PROVISIONS APPLICABLE TO PLAN 2 AND PLAN 3

RCW 41.35.005 Intent. The legislature recognizes that teachers and school district employees share the same educational work environment and academic calendar.

It is the intent of the legislature to achieve similar retirement benefits for all educational employees by transferring the membership of classified school employees in the public employees' retirement system plan 2 to the Washington school employees' retirement system plan 2. The transfer of membership to the Washington school employees' retirement system plan 2 is not intended to cause a diminution or expansion of benefits for affected members. It is enacted solely to

provide public employees working under the same conditions with the same options for retirement planning.

As members of the Washington school employees' retirement system plan 2, classified employees will have the same opportunity to transfer to the Washington school employees' retirement system plan 3 as their certificated coworkers. The ability to transfer to the Washington school employees' retirement system plan 3 offers members a new public retirement system that balances flexibility with stability; provides increased employee control of investments and responsible protection of the public's investment in employee benefits; and encourages the pursuit of public sector careers without creating barriers to other public or private sector employment. [1998 c 341 s 1.]

RCW 41.35.010 Definitions. The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Accumulated contributions" means the sum of all contributions standing to the credit of a member in the member's individual account, including any amount paid under RCW 41.50.165(2), together with the regular interest thereon.

(2) "Actuarial equivalent" means a benefit of equal value when computed upon the basis of such mortality and other tables as may be adopted by the director.

(3) "Adjustment ratio" means the value of index A divided by index B.

(4) "Annuity" means payments for life derived from accumulated contributions of a member. All annuities shall be paid in monthly installments.

(5) (a) "Average final compensation" for plan 2 and plan 3 members means the member's average compensation earnable of the highest consecutive sixty months of service credit months prior to such member's retirement, termination, or death. Periods constituting authorized leaves of absence may not be used in the calculation of average final compensation except under RCW 41.40.710(2).

(b) In calculating average final compensation under (a) of this subsection, the department of retirement systems shall include:

(i) Any compensation forgone by a member during the 2011-2013 fiscal biennium as a result of reduced work hours, mandatory leave without pay, temporary layoffs, or reductions to current pay if the reduced compensation is an integral part of the employer's expenditure reduction efforts, as certified by the employer. Reductions to current pay shall not include elimination of previously agreed upon future salary reductions; and

(ii) Any compensation forgone by a member during the 2019-2021 and 2021-2023 fiscal biennia as a result of reduced work hours, mandatory leave without pay, temporary layoffs, furloughs, reductions to current pay, or other similar measures resulting from the COVID-19 budgetary crisis, if the reduced compensation is an integral part of the employer's expenditure reduction efforts, as certified by the employer. Reductions to current pay shall not include elimination of previously agreed upon future salary increases.

(6) "Beneficiary" for plan 2 and plan 3 members means any person in receipt of a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer by another person.

(7) "Classified employee" means an employee of a school district or an educational service district who is not eligible for membership in the teachers' retirement system established under chapter 41.32 RCW.

(8) (a) "Compensation earnable" for plan 2 and plan 3 members, means salaries or wages earned by a member during a payroll period for personal services, including overtime payments, and shall include wages and salaries deferred under provisions established pursuant to sections 403(b), 414(h), and 457 of the United States internal revenue code, but shall exclude nonmoney maintenance compensation and lump sum or other payments for deferred annual sick leave, unused accumulated vacation, unused accumulated annual leave, or any form of severance pay.

(b) "Compensation earnable" for plan 2 and plan 3 members also includes the following actual or imputed payments, which are not paid for personal services:

(i) Retroactive payments to an individual by an employer on reinstatement of the employee in a position, or payments by an employer to an individual in lieu of reinstatement, which are awarded or granted as the equivalent of the salary or wage which the individual would have earned during a payroll period shall be considered compensation earnable to the extent provided in this subsection, and the individual shall receive the equivalent service credit;

(ii) In any year in which a member serves in the legislature, the member shall have the option of having such member's compensation earnable be the greater of:

(A) The compensation earnable the member would have received had such member not served in the legislature; or

(B) Such member's actual compensation earnable received for nonlegislative public employment and legislative service combined. Any additional contributions to the retirement system required because compensation earnable under (b) (ii) (A) of this subsection is greater than compensation earnable under this (b) (ii) (B) of this subsection shall be paid by the member for both member and employer contributions;

(iii) Assault pay only as authorized by RCW 27.04.100, 72.01.045, and 72.09.240;

(iv) Compensation that a member would have received but for a disability occurring in the line of duty only as authorized by RCW 41.40.038;

(v) Compensation that a member receives due to participation in the leave sharing program only as authorized by RCW 41.04.650 through 41.04.670; and

(vi) Compensation that a member receives for being in standby status. For the purposes of this section, a member is in standby status when not being paid for time actually worked and the employer requires the member to be prepared to report immediately for work, if the need arises, although the need may not arise.

