RCW 19.94.350  Packaged commodities in intrastate commerce—
Declaration of contents on outside—Rules. (1) Except as otherwise
provided in this chapter, any commodity in package form introduced or
delivered for introduction into or received in intrastate commerce,
kept for the purpose of sale, offered or exposed for sale or sold in
intrastate commerce, must bear on the outside of the package such
definite, plain, and conspicuous declaration of:
   (a) The identity of the commodity contained within the package
      unless the same can easily be identified through the package;
   (b) The net quantity of the contents in terms of weight, measure
      or count; and
   (c) In the case of any package not sold on the premises where
      packed, the name and place of business of the manufacturer, packer, or
      distributor, as may be prescribed by rule issued by the director.

(2) The declaration of weight, measure, or count required under
subsection (1)(b) of this section, must not include or be associated
with the qualifying term "when packed," any words of similar import,
or any term qualifying a unit of weight, measure, or count (for
example, "jumbo", "giant", "full", "or over", and the like) that tends
to exaggerate the amount of commodity in a package.

(3) With respect to the declaration of weight, measure, or count
required under subsection (1)(b) of this section, the director may by
rule establish: (a) Reasonable variations to be allowed; (b)
exemptions as to small packages; (c) exemptions as to commodities put
up in variable weights or sizes for sale to the consumer intact and
either customarily not sold as individual units or customarily weighed
or measured at time of sale to the consumer; and (d) methods for
checking the net contents of packaged goods. [2019 c 96 § 12; 1992 c
