-off election. All run-off elections shall be determined as provided in WAC 391-25-530.

NEW SECTION

WAC 391-25-590 FILING AND SERVICE OF OBJECTIONS. Within seven days after the tally has been served under WAC 391-25-410 or under WAC 391-25-550, any party may file objections with the commission. Objections may consist of:

(1) Designation of specific conduct improperly affecting the results of the election, by violation of these rules, by the use of deceptive campaign practices improperly involving the commission and its processes, by the use of forged documents, or by coercion or intimidation of or threat of reprisal or promise of reward to eligible voters, and/or

(2) Designation of one or more previous rulings or directions in the matter which the objecting party desires to have reviewed by the commission.

Objections shall contain, in separate numbered paragraphs, statements of the specific conduct, if any, alleged to have improperly affected the results of the election and, in separate numbered paragraphs, the specific rulings or directions, if any, which the party filing the objections desires to have reviewed. The original and three copies of the objections shall be filed with the commission at its Olympia office, and the party filing the objections shall serve a copy on each of the other parties to the proceedings. Such motion shall be filed with the examiner and served by the moving party on the complainant and on any other parties. The examiner may require the complainant to file and serve a statement supplying information necessary to make the complaint definite and certain.

NEW SECTION

WAC 391-45-270 HEARINGS—NATURE AND SCOPE. Hearings shall be public and shall be adversary in nature, limited to matters concerning the unfair labor practices alleged in the complaint. The complainant shall prosecute its own complaint and shall have the burden of proof. It shall be the duty of the examiner to inquire fully into the facts as to whether the respondent has engaged in or is engaging in an unfair labor practice so as to obtain a clear and complete factual record on which the examiner and commission may discharge their duties under these rules: **PROVIDED, HOWEVER,** That such duty of the examiner shall not be construed as authorizing or requiring the examiner to undertake the responsibilities of the complainant with respect to the prosecution of its complaint or of the respondent with respect to the presentation of its defense.

NEW SECTION

WAC 391-45-290 BRIEFS AND PROPOSED FINDINGS. Any party shall be entitled, upon request made before the close of the hearing, to file a brief or proposed findings of fact, conclusions of law and order, or both, at such time as may be fixed by the examiner. On the examiner's own motion or on the motion of any party, the examiner may set aside, modify, change or reverse any findings of fact, conclusions of law or order at any time within twenty days following the issuance thereof, if any mistake is discovered therein or upon grounds of newly discovered evidence which could not with reasonable diligence have been discovered and produced at the hearing: **PROVIDED, HOWEVER,** That this section shall be inoperative after the filing of a petition for review with the commission.

NEW SECTION

WAC 391-45-350 PETITION FOR REVIEW OF EXAMINER DECISION. The examiner's findings of fact, conclusions of law and order shall be subject to review by the commission on its own motion, or at the request of any party made within twenty days following the date of the order issued by the examiner. The original and three copies of the petition for review shall be filed with the commission at its Olympia office and the party filing the petition shall serve a copy on each of the other parties to the proceeding. Such petition for review shall contain, in separate numbered paragraphs, statements of the specific findings, conclusions, orders or rulings on which the party filing the petition seeks review by the commission. A petition for review shall have attached to it any appeal brief or written argument which the party filing the petition for review desires to have considered by the commission. Other parties to the proceeding shall have fourteen days following the date on which they are served with a copy of such petition for review and accompanying brief or written argument to file a responsive brief or written argument. The commission, the executive director or his designee may, for good cause, grant any party an extension of the time for filing of its brief or written argument. In the event no timely petition for review is filed, and no action is taken by the commission on its own motion within thirty days following the examiner's final order, the findings of fact, conclusions of law and order of the examiner shall automatically become the findings of fact, conclusions of law and order of the commission and shall have the same force and effect as if issued by the commission.

NEW SECTION

WAC 391-45-370 FILING AND SERVICE OF CROSS-PETITION FOR REVIEW. Where a petition for review has been timely filed under WAC 391-45-350, any party who has not previously filed a petition for review may, within seven days after the last date on which a petition for review may be filed, file a cross-petition for review. Such cross-petition shall be filed and served in the same manner as a petition for review. Upon the filing of a cross-petition for review, the deadlines for the submission of briefs or written arguments shall be extended by seven days.

NEW SECTION

WAC 391-45-390 COMMISSION ACTION. On its own motion, or on the filing of a petition for review, the entire record in the proceeding shall be transferred to the commission, and thereafter all motions and arguments shall be directed to the commission. The commission may request the parties to appear before it to make oral arguments as to certain of the issues or all of the issues in the matter. The commission shall, on the basis of the record and any briefs or arguments submitted to it on review, determine the matter.

NEW SECTION

WAC 391-45-410 UNFAIR LABOR PRACTICE REMEDIES. If an unfair labor practice is found to have been committed, the commission or its examiner shall issue a remedial order. In calculating back pay orders, the following shall apply:

(1) Individuals reinstated to employment with back pay shall have deducted from any amount due an amount equal to any earnings such employee may have received during the period of the violation in substitution for the terminated employment, calculated on a quarterly basis.

(2) Individuals reinstated to employment with back pay shall have deducted from any amount due an amount equal to any unemployment compensation benefits such employee may have received during the period of the violation, and the employer shall provide evidence to the commission that such amount has been repaid to the Washington state department of employment security as a credit to the benefit record of the employee.

(3) Money amounts due shall be subject to interest at the rate which would accrue on a civil judgment of the Washington state courts, from the date of the violation to the date of payment.

NEW SECTION

WAC 391-45-430 MOTION FOR TEMPORARY RELIEF. In addition to the remedies available under WAC 391-45-410, any complainant in an unfair labor practice proceeding may file a motion requesting that the commission seek appropriate temporary relief through the superior court, and all such motions shall be processed as provided in this section.

(1) The complainant shall, at the time its complaint is filed or as soon thereafter as facts giving rise to the request for temporary relief become known, provide written notice to the executive director of its intent to make a motion for temporary relief and shall, at the same time, serve a copy of such notice on each of the other parties to the proceedings.

(2) Upon the filing of a notice of intent to make a motion for temporary relief, the executive director shall expedite the processing of the matter under WAC 391-45-110.

(3) After the determination of the executive director that the complaint states a cause of action, any complainant desiring temporary relief may file with the executive director a motion for temporary relief together with affidavits as to the risk of irreparable harm and the

adequacy of legal remedies, and shall serve a copy of such motion and affidavits on all other parties to the proceedings. The other parties shall have seven calendar days thereafter to file and serve counter-affidavits.

