RCW 41.24.155 Vocational rehabilitation—Purpose—Costs—Administration—Discretion of state board. (1) One of the primary purposes of this section is to enable injured participants to return to their regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit. To this end, the state board shall utilize the services of individuals and organizations, public or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the state board in such programs of vocational rehabilitation as may be reasonable to make the participant return to his or her regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit consistent with his or her physical and mental status. After evaluation and recommendation by such individuals or organizations and prior to final evaluation of the participant's permanent disability, if in the sole opinion of the state board, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured participant to return to his or her regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit, the state board may, in its sole discretion, pay the cost as provided in subsection (3) or (4) of this section.

(2) When, in the sole discretion of the state board, vocational rehabilitation is both necessary and likely to make the participant return to his or her regular occupation, business, or profession, or

to engage in any occupation or perform any work for compensation or profit, then the following order of priorities shall be used:

- (a) Return to the previous job with the same employer;
- (b) Modification of the previous job with the same employer including transitional return to work;
- (c) A new job with the same employer in keeping with any limitations or restrictions;
- (d) Modification of a new job with the same employer including transitional return to work;
- (e) Modification of the previous job with a new employer;
- (f) A new job with a new employer or self-employment based upon transferable skills;
- (g) Modification of a new job with a new employer;
- (h) A new job with a new employer or self-employment involving on-the-job training;
- (i) Short-term retraining and job placement.

(3) (a) Except as provided in (b) of this subsection, costs for vocational rehabilitation benefits allowed by the state board under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, transportation, child or dependent care, and other necessary expenses in an amount not to exceed four thousand dollars. This amount must be used within fifty-two weeks of the determination that vocational rehabilitation is permitted under this section.

(b) The expenses allowed under (a) of this subsection may include training fees for on-the-job training and the cost of furnishing tools and other equipment necessary for self-employment or reemployment. However, compensation or payment of retraining with job placement expenses under (a) of this subsection may not be authorized for a period of more than fifty-two weeks, except that such period may, in the sole discretion of the state board, after its review, be extended for an additional fifty-two weeks or portion thereof by written order of the state board. However, under no circumstances shall the total amount of benefit paid under this section exceed four thousand dollars.

(4) In addition to the vocational rehabilitation expenditures provided for under subsection (3) of this section, an additional five thousand dollars may, upon authorization of the state board, be expended for: (a) Accommodations for an injured participant that are medically necessary for participation in an approved retraining plan; and (b) accommodations necessary to perform the essential functions of an occupation in which an injured participant is seeking employment, consistent with the retraining plan or the recommendations of a vocational evaluation. The injured participant's attending physician or licensed advanced registered nurse practitioner must verify the necessity of the modifications or accommodations. The total expenditures authorized in this subsection shall not exceed five thousand dollars.

(5) The state board shall follow the established criteria set forth by the department of labor and industries to monitor the quality and effectiveness of rehabilitation services provided by the individuals and organizations used under subsection (1) of this section. The state board shall make referrals for vocational rehabilitation services based on these performance criteria.

(6) The state board may engage, where feasible and cost-effective, in a cooperative program with the state employment

security department to provide job placement services under this section.

(7) Except as otherwise provided in this section, the vocational benefits provided for in this section are available to participants who have claims currently pending as of April 17, 2007, or whose injury occurred on or after January 1, 2006. [2007 c 57 § 1.]

Effective date—2007 c 57: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 17, 2007]." [2007 c 57 § 2.]

RCW 41.24.160 Death benefits. (1) (a) Whenever a participant dies as the result of injuries received, or sickness contracted in consequence or as the result of the performance of his or her duties, the board of trustees shall order and direct the payment from the principal fund of (i) the sum of two hundred fourteen thousand dollars to his widow or her widower, or if there is no widow or widower, then to his or her dependent child or children, or if there is no dependent child or children, then to his or her dependent parents or either of them, or if there are no dependent parents or parent, then the death benefit shall be paid to the member's estate, and (ii) (A) the sum of one thousand two hundred seventy-five dollars per month to his widow or her widower, with (B) an additional amount of five hundred dollars per month paid to the legal guardian or surviving parent of each birth or legally adopted child, unemancipated or under eighteen years of age, and dependent upon the member for support at the time of his or her death.

