

RCW 28A.225.018 Conferences to identify barriers to child's school attendance. (1) Except as provided in subsection (2) of this section, in the event that a child in elementary school is required to attend school under RCW 28A.225.010 or 28A.225.015(1) and has five or more excused absences in a single month during the current school year, or ten or more excused absences in the current school year, the school district shall schedule a conference or conferences with the parent and child at a time reasonably convenient for all persons included for the purpose of identifying the barriers to the child's regular attendance, and the supports and resources that may be made available to the family so that the child is able to regularly attend school. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the absences, the school district may schedule this conference on that day. To satisfy the requirements of this section, the conference must include at least one school district employee such as a nurse, counselor, social worker, teacher, or community human services provider, except in those instances regarding the attendance of a child who has an individualized education program or a plan developed under section 504 of the rehabilitation act of 1973, in which case the reconvening of the team that created the program or plan is required.

(2) A conference pursuant to subsection (1) of this section is not required in the event of excused absences for which prior notice has been given to the school or a doctor's note has been provided and an academic plan is put in place so that the child does not fall behind. [2016 c 205 § 3.]