(9) "Department" means the department of retirement systems created in chapter 41.50 RCW.

(10) "Director" means the director of the department.

(11) "Eligible position" means any position that, as defined by the employer, normally requires five or more months of service a year for which regular compensation for at least seventy hours is earned by the occupant thereof. For purposes of this chapter an employer shall

not define "position" in such a manner that an employee's monthly work for that employer is divided into more than one position.

(12) "Employee" or "employed" means a person who is providing services for compensation to an employer, unless the person is free from the employer's direction and control over the performance of work. The department shall adopt rules and interpret this subsection consistent with common law.

(13) "Employer," for plan 2 and plan 3 members, means a school district, an educational service district, or tribal school that has chosen to participate in the retirement system and has satisfied the requirements of RCW 28A.715.010(7). Except as otherwise specifically provided in this chapter, "employer" does not include a government contractor. For purposes of this subsection, a "government contractor" is any entity, including a partnership, limited liability company, for-profit or nonprofit corporation, or person, that provides services pursuant to a contract with an employer. The determination whether an employer-employee relationship has been established is not based on the relationship between a government contractor and an employer, but is based solely on the relationship between a government contractor's employee and an employer under this chapter.

(14) "Final compensation" means the annual rate of compensation earnable by a member at the time of termination of employment.

(15) "Index" means, for any calendar year, that year's annual average consumer price index, Seattle, Washington area, for urban wage earners and clerical workers, all items, compiled by the bureau of labor statistics, United States department of labor.

(16) "Index A" means the index for the year prior to the determination of a postretirement adjustment.

(17) "Index B" means the index for the year prior to index A.

(18) "Ineligible position" means any position which does not conform with the requirements set forth in subsection (22) of this section.

(19) "Leave of absence" means the period of time a member is authorized by the employer to be absent from service without being separated from membership.

(20) "Member" means any employee included in the membership of the retirement system, as provided for in RCW 41.35.030.

(21) "Member account" or "member's account" for purposes of plan 3 means the sum of the contributions and earnings on behalf of the member in the defined contribution portion of plan 3.

(22) "Membership service" means all service rendered as a member.

(23) "Pension" means payments for life derived from contributions made by the employer. All pensions shall be paid in monthly installments.

(24) "Plan 2" means the Washington school employees' retirement system plan 2 providing the benefits and funding provisions covering persons who first became members of the public employees' retirement system on and after October 1, 1977, and transferred to the Washington school employees' retirement system under RCW 41.40.750.

(25) "Plan 3" means the Washington school employees' retirement system plan 3 providing the benefits and funding provisions covering persons who first became members of the system on and after September 1, 2000, or who transfer from plan 2 under RCW 41.35.510.

(26) "Regular interest" means such rate as the director may determine.

(27) "Retiree" means any person who has begun accruing a retirement allowance or other benefit provided by this chapter resulting from service rendered to an employer while a member.

(28) "Retirement" means withdrawal from active service with a retirement allowance as provided by this chapter.

(29) "Retirement allowance" for plan 2 and plan 3 members means monthly payments to a retiree or beneficiary as provided in this chapter.

(30) "Retirement system" means the Washington school employees' retirement system provided for in this chapter.

(31) "Separation from service" occurs when a person has terminated all employment with an employer.

(32) "Service" for plan 2 and plan 3 members means periods of employment by a member in an eligible position or positions for one or more employers for which compensation earnable is paid. Compensation earnable earned for ninety or more hours in any calendar month shall constitute one service credit month except as provided in RCW 41.35.180. Compensation earnable earned for at least seventy hours but less than ninety hours in any calendar month shall constitute one-half service credit month of service. Compensation earnable earned for less than seventy hours in any calendar month shall constitute one-quarter service credit month of service. Time spent in standby status, whether compensated or not, is not service.

Any fraction of a year of service shall be taken into account in the computation of such retirement allowance or benefits.

(a) Service in any state elective position shall be deemed to be full-time service.

(b) A member shall receive a total of not more than twelve service credit months of service for such calendar year. If an individual is employed in an eligible position by one or more employers the individual shall receive no more than one service credit month during any calendar month in which multiple service for ninety or more hours is rendered.