(4) The executive director shall forward all such motions and affidavits to the commission, which shall determine whether an injunction pendente lite should be sought. In making such determination, the commission shall adhere to the following policy:

"The name and authority of the public employment relations commission shall not be invoked in connection with a request for temporary relief prior to the completion of administrative proceedings under WAC 391-45-010, et seq., unless it appears that one or more of the allegations in the complaint of unfair labor practices is of such a nature that, if sustained, the complainant would have no fair or adequate remedy and the complainant would suffer irreparable harm unless the status quo be preserved pending the completion of administrative proceedings."

(a) If the commission concludes that temporary relief should be sought, the executive director, acting in the name and on behalf of the commission and with the assistance of the attorney general, shall petition the superior court of the county in which the main office of the employer is located or wherein the person who is alleged to be engaging in unfair labor practices resides or transacts business for an injunction pendente lite.

(b) Whenever temporary relief has been procured, the complaint which has been the basis for such temporary relief shall be heard expeditiously and the case shall be given priority over all other cases except cases of like character.

(c) If the commission concludes that temporary relief should not be sought prior to the conclusion of administrative proceedings in the matter, such determination shall not bar renewal of the request for temporary relief following the completion of administrative proceedings in which unfair labor practice violations have been found to exist.

NEW SECTION

WAC 391-45-431 SPECIAL PROVISION—PUBLIC EMPLOYEES. WAC 391-45-430 is inapplicable to complaints filed under chapter 41.56 RCW. Provision for judicial relief is made by RCW 41.56.190.

NEW SECTION

WAC 391-45-550 COLLECTIVE BARGAINING—POLICY. It is the policy of the commission to promote bilateral collective bargaining negotiations between employers and the exclusive representatives of their employees. Such parties are encouraged to engage in free and open exchange of proposals and positions on all matters coming into the dispute between them. The commission deems the determination as to whether a particular subject is mandatory or nonmandatory to be a

question of law and fact to be determined by the commission, and which is not subject to waiver by the parties by their action or inaction. It is the policy of the commission that a party which engages in collective bargaining with respect to any particular issue does not and cannot thereby confer the status of a mandatory subject on a nonmandatory subject.

Prior to making such determination, the executive director or a member of the agency staff may make an on-site investigation and may engage in conciliation under the general authority of the commission under RCW 41.58.020(1). If it appears that the assistance of the agency is needed, the executive director shall appoint a mediator from the list of qualified persons maintained by the commission for that purpose. Employment of the person or any member of his or her immediate family by any party shall be disqualifying. Each party to the proceeding shall immediately notify the executive director and the appointee or selectee whether it is willing to waive disqualification. If the dispute remains unresolved, the mediator shall forward his or her recommendation and a list of unresolved issues to the executive director, who shall consider the recommendation of the mediator and any statements of position filed by the parties as to the existence of an impasse warranting arbitration. Thereafter, the moving party shall be a party to the proceedings with the same right to produce and cross-examine witnesses as the other parties. If it appears during the course of proceedings that an intervenor has no substantial interest therein, the commission may dismiss such intervenor.

(3) On its own motion or at the motion of any party, the agency may consolidate proceedings on two or more notices where the facts or principles of law are related.

NEW SECTION

WAC 391-65-515 MARINE EMPLOYEES—CONDUCT OF GRIEVANCE ARBITRATION PROCEEDINGS. NEW SECTION

WAC 391-65-525 MARINE EMPLOYEES—HEARING. The agency shall establish a date, time and place for a hearing and shall provide reasonable notice thereof to the parties. Where it appears to the commission, executive director, or examiner that an emergency exists warranting consideration of interim relief, a hearing may be scheduled for that purpose on less notice than that provided by WAC 391-08-170. For good cause shown, the agency may adjourn the hearing upon the request of a party or upon its own initiative. The parties may waive oral hearing by written agreement.

NEW SECTION

WAC 391-65-530 MARINE EMPLOYEES—ORDER OF PROCEEDINGS AND EVIDENCE. The order of presentation at the hearing shall be as agreed by the parties or as determined by the agency. All evidence shall be taken in the presence of all parties, unless a party is absent in default or has waived its right to be present. The agency may make, and take official notice of the results of, its own inspection of the conditions involved. Each documentary exhibit shall be filed with the agency and copies shall be provided to the other parties.

NEW SECTION

WAC 391-65-535 MARINE EMPLOYEES—ARBITRATION IN THE ABSENCE OF A PARTY. The agency may proceed in the absence of any party who, after due notice, fails to be present or fails to obtain an adjournment. Except for good cause shown, the failure of a party to appear shall constitute grounds for dismissal of its claim or granting of relief against it, as may be appropriate.

NEW SECTION

WAC 391-65-540 MARINE EMPLOYEES—CLOSING OF HEARING. The hearing shall be deemed closed after the parties have completed presenting their testimony and/or exhibits and have filed briefs within agreed time limits. The agency may direct the filing of briefs when it deems such filing warranted by

the nature of the proceedings or of particular issues therein.

NEW SECTION

WAC 391-65-545 MARINE EMPLOYEES—EXAMINER DECISION. After the close of the hearing and the filing of all briefs, the examiner shall issue an arbitration award on the matters in dispute. The examiner's award shall be subject to review by the commission on its own motion, or at the request of any party made within twenty days following the date of the award issued by the examiner. The original and three copies of the petition for review shall be filed with the commission at its Olympia office and the party filing the petition shall serve a copy on each of the other parties to the proceeding. Such petition for review shall contain, in separate numbered paragraphs, statements of the specific orders or rulings on which the party filing the petition seeks review by the commission. A petition for review shall have attached to it any appeal brief or written argument which the party filing the petition for review desires to have considered by the commission. Other parties to the proceeding shall have fourteen days following the date on which they are served with a copy of such petition for review and accompanying brief or written argument to file a responsive brief or written argument. The commission, the executive director or his designee may, for good cause, grant any party an extension of the time for filing of its brief or written argument. In the event no timely petition for review is filed, and no action is taken by the commission on its own motion within thirty days following the examiner's final order, the arbitration award of the examiner shall automatically become final and binding.

NEW SECTION

WAC 391-65-555 MARINE EMPLOYEES—COMMISSION ACTION. On its own motion, or on the filing of a petition for review, the entire record in the proceeding shall be transferred to the commission, and thereafter all motions and arguments shall be directed to the commission. The commission may request the parties to appear before it to make oral arguments as to certain of the issues or all of the issues in the matter. The commission shall, on the basis of the record and any briefs or arguments submitted to it on review, issue the final and binding arbitration award on the matter.

