RCW 28A.315.005 Governance structure. (1) Under the constitutional framework and the laws of the state of Washington, the governance structure for the state's public common school system is comprised of the following bodies: The legislature, the governor, the superintendent of public instruction, the state board of education, the educational service district boards of directors, and local school district boards of directors. The respective policy and administrative roles of each body are determined by the state Constitution and statutes.

(2) Local school districts are political subdivisions of the state and the organization of such districts, including the powers, duties, and boundaries thereof, may be altered or abolished by laws of the state of Washington. [2016 c 241 § 132. Prior: 2013 c 2 § 302 (Initiative Measure No. 1240, approved November 6, 2012); 1999 c 315 § 1.]

Effective date—2016 c 241: See RCW 28A.710.901.

RCW 28A.315.015 Purpose—Policy. (1) It is the purpose of this chapter to:

(a) Incorporate into a single, comprehensive, school district organization law all essential provisions governing:

(i) The formation and establishment of new school districts;
(ii) The alteration of the boundaries of existing districts; and
(iii) The adjustment of the assets and liabilities of school districts when changes are made under this chapter; and

(b) Establish methods and procedures whereby changes in the school district system may be brought about by the people concerned and affected.

(2) It is the state's policy that decisions on proposed changes in school district organization should be made, whenever possible, by negotiated agreement between the affected school districts. If the districts cannot agree, the decision shall be made by the regional committees on school district organization, based on the committees' best judgment, taking into consideration the following factors and factors under RCW 28A.315.205:

(a) A balance of local petition requests and the needs of the statewide community at large in a manner that advances the best interest of public education in the affected school districts and communities, the educational service district, and the state;

(b) Responsibly serving all of the affected citizens and students by contributing to logical service boundaries and recognizing a changing economic pattern within the educational service districts of the state;

(c) Enhancing the educational opportunities of pupils in the territory by reducing existing disparities among the affected school districts' ability to provide operating and capital funds through an equitable adjustment of the assets and liabilities of the affected districts;

(d) Promoting a wiser use of public funds through improvement in the school district system of the educational service districts and the state; and

(e) Other criteria or considerations as may be established in rule by the superintendent of public instruction.

(3) It is neither the intent nor purpose of this chapter to apply to organizational changes and the procedure therefor relating to capital fund aid by nonhigh school districts as provided for in chapter 28A.540 RCW. [2006 c 263 § 504; 1999 c 315 § 101.]

(2) If the negotiating school boards cannot come to agreement about the proposed transfer of territory, or cannot agree how to annex a financially insolvent district, the educational service district superintendent, if requested by the affected districts, shall appoint a mediator. The mediator has thirty days to work with the affected school districts to see if an agreement can be reached on the proposed transfer of territory.

(3) If the affected school districts cannot come to agreement about the proposed transfer of territory, or cannot agree how to annex a financially insolvent district, and the districts do not request the services of a mediator or the mediator was unable to bring the districts to agreement, any affected district may file with the educational service district superintendent a written request for a hearing by the regional committee.

(4) If the affected school districts cannot come to agreement about the proposed transfer of territory initiated by citizen petition, and the districts do not request the services of a mediator or the mediator was unable to bring the districts to agreement, the district in which the citizens who filed the petition reside must file with the educational service district superintendent a written request for a hearing by the regional committee, unless a majority of the citizen petitioners request otherwise.

(5) Upon receipt of a notice under subsection (3) or (4) of this section, the educational service district superintendent must notify the chair of the regional committee in writing within ten days.

(6) Costs incurred by school districts under this section shall be reimbursed by the state from such funds as are appropriated for this purpose. [2012 c 186 § 5.]

(5) (a) (i) A petitioner or school district may appeal a decision by the regional committee to the superintendent of public instruction based on the claim that the regional committee failed to follow the applicable statutory and regulatory procedures or acted in an arbitrary and capricious manner. Any such appeal shall be based on the record and the appeal must be filed within thirty days of the final decision of the regional committee. The appeal shall be heard and determined by an administrative law judge in the office of administrative hearings, based on the standards in (a)(ii) of this subsection.