(c) For purposes of plan 2 and 3 "forty-five days" as used in RCW 28A.400.300 is equal to two service credit months. Use of less than forty-five days of sick leave is creditable as allowed under this subsection as follows:

(i) Less than eleven days equals one-quarter service credit month;

(ii) Eleven or more days but less than twenty-two days equals one-half service credit month;

(iii) Twenty-two days equals one service credit month;

(iv) More than twenty-two days but less than thirty-three days equals one and one-quarter service credit month; and

(v) Thirty-three or more days but less than forty-five days equals one and one-half service credit month.

(d) Reduction efforts such as furloughs, reduced work hours, mandatory leave without pay, temporary layoffs, or other similar situations as contemplated by subsection (5)(b)(ii) of this section do not result in a reduction in service credit that otherwise would have been earned for that month of work, and the member shall receive the full service credit for the hours that were scheduled to be worked before the reduction.

(33) "Service credit month" means a month or an accumulation of months of service credit which is equal to one.

(34) "Service credit year" means an accumulation of months of service credit which is equal to one when divided by twelve.

(35) "State actuary" or "actuary" means the person appointed pursuant to RCW 44.44.010(2).

(36) "State elective position" means any position held by any person elected or appointed to statewide office or elected or appointed as a member of the legislature.

(37) "State treasurer" means the treasurer of the state of Washington.

(38) "Substitute employee" means a classified employee who is employed by an employer exclusively as a substitute for an absent employee. [2021 c 12 s 5; 2018 c 257 s 3; 2012 c 236 s 4. Prior: 2011 1st sp.s. c 5 s 3; 2003 c 157 s 1; 2001 c 180 s 3; 1998 c 341 s 2.]

(5) Each employer shall quarterly notify each substitute employee it has employed during the school year of the number of hours worked by, and the compensation paid to, the substitute employee.

(6) If a substitute employee, as defined in RCW 41.35.010(38), applies to the department under this section for credit for earnable compensation earned from an employer, the substitute employee must make contributions for all periods of service for that employer.

RCW 41.35.035 Membership in system—Charter school employers and employees. This section designates charter schools established under chapter 28A.710 RCW as employers and charter school employees as members, and applies only if the department of retirement systems receives determinations from the internal revenue service and the United States department of labor that participation does not jeopardize the status of these retirement systems as governmental plans under the federal employees' retirement income security act and the internal revenue code. [2016 c 241 s 134. Prior: 2013 c 2 s 304 (Initiative Measure No. 1240, approved November 6, 2012).]

(1)(a) If a retiree enters employment with an employer sooner than one calendar month after his or her accrual date, the retiree's monthly retirement allowance will be reduced by five and one-half percent for every eight hours worked during that month. This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred sixty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2)(a) A retiree who has satisfied the break in employment requirement of subsection (1) of this section may work up to eight hundred sixty-seven hours per calendar year in an eligible position, as defined in RCW 41.32.010, 41.35.010, 41.37.010, or 41.40.010, or as a firefighter or law enforcement officer, as defined in RCW 41.26.030,

Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. of death nor a surviving spouse, then to the retiree's legal representative.

(ii) For members of plan 3, upon the death of the retired member, the member's benefits shall cease.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a person nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2) (a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) and (c) of this subsection. If a member is married and both the member and the member's spouse do not give written consent to an option under this section, the department shall pay a joint and fifty percent survivor benefit calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) and (c) of this subsection.

(c) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal consent provisions of (a) of this subsection do not apply.

(3) No later than July 1, 2001, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a) (i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse from a postretirement marriage as a survivor during a one-year period beginning one year after the date of the postretirement marriage provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a)(i) of this subsection shall have one year to designate their spouse as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a nonspouse as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

(4) No later than July 1, 2003, the department shall adopt rules to permit:

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member of plan 2 who meets the length of service requirements of RCW 41.35.420, or a member of plan 3 who meets the length of service requirements of RCW 41.35.680(1), and the member's divorcing spouse be divided into two separate benefits payable over the life of each spouse.

Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse shall be eligible to commence receiving their separate benefit upon reaching the ages provided in RCW 41.35.420(1) for members of plan 2, or RCW 41.35.680(1) for members of plan 3, and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse if the nonmember ex spouse was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (3) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

Both the retired member and the nonmember divorced spouse shall be eligible to commence receiving their separate benefits upon filing a copy of the dissolution order with the department in accordance with RCW 41.50.670.

(c) The department may make an additional charge or adjustment if necessary to ensure that the separate benefits provided under this subsection are actuarially equivalent to the benefits payable prior to the decree of dissolution.