NEW SECTION

WAC 391-65-560 MARINE EMPLOYEES—GRIEVANCE ARBITRATION REMEDIES. If a violation of a collective bargaining agreement is found to have been committed, the commission or its examiner

shall issue a remedial order. In calculating back pay orders, the following shall apply:

(1) Individuals reinstated to employment with back pay shall have deducted from any amount due an amount equal to any earnings such employee may have received during the period of the violation in substitution for the terminated employment, calculated on a quarterly basis.

(2) Individuals reinstated to employment with back pay shall have deducted from any amount due an amount equal to any unemployment compensation benefits such employee may have received during the period of the violation, and the employer shall provide evidence to the commission that such amount has been repaid to the Washington state department of employment security as a credit to the benefit record of the employee.

(3) Money amounts due shall be subject to interest at the rate which would accrue on a civil judgment of the Washington state courts, from the date of the violation to the date of payment.

If the conclusion reached by the three physicians is not unanimous, this shall be so indicated.

In the event the evaluation from the three physicians indicates that it is their medical opinion the individual will be able to return to his home during his lifetime, the home property shall continue to be considered as exempt property.

In the event the evaluation from the three physicians indicates unanimously that it is their medical opinion the individual will be unable to return to his home during the remainder of his lifetime, the home, if not occupied by his dependents, shall be considered nonexempt property which can be made available to meet need.

The ~~((area office))~~ CSO administrator shall advise the president of the local medical society, as well as the physicians selected by the president, that the department will pay each physician participating in the review an amount not to exceed \$10 per case.

AMENDATORY SECTION (Amending Order 1369, filed 3/15/79)

WAC 388-28-430 EFFECT OF RESOURCES AND INCOME ON FINANCIAL NEED—PERSONAL PROPERTY EXEMPTIONS—CEILING VALUES. (1) Personal property without ceiling value. The following personal property is an exempt resource. There is no ceiling value on such property.

(a) Used and useful household furnishings and personal clothing. Household furnishings and personal clothing which are in storage shall be presumed to be not used and useful, but all other household furnishings and personal clothing shall be presumed to be used and useful and both presumptions stand in the absence of evidence to the contrary.

(b) Personal property of "great sentimental value" may be exempted when the applicant establishes the circumstances and conditions which give it this value. When the intrinsic value is relatively high (stamp or coin collections, etc.) there may be need to review it carefully.

(c) Livestock or any other similar property owned by a child for the sole purpose of participating in an organized group or school activity, such as 4-H Club or FFA, shall be exempt, providing any net profit derived from the use of such property is reserved for future educational purposes.

(d) Other personal property, such as tools, farm machinery, livestock, business equipment, and inventory, can be declared an exempt resource by the CSO on the basis of an agreed plan. The following conditions apply:

(i) The exempted property must either ~~((must))~~ produce income which reduces the applicant/recipient's need for public assistance, or ~~((it must))~~ aid in rehabilitating him or his dependents by providing self-employment experience which can reasonably be expected to lead to full or partial self-support.

(ii) If stock, raw materials, or inventory of a business are exempted, any increase in their value must be examined to determine whether the increase is necessary to the health of the enterprise. Such increase shall not be used as a means of diverting funds which might reasonably constitute income to the recipient.

(iii) The plan shall be reviewed at least once every six months.

(e) One cemetery plot for each member of an assistance household is exempt personal property. Any additional plots are nonexempt.

(f) Effective June 12, 1980, term and/or burial insurance for the use of the applicant or recipient.

(2) Exempt personal property with ceiling value. Property holdings in the form of cash and marketable securities, life insurance, real estate or chattel mortgages, sales contracts and used and useful automobiles are exempt resources to the extent that the values of such items are within the maxima or "ceiling" values specified in the following paragraph:

(a) Ceiling values on combinations of individual items. Effective June 12, 1980, the total value of cash, marketable securities, cash discount value of real estate or chattel mortgages and sales contracts, ~~((cash surrender value of life insurance, and equity in cars shall not exceed \$750 for a single person, or \$1,450 for a family of two. This maximum shall be increased by \$50 for each additional member in the family))~~ and any excess of values exempted under (2)(d) and (e) of this section shall not exceed \$750 for a single person, or \$1,250 for a family of two or more.

Effective June 12, 1980, the following are the resource limits for the total of cash, marketable securities, and any excess of values exempted under (2)(d) and (e) of this section:

Family Size	((Cash Surrender Value of Life Insurance, Cars	(Cash and Marketable Securities))
1	\$ 750	((200))
2 or more	((1450)) 1250	((400))
3	1500	425
4	1550	450
5	1600	475
6	1650	500
7	1700	525
8	1750	550
9	1800	575
10	1850	600

(i) Funds represented by values within the ceiling values are not used to determine financial need and to compute grants.

(ii) Funds represented by values in excess of the maxima or ceilings are nonexempt; that is, they are used to determine financial need and to compute grants.

~~(b) Cash and marketable securities—ceiling. ~~((Within the above limitation the value of cash and marketable securities shall not exceed \$200 for a single person or \$400 for a family of two. This maximum shall be increased by \$25 for each additional member of the family over two:))~~~~

(i) Cash. All cash savings held by the applicant or held jointly with any other person shall be considered. Any funds on deposit, in hand or in any place from which cash may be drawn by the applicant is a cash fund. A cash fund includes a bank account, savings, funds held in trust for future use (when applicant can make withdrawals), savings bonds, advance insurance premium payments, interest, etc.

(ii) A joint account shall be considered the property of the applicant/recipient since the entire amount is at his/her disposal, except when the applicant/recipient can show that all or a portion of the funds deposited within the joint account is derived from funds exclusively the other joint holder's and held/utilized solely for the benefit of that joint account holder. All funds within the joint account so verified shall not be considered actually available to the applicant/recipient.

(c) Real estate or chattel mortgages and sales contracts.

(i) Real estate or chattel mortgages or sales contracts held by the applicant will be considered exempt resources in combination with the value of other exempt personal property, within the limitation allowed in subsection (2).

(ii) The cash discount value of a mortgage or contract represents the value of the resource.

(iii) Any payments on mortgages or contracts received by an applicant or recipient shall be considered income as specified in WAC 388-28-580.

(d) Life insurance.

(i) Cash surrender ceiling value. Effective June 12, 1980, life insurance may have a cash surrender value not to exceed \$750 considered as an exempt resource ~~((in combination with the value of other exempt personal property within the limitation allowed in subsection (2))~~.

(ii) Other considerations.

