RCW 36.70A.060  Natural resource lands and critical areas—
Development regulations.  (1)(a) Each county that is required or
chooses to plan under RCW 36.70A.040, and each city within such
county, shall adopt development regulations on or before September 1,
1991, to assure the conservation of agricultural, forest, and mineral
resource lands designated under RCW 36.70A.170. Regulations adopted
under this subsection may not prohibit uses legally existing on any
parcel prior to their adoption and shall remain in effect until the
county or city adopts development regulations pursuant to RCW
36.70A.040. Such regulations shall assure that the use of lands
adjacent to agricultural, forest, or mineral resource lands shall not
interfere with the continued use, in the accustomed manner and in
accordance with best management practices, of these designated lands
for the production of food, agricultural products, or timber, or for
the extraction of minerals. Any county located to the west of the
crest of the Cascade mountains that has both a population of at least
four hundred thousand and a border that touches another state, and any
city in such county, may adopt development regulations to assure that
agriculture, forest, and mineral resource lands adjacent to short line
railroads may be developed for freight rail dependent uses.

(b) Counties and cities shall require that all plats, short
plats, development permits, and building permits issued for
development activities on, or within five hundred feet of, lands
designated as agricultural lands, forestlands, or mineral resource
lands, contain a notice that the subject property is within or near
designated agricultural lands, forestlands, or mineral resource lands
on which a variety of commercial activities may occur that are not
compatible with residential development for certain periods of limited
duration. The notice for mineral resource lands shall also inform that
an application might be made for mining-related activities, including
mining, extraction, washing, crushing, stockpiling, blasting,
transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning
under RCW 36.70A.040(2)(b), and each city within such county, shall
adopt development regulations within one year after the adoption of
the resolution of partial planning to assure the conservation of
agricultural, forest, and mineral resource lands designated under RCW
36.70A.170. Regulations adopted under this subsection (1)(c) must
comply with the requirements governing regulations adopted under (a)
of this subsection.

(d)(i) A county that adopts a resolution of partial planning
under RCW 36.70A.040(2)(b) and that is not in compliance with the
planning requirements of this section, RCW 36.70A.040(4),
36.70A.070(5), 36.70A.170, and 36.70A.172 at the time the resolution
is adopted must, by January 30, 2017, apply for a determination of
compliance from the department finding that the county's development
regulations, including development regulations adopted to protect
critical areas, and comprehensive plans are in compliance with the
requirements of this section, RCW 36.70A.040(4), 36.70A.070(5),
36.70A.170, and 36.70A.172. The department must approve or deny the
application for a determination of compliance within one hundred
twenty days of its receipt or by June 30, 2017, whichever date is
earlier.

(ii) If the department denies an application under (d)(i) of this
subsection, the county and each city within is obligated to comply
with all requirements of this chapter and the resolution for partial planning adopted under RCW 36.70A.040(2)(b) is no longer in effect.

(iii) A petition for review of a determination of compliance under (d)(i) of this subsection may only be appealed to the growth management hearings board within sixty days of the issuance of the decision by the department.

(iv) In the event of a filing of a petition in accordance with (d)(iii) of this subsection, the county and the department must equally share the costs incurred by the department for defending an approval of determination of compliance that is before the growth management hearings board.

(v) The department may implement this subsection (1)(d) by adopting rules related to determinations of compliance. The rules may address, but are not limited to: The requirements for applications for a determination of compliance; charging of costs under (d)(iv) of this subsection; procedures for processing applications; criteria for the evaluation of applications; issuance and notice of department decisions; and applicable timelines.

(e) Any county that borders both the Cascade mountains and another country and has a population of less than fifty thousand people, and any city in such county, may adopt development regulations to assure that agriculture, forest, and mineral resource lands adjacent to short line railroads may be developed for freight rail dependent uses.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forestland and agricultural land located within urban growth areas shall not be designated by a county or city as forestland or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.