(5) Beginning on the date that the state receives a determination from the federal internal revenue service that this subsection (5) conforms with federal law, retirees have up to ninety calendar days after the receipt of their first retirement allowance to change their survivor election under subsections (1) and (2) of this section. If a member changes the member's survivor election under this subsection the change is effective the first of the following month and is prospective only. If the director approves the conversion, the calculation of the actuarial equivalent of the total estimated regular benefit will be computed based on the beneficiary's age at the time the benefit initially accrued. The lump sum payment will be reduced to reflect any payments received on or after the initial benefit accrual date.

(3) Persons covered under the provisions of RCW 41.40.625 or subsection (1) of this section may upon returning to member status reinstate all previous service by depositing the lump sum payment received, with interest as computed by the director, within two years of returning to service or prior to rereading, whichever comes first. In computing the amount due, the director shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(4) If a member fails to meet the time limitations under subsection (3) of this section, reinstatement of all previous service will occur if the member pays the amount required under RCW 41.50.165(2). The amount, however, shall exclude the accumulated value of the normal payments the member would have received while in beneficiary status if the lump sum payment had not occurred.

(5) Only persons entitled to or receiving a service retirement allowance under RCW 41.35.400 or an earned disability allowance under RCW 41.35.440 qualify for participation under this section.

RCW 41.35.430 Employer and member contribution rates. The required contribution rates to the retirement system for both members and employers shall be established by the director from time to time as may be necessary upon the advice of the state actuary. The state actuary shall use the aggregate actuarial cost method to calculate contribution rates. The employer contribution rate calculated under this section shall be used only for the purpose of determining the amount of employer contributions to be deposited in the plan 2 fund from the total employer contributions collected under RCW 41.35.090.

Contribution rates required to fund the costs of the retirement system shall always be equal for members and employers, except as herein provided. Any adjustments in contribution rates required from time to time for future costs shall likewise be shared equally by the members and employers.

Any increase in the contribution rate required as the result of a failure of an employer to make any contribution required by this section shall be borne in full by the employer not making the contribution.

The member shall receive a monthly disability allowance computed as provided for in RCW 41.35.400 and shall have this allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age sixty-five.

Any member who receives an allowance under the provisions of this section shall be subject to comprehensive medical examinations as required by the department. If these medical examinations reveal that a member has recovered from the incapacitating disability and the member is offered reemployment by an employer at a comparable compensation, the member shall cease to be eligible for the allowance.

(2) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member's estate, or the person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no designated person or persons still living at the time of the recipient's death, then to the surviving spouse, or, if there is no designated person or persons still living at the time of his or her death nor a surviving spouse, then to his or her legal representative. [1998 c 341 s 105.]

If there be no such designated person or persons still living at the time of the member's death, such member's accumulated contributions standing to such member's credit in the retirement system, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's surviving spouse as if in fact such spouse had been nominated by written designation, or if there be no such surviving spouse, then to such member's legal representatives.

(a) A retirement allowance computed as provided for in RCW 41.35.420, actuarially reduced by the amount of any lump sum benefit identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670 and actuarially adjusted to reflect a joint and one hundred percent survivor option under RCW 41.35.220 and, except under subsection (4) of this section, if the member was not eligible for normal retirement at the date of death a further reduction as described in RCW 41.35.420; if a surviving spouse who is receiving a retirement allowance dies leaving a child or children of the member under the age of majority, then such child or children shall continue to receive an allowance in an amount equal to that which was being received by the surviving spouse, share and share alike, until such child or children reach the age of majority; if there is no surviving spouse eligible to receive an allowance at the time of the member's death, such member's child or children under the age of majority shall receive an allowance, share and share alike, calculated as herein provided making the assumption that the ages of the spouse and member were equal at the time of the member's death; or

(b) The member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670.

(3) If a member who is eligible for retirement or a member who has completed at least ten years of service dies and is not survived by a spouse or an eligible child, then the accumulated contributions standing to the member's credit, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid:

The member's retirement allowance is computed under RCW 41.35.400. [2009 c 226 s 8; 2003 c 155 s 4; 1998 c 341 s 107.]

Applicability—2003 c 155: See note following RCW 41.32.520.

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The compensation earnable reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if:

(a) The member makes both the plan 2 employer and member contributions plus interest as determined by the department for the period of the authorized leave of absence within five years of resumption of service or prior to retirement whichever comes sooner; or

(b) If not within five years of resumption of service but prior to retirement, pay the amount required under RCW 41.50.165(2).