(A) Net value of unassignable policy. When the equity of another person in an unassignable policy held by an applicant can be established, the amount of such equity may be deducted in determining the applicant's holdings in insurance, provided that person holding the equity is named as beneficiary of the proceeds to the extent of such equity and without power or revocation by the insured.

(B) Assignment of policy. An insurance policy legally assigned belongs to the assignee and may not be regarded as the property of the insured. However, the assignment of a policy within two years prior to application or by a recipient must be evaluated as the transfer of a resource.

~~((C) Funeral insurance and prepaid funeral contracts are governed by the same rules as life insurance policies. The contract may include (but is not limited to) a method of prepaying funeral and burial expenses. In addition, the contract usually provides cash surrender and loan values, extended term insurance (nonforfeiture provisions), and assignability. The cash surrender or loan value of such contract shall be treated as life insurance.~~

~~(D) An assigned funeral contract shall be treated according to (ii)(B) of this subdivision. However, the designation of a funeral director as beneficiary under either the "funeral benefits" or the "additional benefit agreement" sections of the policy, or both, is not an assignment of the contract.))~~

(e) Used and useful ~~((automobiles))~~ vehicles.

(i) Effective June 12, 1980, used and useful ~~((automobiles))~~ vehicles with an equity value of \$1500 or less are an exempt ~~((personal property))~~ resource ~~((in combination with the value of other exempt within the limitation allowed in subsection(2))~~.

(ii) ~~((Equity value shall be used in determining the resource in automobiles.~~

~~((iii))~~ (A) In determining the resource value of automobiles, the national automobile dealers association official used car guide shall be used. For automobiles listed in this guide "average loan" value in the current edition shall be presumed to be the resource value.

(B) In determining the resource value of recreational vehicles the Kelley bluebook R.V. guide shall be used. For vehicles listed in this guide "wholesale" value in the current edition shall be presumed to be the resource value.

(C) For vehicles not listed in these guides the method of determining the resource value shall be documented in the case record.

(D) The values listed in these guides can be overcome by positive evidence to the contrary. Such evidence shall be documented in the case record.

~~(b) Determine the amount of other cash and marketable securities on hand as of the date the lump sum is received.~~

~~(c) Subtract from the amount in (b) any portion of that amount which is unexpended money from a grant received within thirty days prior to the date the lump sum is received. The remainder is the amount of the cash reserve as of the date the lump sum is received.~~

AMENDATORY SECTION (Amending Order 1241, filed 9/23/77)

WAC 388-28-482 EFFECT OF NEWLY ACQUIRED INCOME AND PROPERTY ON CONTINUING NEED. "Newly acquired income" means any previously unreported or undiscovered income which has come into the possession or control, in whole or part, of a recipient of public assistance, or of a recipient in suspended grant status.

(1) Whenever a recipient shall come into the possession or control of any income, except as modified in subsection (3), (4) and (5), such income shall be deducted from the cost of total requirements beginning with the effective date specified in WAC 388-28-484. The amount deducted shall equal the following:

(a) The net amount of the income if in cash or its equivalent.

(b) At least his equity in the quick sale value of property other than cash.

(2) When the property is only potentially available for use in meeting the recipient's requirements, WAC 388-28-400(7) applies.

may retain such property without having the fact of possession or its sale value affect his eligibility or need.

(a) A home used as a residence—see WAC 388-28-420.

(b) Useful and needed clothing, household equipment, food, fuel, and other items included in the requirement standards.

(c) Articles of sentimental value, tools, and 4-H Club or similar project earnings saved for future education costs as provided by WAC 388-24-430(1).

(c) The possession of any amount of funds from sources listed in ((items)) subdivisions (a) and (b) in a cash reserve or savings account does not affect the eligibility of a recipient. However, if such exempted income is converted into other types of property, WAC 388-28-410 through 388-28-455 apply.

(d) Income from interest on exempt savings, dividends from exempt stocks, increase in life insurance cash surrender value, livestock births, etc., affect eligibility only to the extent that the amount causes the total value of the resource possessed to exceed the ceiling values of the resource. The excess is used to determine financial need and is taken into account when the periodic review of eligibility is made.

(e) Payment for funeral expenses for recipient – When a public assistance recipient dies, his (her) surviving spouse or children or parent of a minor child receiving public assistance, may use any of their exempt or nonexempt resources or income, except the home property, to add to available funeral and burial resources in order to pay for the funeral expenses of the deceased person without affecting their eligibility for public assistance: PROVIDED, HOWEVER, That if the total funeral expenses for the deceased recipient exceeds the department's maximum cost or the amount provided by the recipient toward the total cost of the funeral expense, whichever is the lesser, shall be considered available to meet the public assistance need of the surviving recipient in accordance with this section.

(5) Use of grant and cash reserve in relation to income.

(a) No question about eligibility is raised if public assistance grants and other income which has been considered in computing financial need are used to add to the cash reserve up to the legal personal property limitations – see WAC 388-28-430(2). The cash reserve may exceed the maximum only to the extent these unexpended ((money from the grant is)) moneys are on hand within

thirty days after ((its)) their receipt, and by exempted amounts as specified in this section.

(b) A recipient always has the right to make a current expenditure out of a cash reserve and replace it from a succeeding grant, just as he might place his whole grant in a bank account, along with his cash reserve, at the beginning of the month and then spend out of the account during the month.

(c) With respect to income other than savings from grant, see WAC 388-28-484(8).

(b) If the client chooses the "actual method", the actual cost of each work related expense shall be deducted. This method shall be used when the client provides written verification of all work related expenses claimed. Recipients of WIN transportation and related expenses (TRE) payments choosing the "actual method" may not receive a deduction for those transportation expenses for which they have received payment.

(A) The actual work related cost of operating the vehicle shall be the total operating cost of the vehicle times the percentage obtained from dividing the actual monthly mileage to and from work by the total miles driven during the month.

(B) The total operating cost of a vehicle shall be limited to gas, oil and fluids; necessary service and repairs; replacement of worn items such as tires; registration and licensing fees; and depreciation and interest on automobile loans.

(ii) Child 14 through 17 years of age – full or part time student

(A) All earned income of a child in an assistance unit shall be disregarded when he or she is a full time student or a part time student who is not a full time employee.

(A) Such future identifiable needs may include amounts to meet future costs of identified employment training, education, health service or other plans (~~(which are necessary to carry out a casework service plan for the child and which are not otherwise available from DSHS or other community sources)~~).