(b) Beginning on July 1, 2001, and each July 1st thereafter, the compensation amounts specified in (a) (ii) (A) and (B) of this subsection shall be readjusted to reflect the percentage change in the consumer price index, calculated as follows: The index for the calendar year preceding the year in which the July calculation is made, to be known as "calendar year A," is divided by the index for the calendar year preceding calendar year A, and the resulting ratio is multiplied by the compensation amount in effect on June 30th immediately preceding the July 1st on which the respective calculation is made. For the purposes of this subsection, "index" means the same as the definition in RCW 2.12.037(1).

(2) In the case provided for in this section, the monthly payment provided may be converted in whole or in part into a lump sum payment, not in any case to exceed twenty-five thousand dollars, equal or proportionate, as the case may be, to the actuarial equivalent of the monthly payment in which event the monthly payments shall cease in whole or in part accordingly or proportionately. Such conversion may be made either upon written application to the state board and shall rest in the discretion of the state board; or the state board is authorized to make, and authority is given it to make, on its own motion, lump sum payments, equal or proportionate, as the case may be, to the value of the annuity then remaining in full satisfaction of claims due to dependents. Within the rule under this subsection the amount and value of the lump sum payment may be agreed upon between the applicant and the state board. [2013 c 100 § 1; 2001 c 134 § 2. Except as provided in RCW 41.24.410, whenever any participant has been a member and served honorably for a period of ten years or more as an active member in any capacity, of any regularly organized fire department or law enforcement agency of any municipality in this state, and which municipality has adopted appropriate legislation allowing its firefighters or reserve officers to enroll in the retirement pension provisions of this chapter, and the participant has enrolled under the retirement pension provisions and has reached the age of sixty-five years, the board of trustees shall order and direct that he or she be retired and be paid a monthly pension from the principal fund as provided in this section.

Whenever a participant has been a member, and served honorably for a period of twenty-five years or more as an active member in any capacity, of any regularly organized volunteer fire department or law enforcement agency of any municipality in this state, and he or she has reached the age of sixty-five years, and the annual retirement fee has been paid for a period of twenty-five years, the board of trustees shall order and direct that he or she be retired and such participant be paid a monthly pension of three hundred dollars from the fund for the balance of that participant's life.

Whenever any participant has been a member, and served honorably for a period of twenty-five years or more as an active member in any capacity, of any regularly organized volunteer fire department or law enforcement agency of any municipality in this state, and the participant has reached the age of sixty-five years, and the annual retirement fee has been paid for a period of less than twenty-five years, the board of trustees shall order and direct that he or she be retired and that such participant shall receive a minimum monthly pension of fifty dollars increased by the sum of ten dollars each month for each year the annual fee has been paid, but not to exceed the maximum monthly pension provided in this section, for the balance of the participant's life.

The participant who elects this option shall receive the reduced pension for the balance of his or her life. The reduced monthly pension is calculated as a percentage of the pension the participant would be entitled to at age sixty-five. The percentage used in the calculation is based upon the age of the participant at the time of retirement as follows:

Age 60	Sixty percent
Age 61	Sixty-eight percent
Age 62	Seventy-six percent
Age 63	Eighty-four percent
Age 64	Ninety-two percent

(b) Upon completion of fifteen years, but less than twenty years of service, a monthly pension equal to thirty-five percent of such pension as the participant would have been entitled to receive at age sixty-five after twenty-five years of service; and

(c) Upon completion of twenty years, but less than twenty-five years of service, a monthly pension equal to seventy-five percent of such pension as the participant would have been entitled to receive at age sixty-five after twenty-five years of service.