The contributions required under (a) of this subsection shall be based on the average of the member's compensation earnable at both the time the authorized leave of absence was granted and the time the member resumed employment.

(4) A member who leaves the employ of an employer to enter the uniformed services of the United States shall be entitled to retirement system service credit for up to five years of military service. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

(a) The member qualifies for service credit under this subsection if:

(i) Within ninety days of the member's honorable discharge from the uniformed services of the United States, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the uniformed services; and

(ii) The member makes the employee contributions required under RCW 41.35.430 within five years of resumption of service or prior to retirement, whichever comes sooner; or

(iii) Prior to retirement and not within ninety days of the member's honorable discharge or five years of resumption of service the member pays the amount required under RCW 41.50.165(2); or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service credit during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(b) Upon receipt of member contributions under (a)(ii), (d)(iii), or (e)(iii) of this subsection, or adequate proof under (a)(iv), (d)(iv), or (e)(iv) of this subsection, the department shall establish the member's service credit and shall bill the employer for its contribution required under RCW 41.35.430 for the period of military service, plus interest as determined by the department.

(c) The contributions required under (a)(ii), (d)(iii), or (e)(iii) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(d) The surviving spouse or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;

(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iii) Pays the employee contributions required under chapter 41.45 RCW within five years of the date of death or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to the distribution of any benefit, provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. If the deceased member made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005, the surviving spouse or eligible child or children may, prior to the distribution of any benefit and on a form provided by the department, request a refund of the funds standing to the deceased member's credit for up to five years of such service, and this amount shall be paid to the surviving spouse or children. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(e) A member who leaves the employ of an employer to enter the uniformed services of the United States and becomes totally incapacitated for continued employment by an employer while serving in the uniformed services is entitled to retirement system service credit under this subsection up to the date of discharge from the uniformed services if:

(i) The member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while serving in the uniformed services;

(ii) The member provides to the director proof of honorable discharge from the uniformed services; and

Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. A member who files a request for refund and subsequently enters into employment with another employer prior to the refund being made shall not be eligible for a refund. The refund of accumulated contributions shall terminate all rights to benefits under RCW 41.35.400 through 41.35.599. [1998 c 341 s 110.]

The restoration of such funds must be completed within five years of the resumption of service or prior to retirement, whichever occurs first.

(2) If a member fails to meet the time limitations of subsection (1) of this section, the member may receive service credit destroyed by the withdrawn contributions if the amount required under RCW 41.50.165(2) is paid. [1998 c 341 s 111.]

Contributions made pursuant to RCW 41.50.165(2) that are not transferred to the member's account shall be transferred to the fund created in RCW 41.50.075(4), except that interest earned on all such contributions shall be transferred to the member's account.

(5) The legislature reserves the right to discontinue the right to transfer under this section.

(6) Anyone previously retired from plan 2 is prohibited from transferring to plan 3. [2002 c 26 s 7; 1998 c 341 s 114.]

This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

The department shall establish the member's service credit and shall bill the employer for its contribution required under RCW 41.35.720 for the period of military service, plus interest as determined by the department. Service credit under this subsection may be obtained only if the member makes the employee contribution to the defined contribution portion as determined by the department, or prior to retirement, the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

The contributions required shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;

(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iii) Pays the employee contributions required under this subsection within five years of the date of death or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to the distribution of any benefit, provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. If the deceased member made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005, the surviving spouse or eligible child or children may, prior to the distribution of any benefit and on a form provided by the department,

request a refund of the funds standing to the deceased member's credit for up to five years of such service, and this amount shall be paid to the surviving spouse or children. Members with one or more periods of interruptive military service during a period of war may receive no more than five years of free retirement system service credit under this subsection.

(b) A member who leaves the employ of an employer to enter the uniformed services of the United States and becomes totally incapacitated for continued employment by an employer while serving in the uniformed services is entitled to retirement system service credit under this subsection up to the date of discharge from the uniformed services if:

(i) The member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while serving in the uniformed services;

(ii) The member provides to the director proof of honorable discharge from the uniformed services; and

(iii) The member pays the employee contributions required under this subsection within five years of the director's determination of total disability or prior to the distribution of any benefit, whichever comes first; or

(iv) Prior to retirement the member provides to the director proof that the member's interruptive military service was during a period of war as defined in RCW 41.04.005. Any member who made payments for service credit for interruptive military service during a period of war as defined in RCW 41.04.005 may, prior to retirement and on a form provided by the department, request a refund of the funds standing to his or her credit for up to five years of such service, and this amount shall be paid to him or her.