(B) A (~~(casework service)~~) plan must be developed in order to conserve savings for future identifiable needs. (~~(The plan should make possible realization of the child's maximum potential as an independent and useful citizen.)~~) The plan must be (~~(recorded)~~) documented in the case record (~~(and be approved by the supervisor)~~). The plan must specify the needs, the amount and the type of income to be conserved and provide that the amount is reasonable for the purpose for which it is being conserved.

(C) If the plan includes post-high school education or training, the total amount conserved for this purpose shall not exceed the cost of two years of education and may include in this cost a car if approved (~~(by the caseworker and included as an essential part of the casework)~~) in the plan.

(D) Savings accumulated for future identifiable needs shall not be considered as part of the personal property

holdings of the family and shall not be subject to the (~~(combined)~~) resource ceiling maximum.

AMENDATORY SECTION (Amending Order 800, filed 5/25/73)

WAC 388-44-110 OVERPAYMENT—LIABILITY OF PAYEE. (1) Liability for an overpayment shall follow the payee of the grant as an individual. The overpayment account receivable is established in the name of the payee and all further action (monthly deduction from grant, suspension of grant, claim against estate, etc.) is taken against that individual. The exception to this rule is the individual acting as payee only and deriving no financial benefit from the payment of assistance. In such instance the overpayment account receivable is established in the name of the person who received the financial benefit of the payment of assistance.

(2) Joint liability for an overpayment results when all of the following factors are present: overpayment is the result of fraud, collusion is shown between the payee and another party who received a financial benefit as a result of the overpayment. In these instances the overpayment account receivable is established in the name of both parties. Subsequent action is taken against the parties either jointly or individually.

(3) There shall be no liability placed upon recipients of nonfraudulent overpayments when the department determines that the cost of collection exceeds the amount recoverable. The department has determined that the cost of collection exceeds the amount recoverable when the total overpayment being established is fifty dollars or less.

NEW SECTION

WAC 248-22-051 **LABORATORY SERVICES.** Laboratory services shall be immediately available to or provided by the hospital. If the hospital maintains and operates a laboratory service within the facility, the following standards shall apply:

(1) Proficiency testing.

(a) The laboratory shall successfully participate in state-operated or state-approved proficiency testing programs covering all the specialties or subspecialties in which the laboratory is approved to perform tests. Records of proficiency testing performance shall be maintained and available for review.

(b) The clinical laboratory shall perform only those laboratory tests and procedures that are within the specialties or subspecialties in which the laboratory director or supervisors are qualified.

(2) Quality controls imposed and practiced by the laboratory must provide for and assure:

(a) Preventive maintenance, periodic inspection, and testing for proper operation of equipment and instruments as may be appropriate; validation of methods; evaluation of reagents and volumetric equipment; surveillance of results; and remedial action to be taken in response to detected defects.

(b) Adequacy of facilities, equipment, instruments, and methods for performance of the procedures or categories of procedures for which a certification is approved; proper lighting for accuracy and precision; convenient location of essential utilities; monitoring of temperature-controlled spaces and equipment, including water baths, incubators, sterilizers and refrigerators, to assure proper performance; evaluation of analytical measuring devices, such as photometers and radioactivity counting equipment, with respect to all critical operating characteristics.

(c) Labeling of all reagents and solutions to indicate identity, and when significant, titer strength, or concentration, recommended storage requirements, preparation or expiration date, and other pertinent information. Materials of substandard reactivity and deteriorated materials may not be used.

(d) The availability at all times, in the immediate bench area of personnel engaged on examining specimens and performing related procedures within a category (e.g., clinical chemistry, hematology, and pathology), current laboratory manuals or other complete written descriptions and instructions relating to:

(i) The analytical methods used by those personnel, properly designated and dated to reflect the most recent supervisory reviews;

(ii) Reagents;

(iii) Control and calibration procedures; and

(iv) Pertinent literature references.

(v) Textbooks may be used as supplements to such written descriptions but may not be used in lieu thereof.

(e) Written approval by the director or supervisor of all changes in laboratory procedures.

(f) Maintenance of the laboratory, availability of laboratory personnel and availability of records reflecting dates and, where appropriate, the nature of inspection, validation, remedial action, monitoring, evaluation, changes and dates of changes in laboratory procedures.

(g) Solicitation designed to provide for collection, preservation, and transportation of specimens sufficiently stable to provide accurate and precise results suitable for clinical interpretation.

(3) Provision shall be made for an acceptable quality control program covering all types of analysis performed by the laboratory for verification and assessment of accuracy, measurement of precision, and detection of error. The factors explaining the standard are as follows:

(a) Microbiology. Chemical and biological solutions, reagents, and antisera shall be tested and inspected each day of use for reactivity and deterioration.

(i) Bacteriology and mycology. Staining materials shall be tested for intended reactivity by concurrent application to smears of microorganisms with predictable staining characteristics. Each batch of medium shall be tested before or concurrently with use with selected organisms with predictable staining characteristics. Each batch of medium shall be tested before or concurrently with use with selected organisms to confirm required growth characteristics, selectivity, enrichment, and biochemical response.

(ii) Parasitology. A reference collection of slides, photographs, or gross specimens of identified parasites shall be available and used in the laboratory for appropriate comparison with diagnostic specimens. A calibrated ocular micrometer shall be used for determining the size of ova and parasites, if size is a critical factor.

(iii) Virology. Systems for the isolation of viruses and reagents for the identification of viruses shall be available to cover the entire range of viruses which are etiologically related to clinical diseases for which services are offered.

Records shall be maintained which reflect the systems used and the reaction observed. In tests for the identification of viruses, controls

shall be employed which will identify erroneous results. If serodiagnostic tests for virus diseases are performed, requirements for quality control as specified for serology shall apply.

(b) Serology.

(i) Serologic tests on unknown specimens shall be run concurrently with a positive control serum of known titer or controls of graded reactivity plus a negative control in order to detect variations in reactivity levels. Controls for all test components (antigens, complement, erythrocyte indicator systems, etc.) shall be employed to insure reactivity and uniform dosage. These results shall not be reported unless the predetermined reactivity pattern of the controls is obtained.

(ii) Each new lot of reagent shall be tested concurrently with one of known acceptable reactivity before the new reagent is placed in routine use.

(iii) Equipment, glassware, reagents, controls, and techniques for tests for syphilis shall conform to those recommended in the "Manual of Tests for Syphilis 1969," United States Public Health Service Publication No. 411, January 1969.

(c) Clinical chemistry.