(ii) If the administrative law judge finds that all applicable procedures were not followed or that the regional committee acted in an arbitrary and capricious manner, the administrative law judge shall refer the matter back to the regional committee with an explanation of his or her findings. The regional committee shall rehear the proposal.

(iii) If the administrative law judge finds that all applicable procedures were followed or that the regional committee did not act in an arbitrary and capricious manner, depending on the appeal, the educational service district shall be notified and directed to implement the changes.

(iv) The administrative law judge shall expedite review and issuance of a decision on an appeal of a decision approving the dissolution and annexation of a financially insolvent district.

(b) Any school district or citizen petitioner affected by a final decision of the regional committee may seek judicial review of the committee's decision in accordance with RCW 34.05.570. (c) The order shall also establish all approved terms of the equitable adjustment of assets and liabilities involving the affected districts.

(d) For school districts that are dissolved and annexed pursuant to RCW 28A.315.225, the order must provide that any excess tax levy approved, including previously approved and imposed excess levies by the school district annexing or receiving the transferred territory from the financially insolvent school district and replacement and supplemental levies voted upon by voters of the entire newly established territory before the effective date of the dissolution by the school district receiving the transferred territory from the dissolved school district shall, in the cases of previously approved and imposed excess levies of the annexing or receiving school district, be imposed on the newly annexed, or dissolved territory, and in the case of replacement or supplemental levies, the entire newly established territory, pursuant to RCW 84.09.030.

RCW 28A.315.221 Financial oversight committee—Membership—Review of financially insolvent districts—Enhanced financial monitoring—Rules. (1) The superintendent of public instruction shall convene a financial oversight committee:

(a) At the request of the board of directors of a financially insolvent district;

(b) When the superintendent of public instruction determines a district is financially insolvent, after first consulting with the educational service district where the district is located and notifying the district the committee will be convened; or

(c) When a district has been on binding conditions pursuant to RCW 28A.505.110 for two consecutive years and does not have a satisfactory financial plan.

(2) The financial oversight committee comprises two representatives from the office of the superintendent of public instruction, one representative from an educational service district where a financially insolvent school district is not located, and one nonvoting representative from the educational service district where the financially insolvent school district is located.

(3) The financial oversight committee shall review the financial condition of a financially insolvent school district. In conducting its review, the committee shall hold a public hearing in the financially insolvent school district or educational service district in order to receive public comment on any proposed financial plans. If the financial oversight committee feels that dissolution of the financially insolvent school district is a valid option, it shall receive input at the public hearing on options for dissolving said school district.

(4) After holding a public hearing as provided in subsection (3) of this section, the financial oversight committee must make a recommendation to the superintendent of public instruction to either dissolve a financially insolvent school district or to place a district under enhanced financial monitoring to reduce the risk of dissolution due to insolvency. The superintendent of public

instruction must implement financial oversight committee recommendations via enhanced financial oversight, which will be monitored by the educational service district.

(5) Enhanced financial oversight may include, but is not limited to, the following types of actions, which the superintendent of public instruction is expressly authorized to implement and enforce:

(a) Appointment of a special administrator to oversee and carry out financial conditions imposed on the district as recommended by the financial oversight committee;

(b) Review, approval, and limitations on a school district's authority to enter into contracts;

(c) Review, approval, and limitations on hiring and personnel actions; and

(d) Liquidation or disposition of fixed assets and contractual liabilities by any reasonable and documented method provided the liquidation or disposition of fixed assets and contractual liabilities is reasonably necessary before filing a dissolution petition.

(6) Any new, amended, or renewed contract entered into by a school district that is subject to enhanced financial monitoring that has not been approved by the educational service district or special administrator, or that is inconsistent with conditions imposed on the district pursuant to this section, is null and void.

(7) Any action taken by a school district subject to enhanced financial monitoring that is likely to affect the district's finances is null and void if the action was not approved by the educational service district or special administrator or if the action is inconsistent with conditions imposed on the district pursuant to this section.

(8) The superintendent of public instruction shall adopt rules to carry out the provisions in this section, which may include, but are not limited to, identifying the responsibilities and authority of the financial oversight committee, the educational service district, the special administrator, and the school district and the implementation of enhanced financial oversight. [2012 c 186 § 8.]

