RCW 16.08.110 Breed-based regulations. (1) A city or county may not prohibit the possession of a dog based upon its breed, impose requirements specific to possession of a dog based upon its breed, or declare a dog dangerous or potentially dangerous based on its breed unless all of the following conditions are met:

(a) The city or county has established and maintains a reasonable process for exempting any dog from breed-based regulations or a breed ban if the dog passes the American kennel club canine good citizen test or a reasonably equivalent canine behavioral test as determined by the city or county;

(b) Dogs that pass the American kennel club canine good citizen test or a reasonably equivalent canine behavioral test are exempt from breed-based regulations for a period of at least two years;

(c) Dogs that pass the American kennel club canine good citizen test or a reasonably equivalent canine behavioral test are given the opportunity to retest to maintain their exemption from breed-based regulations; and

(d) Dogs that fail the American kennel club canine good citizen test or a reasonably equivalent canine behavioral test are given the opportunity to retest within a reasonable period of time, as determined by the city or county.

(2) This section does not apply to the act of documenting either a dog's breed or its physical appearance, or both, solely for identification purposes when declaring a dog dangerous or potentially dangerous.

(3) For the purpose of this section, "dog" means a domesticated member of the family canidae, specifically species *Canus lupus familiaris*, and excludes nondomesticated members of the family canidae and any hybrids thereof, including but not limited to wolves, coyotes, wolf-dog hybrids, and coyote-dog hybrids. [2019 c 199 § 2.]

Findings—Intent—2019 c 199: "(1) A number of local jurisdictions have enacted ordinances prohibiting or placing additional restrictions on specific breeds of dogs. While the legislature recognizes that local jurisdictions have a valid public safety interest in protecting citizens from dog attacks, the legislature finds that a dog's breed is not inherently indicative of whether or not a dog is dangerous and that the criteria for determining whether or not a dog is dangerous or potentially dangerous should be focused on the dog's behavior.

(2) The legislature further finds that breed-specific ordinances fail to address the factors that cause dogs to become aggressive and place an undue hardship on responsible dog owners who provide proper socialization and training. The legislature intends to encourage local jurisdictions to more effectively and fairly control dangerous dogs and enhance public safety by focusing on dogs' behavior rather than their breeds." [2019 c 199 § 1.]

Effective date—2019 c 199: "This act takes effect January 1, 2020." [2019 c 199 § 3.]