(i) Each instrument or other device shall be recalibrated or rechecked at least once on each day of use. Records which document the routine precision of each method, automated or manual, and its recalibration schedule shall be maintained and be available to laboratory personnel and the secretary. At least one standard and one reference sample (control) shall be included with each run of unknown specimens where such standards and reference samples are available. Control limits for standards and reference samples shall be recorded and displayed and shall include the course of action to be instituted when the results are outside the acceptable limits.

(ii) Screening or qualitative chemical urinalysis shall be checked daily by use of suitable reference samples.

(d) Immuno-hematology.

(i) ABO grouping shall be performed by testing unknown red cells with anti-A and anti-B grouping serums licensed under Part 73, Title 42, Code of Federal Regulations, or possessing equivalent potency, using the technique for which the serum is specifically designed to be effective. For conformation of ABO grouping, the unknown serum shall be tested with known A1 and B red cells.

(ii) The Rh. (D) type shall be determined by testing unknown red cells with anti-RH (anti-D) typing serum licensed under 42 CFR Part 73, or possessing equivalent potency, using the technique for which the serum is specifically designed to be effective. Anti-RH' (CD), anti-RH'' (DE) and anti-RH rh'rh'' (CDE) serums licensed pursuant to 42 CFR Part 73, or possessing an equivalent potency may be used for typing donor blood. All Rh negative donor and patient cells shall be tested for the Rh variant (D''). A control system of patient's cells suspended in his own serum or in albumin shall be employed when the test is performed in a protein medium.

(iii) The potency and reliability of reagents (antisera known test cells, and antiglobulin-Coombs serum) which are used for ABO grouping, RH typing, antibody detection and compatibility determinations must be tested for reactivity on each day of use and when a new lot of reagents is first used.

(e) Hematology. Instruments and other devices used in hematological examination of specimens shall be recalibrated or retested or reinspected, as may be appropriate, each day of use. Each procedure for which standards and controls are available shall be rechecked each day of use with standards or controls covering the entire range of expected values. Tests such as the one-stage prothrombin time test shall be run in duplicate unless the laboratory can demonstrate that low frequency of random error or high precision makes such testing unnecessary. Reference materials, such as hemoglobin pools, and stabilized cells, shall be tested at least once each day of use to insure accuracy of results. Standard deviation, coefficient of variation, or other statistical estimates of precision shall be determined by random replicate testing of specimens. The accuracy and precision of blood cell counts and hematocrit and hemoglobin measurements shall be tested each day of use.

(f) Exfoliative cytology; histopathology; oral pathology—

(i) Exfoliative cytology. The laboratory director or supervisor qualified in cytology or cytotechnologist shall rescreen for proper staining and correct interpretation at least a 10-percent random sample of gynecological smears which have been interpreted to be in one of the benign categories by personnel not possessing director or supervisor qualifications. All gynecological smears interpreted to be in the "suspicious" or positive categories by screeners shall be confirmed by the laboratory director or qualified supervisor and the report shall be

signed by a physician qualified in pathology or cytology. All nongynecological cytological preparations, positive and negative, shall be reviewed by a director or supervisor qualified in cytology. Nonmanual methods shall provide quality control similar to that provided in other nonmanual laboratory procedures. All smears shall be retained for not less than two years from date of examination.

(ii) Histopathology and oral pathology. All special stains shall be controlled for intended reactivity by use of positive slides. Stained slides shall be retained for not less than two years from date of examination and blocks shall be retained for not less than one year from such date. Remnants of tissue specimens shall be retained in a fixative solution until those portions submitted for microscopy have been examined and a diagnosis made by a pathologist.

(g) Radiobioassay. The counting equipment shall be checked for stability at least once on each day of use, with radioactive standards or reference sources. Reference samples with known activity and within expected levels of normal samples shall be processed in replicate quarterly. For each method, records which document shall be maintained and be available to the department.

Adequate provision must be made to protect the department against potential third-party claims by virtue of the uses made of the property by the lessee. Liability insurance may be utilized to satisfy this requirement.

(2) Improvements existing on the land at the time of negotiating a lease or at public auction shall be specifically described and, unless other ownership was authorized shall be considered as a part of the value of the land. Improvements may be required to be constructed as a condition of a lease. All improvements existing or authorized under the lease must be maintained at the sole cost of the lessee, unless otherwise specifically provided in the lease. All improvements must be protected against casualty loss in a manner satisfactory to the department unless otherwise specified in the lease. Improvements placed upon the land by the lessee, shall become the property of the state at the end of lease term unless specifically provided by the lease or department letter to remain in lessee ownership.

Improvements owned by lessee may, at any time, be acquired by the department at fair market value if it determines it is in the best interest of the state or the trust to do so upon agreement with lessee.

(3) Any lease issued pursuant to these regulations in excess of ten-year term, must contain an approved plan of development with a scheduled completion date for any required activities, improvements, or other actions.

NEW SECTION

WAC 332-22-120 ASSIGNMENT. All assignments of leases, whether total or partial, must be approved in writing by the department. Departmental approval of assignments may be conditioned upon a number of factors including, but not limited to, rental adjustment; increased insurance coverage; renegotiation of improvement ownership; or changes in authorized land use. The department may require assurance of the performance capability of the proposed assignee by any feasible means, including the filing of a performance bond.

An assignment will not be considered to be a termination of the lease within the meaning of RCW 79.01.092.

NEW SECTION

WAC 332-22-130 RESIDENTIAL LEASES. A lessee desiring a waiver or modification of a residential lease term, as set forth in RCW 79.01.242 (4), may make a written request to the board and to the department setting forth the proposed change and the reasons therefore. The department may make recommendations to the board on the request which shall be considered by the board prior to rendering its decision.

NEW SECTION

WAC 332-22-140 EXPIRED LEASES - OCCUPANCY. (1) An extension of the expired lease may be authorized by the department for a maximum of one year from date of expiration if it is deemed to be in the best interest of the state or the trust to do so. Such extension shall be issued upon such rent, terms and conditions as the department may prescribe.

(2) If a proposed use for the lands has not been determined, the department may issue a permit to the last lessee for up to a maximum period of five years from date of expiration of the lease for an interim use.

The permit may be issued in the same general form as a lease for a similar use of the land under such terms and conditions as the department may prescribe. Upon expiration or termination of the permit, the land and improvements can only be leased at public auction as set forth in WAC 332-12-030 and WAC 332-12-040.

(2) "School" means an educational unit charged with the responsibility of preparing persons to practice as registered nurses((f)),((f)) Three types of basic schools of nursing are distinguished by the certificate awarded to the graduate. Schools of nursing within colleges and universities award the associate degree or baccalaureate degree. Schools of nursing sponsored by a hospital award a diploma.