Effective date—2012 c 186: See note following RCW 28A.315.025.

RCW 28A.315.225 Dissolution and annexation of certain districts—Dissolution of financially insolvent districts—Annexation of nondistrict property. (1) In case any school district has an average enrollment of fewer than five kindergarten through eighth grade pupils during the preceding three consecutive school years or has not made a reasonable effort to maintain, during the preceding school year at least the minimum term of school required by law, the educational service district superintendent shall report that fact to the regional committee, which committee shall dissolve the school district and annex the territory thereof to some other district or districts. For the purposes of this section, in addition to any other finding, "reasonable effort" shall be deemed to mean the attempt to make up whatever days are short of the legal requirement by conducting of school classes on any days to include available holidays, though not to include Saturdays and Sundays, prior to June 15th of that year. School districts operating an extended school year program, most commonly implemented as a 45-15 plan, shall be deemed to be making a reasonable effort. In the event any school district has suffered any

interruption in its normal school calendar due to a strike or other work stoppage or slowdown by any of its employees that district shall not be subject to this section.

(2) A financially insolvent school district may be dissolved and annexed to one or more contiguous districts, in accordance with an agreement between the insolvent district and at least one other contiguous district, that has been approved by the financial oversight committee, or in accordance with the decision of the regional committee. A financially insolvent district may file bankruptcy only if it is recommended by the financial oversight committee.

(3) (a) A petition to dissolve a financially insolvent school district may be filed with the educational service district superintendent by the superintendent of public instruction if, before signing and filing the petition, the financial oversight committee was convened and recommended that the district be dissolved.

(b) A petition for dissolution under this subsection (3) must include the name of the financially insolvent district, the legal boundaries of the district, the names of contiguous school districts, the basis for concluding the district is financially insolvent, a map with legal description of the proposed annexation of the financially insolvent school district to one or more contiguous school districts, and any proposed equitable adjustments of assets and liabilities for the affected districts. The proposed annexation and equitable adjustment of assets and liabilities must be based on the factors in RCW 28A.315.015(2), 28A.315.205(4), and 28A.315.245.

(c) The superintendent of public instruction, at the recommendation of the financial oversight committee, may take the following actions upon filing a petition to dissolve a financially insolvent school district: Authorize liquidation or disposition of fixed assets and contractual liabilities by any reasonable and documented method.

(d) A petition to dissolve a financially insolvent school district shall be processed in accordance with RCW 28A.315.199 and 28A.315.205.

(4) The superintendent of public instruction may request an appropriation to address matters associated with the dissolution of a financially insolvent school district.

(5) The superintendent of public instruction may adopt rules governing actions that may be taken to prevent a school district from being dissolved and to assist in the orderly and timely dissolution and annexation of school districts that are unable to avoid financial insolvency.

(6) In case any territory is not a part of any school district, the educational service district superintendent shall present to the regional committee a proposal for the annexation of the territory to some contiguous district or districts. [2015 c 82 § 1; 2012 c 186 § 9; 1999 c 315 § 501.]

Effective date—2015 c 82: "This act takes effect September 1, 2015." [2015 c 82 § 2.]

Effective date—2012 c 186: See note following RCW 28A.315.025.

RCW 28A.315.229 Employment contracts and collective bargaining agreements in dissolved financially insolvent districts. (1) As of

the effective date of dissolution of a financially insolvent district, all existing employment contracts and collective bargaining agreements of the financially insolvent district shall be extinguished.

(2) School districts that annex or receive territory from a financially insolvent district have full authority to constitute their workforces, and have no duty to bargain with, or observe the former wages and working conditions of, any former employees of a financially insolvent district who may be hired; rather, any employees hired from a financially insolvent district become part of the appropriate bargaining units, if any, of the annexing or receiving district, and their wages and working conditions are defined by the terms of the annexing or receiving district's bargaining agreements or other policies or conditions of employment.