(3) "Initial approval" of schools of nursing is the approval given a new school of nursing based on its proposed program prior to the admission of its first class.

(4) "Full approval" of a school of nursing is the approval given a school of nursing that meets the requirements of the law and the rules and regulations of the board.

(5) "Conditional approval" of a school of nursing is the approval given a school of nursing that has failed to meet the requirements of the law and the rules and regulations of the board, and it specifies conditions that must be met within a designated time to rectify the failure.

(6) An "unapproved school of nursing" is a school of nursing that has been removed from the list of approved schools for failure to meet the requirements of the law and the rules and regulations of the board or a school that has never been approved by the board.

((f)) 7 ((f)) "Extended Learning Sites" refers to any area external to the parent organization selected by faculty for student learning experiences.

((f)) 8 ((f)) "Faculty" means persons who are responsible for the educational program of the school of nursing and who hold faculty appointment in the school.

((f))9((f)) "Nursing student" is a person currently enrolled in an approved school of nursing.

((f))10((f)) "Nursing aide" as that phrase is used in RCW 18.88.280(3) ((the Professional Nurse Practice Act)) is a nursing student who is employed for the purpose of giving help, assistance and

support in the performance of those services which constitute the practice of ((professional)) registered nursing.

(a) "Direction((,-control)) and supervision" - the nursing aide may function only under the "direction((,-control,f)) and supervision" of the licensed ((professional)) registered nurse. She/he may never function as an independent practitioner or in a supervisory capacity, such as, e.g., head nurse, charge nurse, supervisor, administrator, or private duty nurse. She/he ((should never)) shall not perform duties or functions beyond her/his educational ((and professional)) nursing preparation, as determined by the school in which she/he is enrolled. Supervision((-)) and direction ((and control)) shall include, but not be limited to, the following:

(i) A delegation of duties with regard to each individual patient, which duties shall be consistent with and shall not be greater than the abilities of the nursing aide, as indicated by her/his level of educational ((and professional)) preparation;

(ii) An awareness of the activity of the nursing aide as it occurs; and
(iii) A continuing evaluation of the performance of the nursing aide, and reassignment consistent therewith.

(b) "Responsibilities - employer, school of nursing, and nursing aide":

(i) Employer. It is the responsibility of the employer of such a nursing aide to obtain evidence of the aide's preparation from the school of nursing in which this student is enrolled.

(ii) School of nursing. It is the responsibility of the ((nursing)) school of nursing to furnish the prospective employer of the nursing aide with written evidence of ((this)) the student's educational ((and professional)) preparation. Evidence of ((this)) the student's educational ((and professional)) preparation should include types of patients for whom she/he is prepared to care, specific procedures which she/he can perform, and additional nursing functions which she/he is prepared to do.

(iii) Nursing aide. It is the responsibility of the nursing aide((f)) to accept only those assignments which are within the limits of her/his preparation as specified by her/his school of nursing.

(11) "Registered nurse" as used in these rules shall mean a nurse as defined by RCW 18.88.170.

(12) "Nurse administrator" is an individual who meets the qualifications contained in WAC 308-120-((2))510 and who has been designated as the person primarily responsible for the direction of the program in nursing. Titles for this position may include, among others, dean, director, co-ordinator or chairperson.

(13) "Definition of terms appearing in RCW 18.88.280" - the terms "direction and supervision", "auxiliary services", and "minor nursing services" are defined as follows:

(a) "Minor nursing services". The techniques and procedures used by the nursing profession are extremely difficult to categorize as major or minor nursing services. The important factor with which this law is concerned is the determination of which nursing person and at what level of preparation that person may perform said technique or procedure in relation to the condition of a given patient, and this kind of determination rests with the registered nurse.

(b) "Auxiliary services" are all those nursing services provided to patients by persons other than the registered nurse, the licensed practical nurse and the nursing student.

(c) "Direction and supervision" shall include, but not be limited to the following:

(i) The delegation of duties with regard to each individual patient, which duties shall be consistent with and shall not be greater than the abilities of the auxiliary personnel, as indicated by their level of educational preparation.

(ii) An awareness of the activity of auxiliary personnel.

(iii) A continuing evaluation of the performance of the auxiliary personnel.

STATEMENT OF PURPOSE

The proposals for rule changes which follow, amend portions of Title 296, chapters 15 and 17, of the Washington Administrative Code. These titles pertain to self-insured employers' proportionate shares of state fund deficits and the calculation, reporting and collection of premiums for workers' compensation insurance coverage provided by the Department of Labor and Industries. The purpose of these proposed rules is to make the following substantive changes in Title 296 WAC as previously enacted:

Adopt a new rule pertaining to payment of deficits by self-insurers.

Establish 1981 basic premium rates by risk classification.

Revise experience rating parameters to reflect the new experience period, loss valuations and relativities of classification rates as proposed for 1981.

Change definitions of selected risk classifications as indicated by review of loss and exposure data and related facts.

Clarify and/or review rules relating to classification of businesses or occupations.

Statutory authority for these proposed changes is provided in RCW 51.04.020(1), 51.16.035 and 51.14.020(4).

In summary, the following changes are accomplished by the proposed rules:

Rules in effect at date of employers' certification to self-insure are reinstated as respects payment of those employers' share of state fund deficits.

Overall average premium rates are revised in accordance with actuarial analysis of past and prospective condition, performance and requirements of the accident, medical aid and supplemental pension funds. These revisions represent an average increase of approximately 0.3 percent in accident fund rates, an increase of approximately 10.5 percent in medical aid fund rates, and a decrease of approximately 5.0 percent in supplemental pension fund rates. In the case of accident fund and medical aid fund rates, revisions in rates for specific risk classifications vary from these overall averages according to experience attributable to each classification.

Experience rating plan parameters are revised to maintain actuarial balance in the determination of industrial insurance rates for individual employers.

Risk classification definitions are revised in respect to certain businesses or occupations, as deemed appropriate by actuarial and/or underwriting review of existing definitions and their experience.

The agency personnel responsible for the drafting, implementation and enforcement of the rules are:

Drafting: Charles F. Murphy, Leon Flaherty, Vern Castle, Bill White; General Administration Building, Olympia, Washington Phone: (206) 753-6308

Implementation: Charles F. Murphy, and other industrial insurance division personnel.
 Enforcement: Charles F. Murphy, Vern Castle, and other industrial insurance division personnel.

These rule changes are proposed by the Department of Labor and Industries, an agency of the State of Washington.

The proposing agency has no comments regarding statutory language, implementation, enforcement or fiscal matters beyond those shown above.