(3) Certificated employees of a district that is dissolved due to financial insolvency have no continuing contract or appeal rights under RCW 28A.405.210 through 28A.405.380 or other law, nor do certificated or classified employees of a district dissolved due to financial insolvency have any resort to grievance or arbitration under a collective bargaining agreement, and any inconsistent provision of any individual contract or collective bargaining agreement is null and void. Sufficient cause for nonrenewal or discharge of such certificated and classified personnel is deemed to exist by sole virtue of the employer district's dissolution for financial insolvency. Notice of nonrenewal or discharge under such circumstances may be given by the educational service district superintendent without regard to date. Any appeal must be addressed to the educational service district board on an expedited basis according to rules established by the superintendent of public instruction, and must be confined to the issue of whether the employer district is dissolved for reasons of financial insolvency. There is no judicial review for the educational service district board's decisions in these matters. [2012 c 186 § 10.]

Effective date—2012 c 186: See note following RCW 28A.315.025.

RCW 28A.315.235 Consolidation—Petition. (1) A proposed change in school district organization by consolidation of territory from two or more school districts to form a new school district may be initiated by:

(a) A written petition presented to the educational service district superintendent signed by ten or more registered voters residing:

(i) In each whole district and in each part of a district proposed to be included in any single new district; or

(ii) In the territory of a proposed new district that comprises a part of only one or more districts and approved by the boards of directors of the affected school districts;

(b) A written petition presented to the educational service district superintendent signed by ten percent or more of the registered voters residing in such affected areas or area without the approval of the boards of directors of the affected school districts.

(2) The petition shall state the name and number of each district involved in or affected by the proposal to form the new district and shall describe the boundaries of the proposed new district. No more

than one petition for consolidation of the same two school districts or parts thereof shall be considered during a school fiscal year.

(3) The educational service district superintendent may not complete any consolidation of territory under this section unless he or she has first called and held a special election of the voters of the affected districts to afford those voters an opportunity to approve or reject the proposed consolidation. A simple majority shall determine approval or rejection.

(4) If a proposed change in school district organization by consolidation of territory has been approved under this section, the educational service district superintendent shall make an order establishing all approved changes involving the alteration of the boundaries of the affected districts. The order shall also establish all approved terms of the equitable adjustment of assets and liabilities involving the affected districts. The superintendent shall certify his or her action to each county auditor, each county treasurer, each county assessor, and the superintendents of all school districts affected by the action. [1999 c 315 § 601.]

RCW 28A.315.245 Adjustment of assets and liabilities. In determining an equitable adjustment of assets and liabilities, the negotiating school districts and the regional committee shall consider the following factors:

(1) The number of school-age children residing in each school district and in each part of a district involved or affected by the proposed change in school district organization;

(2) The assessed valuation of the property located in each school district and in each part of a district involved or affected by the proposed change in school district organization;

(3) The purpose for which the bonded indebtedness of any school district involved or affected by the proposed change in school district organization was incurred;

(4) The history and relationship of the property affected to the students and communities affected by the proposed change in school district organization;

(5) Additional burdens to the districts affected by the proposed change in school district organization as a result of the proposed organization;

(6) The value, location, and disposition of all improvements located in the school districts involved or affected by the proposed change in school district organization;

(7) The consideration of all other sources of funding; and

(8) Any other factors that in the judgment of the school districts or regional committee are important or essential to the making of an equitable adjustment of assets and liabilities. [1999 c 315 § 701.]

RCW 28A.315.255 Adjustment of indebtedness. (1) The fact of the issuance of bonds by a school district, heretofore or hereafter, does not prevent changes in the organization and extent of school districts, regardless of whether or not such bonds or any part thereof are outstanding at the time of change.

(2) In case of any change:

(a) The bonded indebtedness outstanding against any school district involved in or affected by such change shall be adjusted

equitably among the old school districts and the new district or districts, if any, involved or affected; and

(b) The property and other assets and the liabilities other than bonded indebtedness of any school district involved in or affected by any such change shall also be adjusted in the manner and to the effect provided for in this section, except if all the territory of an old school district is included in a single new district or is annexed to a single existing district, in which event the title to the property and other assets and the liabilities other than bonded indebtedness of the old district vests in and becomes the assets and liabilities of the new district or of the existing district, as applicable. [1999 c 315 § 702.]

RCW 28A.315.265 Adjustment of bonded indebtedness—Order—Special elections. If adjustments of bonded indebtedness are made between or among school districts in connection with the alteration of the boundaries of the school districts under this chapter, the order of the educational service district superintendent establishing the terms of adjustment of bonded indebtedness shall provide and specify:

(1) In every case where bonded indebtedness is transferred from one school district to another school district:

(a) That such bonded indebtedness is assumed by the school district to which it is transferred;

(b) That thereafter such bonded indebtedness shall be the obligation of the school district to which it is transferred;

(c) That, if the terms of adjustment so provide, any bonded indebtedness thereafter incurred by such transferee school district through the sale of bonds authorized before the date its boundaries were altered shall be the obligation of such school district including the territory added thereto; and

(d) That taxes shall be levied thereafter against the taxable property located within such school district as it is constituted after its boundaries were altered, the taxes to be levied at the times and in the amounts required to pay the principal of and the interest on the bonded indebtedness assumed or incurred, as the same become due and payable.

(2) In computing the debt limitation of any school district from which or to which bonded indebtedness has been transferred, the amount of transferred bonded indebtedness at any time outstanding:

(a) Shall be an offset against and deducted from the total bonded indebtedness, if any, of the school district from which the bonded indebtedness was transferred; and

(b) Shall be deemed to be bonded indebtedness solely of the transferee school district that assumed the indebtedness.

(3) In every case where adjustments of bonded indebtedness do not provide for transfer of bonded indebtedness from one school district to another school district:

(a) That the existing bonded indebtedness of each school district, the boundaries of which are altered and any bonded indebtedness incurred by each such school district through the sale of bonds authorized before the date its boundaries were altered is the obligation of the school district in its reduced or enlarged form, as the case may be; and

(b) That taxes shall be levied thereafter against the taxable property located within each such school district in its reduced or

enlarged form, as the case may be, at the times and in the amounts required to pay the principal of and interest on such bonded indebtedness as the same become due and payable.

(4) If a change in school district organization approved by the regional committee concerns a proposal to form a new school district or if a change in school district organization includes a proposal for adjustment of voted general obligation bonded indebtedness, a special election of the voters residing within the territory of the proposed new district, or of the school district involved in a proposal for adjustment of bonded indebtedness as the case may be, shall be held for the purpose of affording those voters an opportunity to approve or reject such proposals as concern or affect them.

(5) In a case involving both the question of the formation of a new school district and the question of adjustment of bonded indebtedness, the questions may be submitted to the voters either in the form of a single proposition or as separate propositions, whichever seems expedient to the educational service district superintendent. When the regional committee has passed appropriate resolutions for the questions to be submitted and the educational service district superintendent has given notice thereof to the county auditor, the special election shall be called and conducted, and the returns canvassed as in regular school district elections. [2012 c 186 § 11; 1999 c 315 § 703.]

Effective date—2012 c 186: See note following RCW 28A.315.025.

RCW 28A.315.275 Notice of elections. Notice of special elections as provided for in RCW 28A.315.265 shall be given by the county auditor as provided in RCW 29A.52.355. The notice of election shall state the purpose for which the election has been called and contain a description of the boundaries of the proposed new district and a statement of any terms of adjustment of bonded indebtedness on which to be voted. [2015 c 53 § 6; 1999 c 315 § 704.]

RCW 28A.315.285 Special election—Determination—Order—Certification. (1) If a special election is held to vote on a proposal or alternate proposals to form a new school district, the votes cast by the registered voters in each component district shall be tabulated separately. Any such proposition shall be considered approved only if it receives a majority of the votes cast in each separate district voting thereon.

(2) If a special election is held to vote on a proposal for adjustment of bonded indebtedness, the entire vote cast by the registered voters of the proposed new district or of the established district as the case may be shall be tabulated. Any such proposition shall be considered approved if three-fifths or more of all votes cast thereon are in the affirmative and forty percent of the voters who voted at the last preceding general election cast a ballot.

(3) In the event of approval of a proposition or propositions voted on at a special election, the educational service district superintendent shall:

(a) Make an order establishing such new school district or such terms of adjustment of bonded indebtedness or both, as were approved by the registered voters and shall also order such other terms of

adjustment, if there are any, of property and other assets and of liabilities other than bonded indebtedness as have been approved by the state council; and

(b) Certify his or her action to the county and school district officials specified in RCW 28A.315.215. The educational service district superintendent may designate, with the approval of the superintendent of public instruction, a name and number different from that of any component thereof, but must designate the new district by name and number different from any other district in existence in the county.