These rules are not necessitated by any federal law or federal or state court action.

NEW SECTION

WAC 296-15-044 PAYMENT OF DEFICIT. In determining a self-insurer's proper share of any deficit which must be paid to the department, pursuant to section 27(4), chapter 289, Laws of 1971 ex. sess., RCW 51.14.020(4), the following procedures shall apply:

(1) This rule is enacted to replace WAC 296-15-040, as amended, Order 77-19, filed 9/26/77, which has been declared void by order of Thurston county superior court dated May 12, 1980.

The intent of this rule is to assess each self-insuring employer according to the deficit rule formula in effect as of the date of certification as a self-insurer. This intent is accomplished by applying subsection (2) of this section to employers certified PRIOR to January

1, 1974; and by applying subsection (3) of this section to employers certified on or AFTER January 1, 1974.

(2) The following rules apply to those firms certified prior to January 1, 1974:

(a) The total state fund deficit, if any, as of the date of certification of an employer's right to self-insure shall be determined by the department based on the actuarial solvency of the state fund as a whole in accordance with recognized workers' compensation insurance principles. The percentage which such total deficit bears to actual total paid claim costs and pension reserve transfers of the state fund over the five fiscal years preceding date of certification exclusive of administrative costs and second injury and catastrophe class costs, shall then be determined.

(b) The deficit attributable to each employer shall be determined by applying the same percentage as determined under subdivision (a) to the actual total paid claim costs and pension reserve transfers of the employer over the preceding five fiscal years.

(c) The department will reevaluate the state fund deficit as of the effective date of self-insurance over a period of ten years thereafter, based on income and costs attributable to coverage provided prior to the effective date of self-insurance. The employer's deficit assessment shall be recalculated during the ten year period based on any change in the state fund deficit and on any additional premium or claim costs data specified in the above rules which may become available.

(3) The following rules apply to those firms certified on or after January 1, 1974:

(a) The total state fund deficit, if any, as of December 31, 1971, shall be determined by the department based on the actuarial solvency of the state fund as a whole in accordance with recognized workers' compensation insurance principles. The percentage which such total deficit bears to actual total paid claim costs and pension reserve transfers of the state fund over the preceding five calendar years ending December 31, 1971, exclusive of administrative costs and second injury and catastrophe costs, shall then be determined.

(b) The deficit attributable to each employer shall be determined by applying the same percentage as determined under subdivision (a) to the actual total paid claim costs and pension reserve transfers of each employer over the preceding five calendar years ending December 31, 1971.

(c) A self-insured employer's share of the deficit as computed under provisions of subdivision (b) will be modified by any change in the fund deficit between January 1, 1972, and the date of certification of the self-insured employer, which modification shall be calculated in the following manner:

A self-insured employer's total premium (industrial insurance and medical aid premium) paid within the period specified above will be compared to the total fund premium paid by all employers during such specified period. The percentage resulting from such comparison shall be applied to the change in the state fund deficit during the specified period which will result in either a debit or credit to the computation made pursuant to subdivision (b): PROVIDED, That any credit applied under this subdivision may not exceed the deficit amount computed pursuant to subdivision (b).

(d) The department will reevaluate the state fund deficit as of the effective date of self-insurance over a period of ten years thereafter, based on income and costs attributable to coverage provided prior to the effective date of self-insurance. The employer's deficit assessment shall be recalculated during the ten year period based on any change in the state fund deficit and on any additional premium or claim cost data specified in the above rules which may become available.

The department will cancel the cash deposit having been made by an employer who has been conducting a business or trade and who has

been reporting premium payments to the department for at least 12 consecutive calendar quarters: PROVIDED, HOWEVER, The cancellation of the deposit shall be contingent upon:

AMENDATORY SECTION (Amending Order 79-18, filed 11/30/79, effective 1/1/80)

WAC 296-17-855 EXPERIENCE MODIFICATION. The basis of the experience modification shall be a comparison of the actual losses charged to an employer during the experience period with the losses which would be expected for an average employer reporting the same exposures in each classification. The comparison shall contain actuarial refinements designed to mitigate the effects of losses which may be considered catastrophic or of doubtful statistical significance, due consideration being given to the volume of the employer's experience. Except for those employers who qualify for an adjusted experience modification as specified in WAC 296-17-860 or 296-17-865, the experience modification shall be calculated from the formula:

$$\text{MODIFICATION} = \frac{A_p + W A_e + (1-W) E_e + B}{E + B}$$

The components A_p , $W A_e$, and $(1-W) E_e$ are values which shall be charged against an employer's experience record. The component, E , shall be the expected value of these charges for an average employer reporting the same exposures in each classification. The meaning and function of each symbol in the formula is specified below.

" A_p " signifies "primary actual losses". For each claim the primary actual loss is defined as that portion of the claim which is considered completely rateable for all employers and which is to enter the experience modification calculation at its full value. For each claim in excess of \$((2,690))2,394, the primary actual loss shall be determined from the formula:

$$\text{Primary loss} = \frac{((6,726))5,986}{\text{Total loss} + ((4,036))3,592} \times \text{total loss}$$

Primary actual losses for selected claim values are shown in Table I. For each claim less than \$((2,690))2,394 the full value of the claim shall be considered a primary loss.

" A_e " signifies "excess actual losses". For each claim the excess actual loss is defined as that portion of the claim which is not considered

completely rateable for all employers. The excess actual loss for each claim shall be determined by subtracting the primary loss from the total loss.

" W " signifies "W value". For each employer, the W value determines the portion of the actual excess losses which shall be included in the calculation of his experience modification, due consideration being given to the volume of his experience. This amount is represented by the symbol " $W A_e$ " in the experience modification formula. W values are set forth in Table II.

" E " signifies "expected losses". An employer's expected losses shall be determined by multiplying his reported exposure in each classification during the experience period by the classification expected loss rate. Expected loss rates are set forth in Table III.

" E_e " signifies "expected excess losses". Expected losses in each classification shall be multiplied by the classification " D -Ratio" to obtain "expected primary losses". Expected excess losses shall then be calculated by subtracting expected primary losses from expected total losses. Each employer shall have a statistical charge included in the calculation of his experience modification, said charge to be actuarially equivalent to the amount forgiven an average employer because of the exclusion of a portion of his excess actual losses. This charge is represented by " $(1-W) E_e$ " in the experience modification formula. D -Ratios are set forth in Table III.

" B " signifies "B value" or "ballast". In order to limit the effect of a single severe accident on the modification of a small employer, a stabilizing element (B value) shall be added to both actual and expected losses. B values are set forth in Table II.