(4) The educational service district superintendent shall fix as the effective date of any order or orders he or she is required to make by this chapter, the date specified in the order of final approval of any change in the organization and extent of school districts or of any terms of adjustment of the assets and liabilities of school districts subject, for taxing purposes, to the redrawing of taxing district boundaries under RCW 84.09.030, by the regional committee.

(5) Upon receipt of certification under this section, the superintendent of each school district that is included in the new district shall deliver to the superintendent of the new school district those books, papers, documents, records, and other materials pertaining to the territory transferred. [2012 c 186 § 12; 1999 c 315 § 705.]

Effective date—2012 c 186: See note following RCW 28A.315.025.

RCW 28A.315.295 Rejection of proposal. If a proposal for the formation of a new school district and for adjustment of bonded indebtedness, or either, is rejected by the registered voters at a special election, the matter is terminated. [1999 c 315 § 706.]

RCW 28A.315.305 School district organizational changes—Corporate existence—Payment of bonded indebtedness—Levy authority—Levy requirements for dissolved or annexed financially insolvent school districts. (1) Each school district involved in or affected by any change made in the organization and extent of school districts under this chapter retains its corporate existence insofar as is necessary for the purpose, until the bonded indebtedness outstanding against it on and after the effective date of the change has been paid in full. This section may not be construed to prevent, after the effective date of the change, such adjustments of bonded indebtedness as are provided for in this chapter.

(2) The county legislative authority shall provide, by appropriate levies on the taxable property of each school district, for the payment of the bonded indebtedness outstanding against it after any of the changes or adjustments under this chapter have been effected.

(3) In case any such changes or adjustments involve a joint school district, the tax levy for the payment of any bonded indebtedness outstanding against the joint district, after the changes or adjustments are effected, shall be made and the proceeds thereof shall be transmitted, credited, and paid out in conformity with the

provisions of law applicable to the payment of the bonded indebtedness of joint school districts.

(4) In case any such changes or adjustments involve the dissolution or annexation of a financially insolvent school district pursuant to RCW 28A.315.225:

(a) The board of directors of a receiving or annexing school district, or the educational service district superintendent as identified in RCW 84.52.020 must certify a tax levy by November 30th in each calendar year that there is outstanding voted bonded indebtedness to pay the principal of and interest on such outstanding voted bonded indebtedness for the following calendar year;

(b) The county treasurer in the county in which the financially insolvent school district is located must collect the levy, the proceeds of which must be deposited into a debt service fund established and overseen by the annexing school district as determined by the financial oversight committee or regional committee to pay the principal of and interest on the dissolved district's outstanding bonded indebtedness as it becomes due;

(c) For outstanding voted bonded indebtedness of the financially insolvent school district, the board of directors of the receiving or annexing school district may determine that all or any portion of the voted bonded indebtedness be refunded pursuant to chapter 39.53 RCW, in which case the board of directors of the annexing or receiving district shall act as the governing body of the financially insolvent school district and is expressly empowered to take all action it deems necessary to accomplish such refunding; and

(d) Any balance in the debt service fund of the financially insolvent school district remaining after all such voted bonded indebtedness is paid must be transferred to the general fund of the receiving or annexing school district. [2012 c 186 § 13; 1999 c 315 § 707.]

Effective date—2012 c 186: See note following RCW 28A.315.025.

The duties in this chapter imposed upon and required to be performed by a regional committee and by an educational service district superintendent in connection with a change in the organization and extent of school districts and/or with the adjustment of the assets and liabilities of school districts and with all matters related to such change or adjustment whenever territory lying in more than one educational service district is involved shall be performed by the regional committee and by the superintendent of the educational service district in which is located the part of the proposed or enlarged school district having the largest number of common school pupils residing therein. Proposals for changes in the organization and extent of school districts and proposed terms of adjustment of assets and liabilities thus prepared and approved shall be submitted to the superintendent of public instruction.