(3) If a participant with less than twenty-five years of service elects to retire after turning age sixty but before turning age sixty-five, the participant's retirement allowance is subject:

(a) First to the reduction under subsection (2) of this section based upon the participant's years of service; and

(b) Second to the reduction under subsection (1) of this section based upon the participant's age. [2003 c 62 § 1. (b) Beginning the date that the state board receives a determination from the federal internal revenue service that this subsection (2)(b) does not exceed limits on deferred compensation from volunteer plans, but no sooner than July 1, 2022, whenever a participant is eligible for a benefit under (a) of this subsection, the board of trustees shall order and direct that he or she be retired and such participant be paid the monthly pension under (a) of this subsection plus ten dollars per month for each year that the retirement fee was paid beyond twenty-five years, from the fund for the balance of that participant's life.

(3) Whenever any participant has been a member, and served honorably for a period of twenty-five years or more as an active member in any capacity, of any regularly organized volunteer fire department or law enforcement agency of any municipality in this state, and the participant has reached the age of sixty-five years, and the annual retirement fee has been paid for a period of less than twenty-five years, the board of trustees shall order and direct that he or she be retired and that such participant shall receive a minimum monthly pension of one hundred dollars increased by the sum of ten dollars each month for each year the annual fee has been paid, but not to exceed three hundred fifty dollars, for the balance of the participant's life.

Age 62	Seventy-six percent
Age 63	Eighty-four percent
Age 64	Ninety-two percent

(b) If a participant is age sixty-five or older but has less than twenty-five years of service, the participant is entitled to a reduced benefit. The reduced benefit shall be computed as follows:

(ii) Upon completion of fifteen years, but less than twenty years of service, a monthly pension equal to thirty-five percent of such pension as the participant would have been entitled to receive at age sixty-five after twenty-five years of service; and

(iii) Upon completion of twenty years, but less than twenty-five years of service, a monthly pension equal to seventy-five percent of such pension as the participant would have been entitled to receive at age sixty-five after twenty-five years of service.

(c) If a participant with less than twenty-five years of service elects to retire after turning age sixty but before turning age sixty-five, the participant's retirement allowance is subject:

(i) First to the reduction under (b) of this subsection based upon the participant's years of service; and

(1) Option 1. A participant electing this option shall receive a monthly pension payable throughout the participant's life. However, if the participant dies before the total retirement pension paid to the participant equals the amount paid on behalf of the participant into the principal fund, then the balance shall be paid to the participant's surviving spouse, or if there be no surviving spouse, then to the participant's legal representatives.

(2) Option 2. A participant electing this option shall receive a reduced monthly pension, which upon the participant's death shall be continued throughout the life of and paid to the participant's surviving spouse named in the written election filed with the state board, however, in the event that the surviving spouse dies before the participant, the participant's monthly retirement allowance shall increase, effective the first day of the following month, to the monthly amount that would have been received had the participant elected option 1. (b) To pay annual fees only for service after July 23, 1995; or

(3) (a) To count credit for all service as a reserve officer, but only if the actuarial cost, as determined by the state board, is paid by the municipality. The municipality may charge reserve officers for any portion of the cost; and

(i) The reserve officer elects, within one year of the municipality's election under this section, to pay the annual fee plus

one percent per month interest for each year of past service counted; and

(ii) The municipality pays the actuarial cost, as determined by the state board, of the benefit provided in (b) of this subsection. The municipality may charge reserve officers for any portion of the cost.

RCW 41.24.450 Reserve officers—Municipality adoption of relief benefits. A municipality employing reserve officers may adopt appropriate legislation extending the relief provisions of this chapter to its reserve officers. The relief provisions of this chapter may not be extended to reserve officers if the municipality has extended industrial insurance coverage to its reserve officers under RCW 51.12.140 or 51.12.035(2), or any other provision of law. A municipality that adopts appropriate legislation extending the relief provisions of this chapter to its reserve officers shall enjoy the same extent of immunity from civil actions for personal injuries to its reserve officers that arises if the reserve officers were covered under Title 51 RCW. [1999 c 148 § 32; 1998 c 307 § 1.]

RCW 41.24.460 Reserve officers—Board of trustees. A municipality that adopts appropriate legislation extending the relief provisions of this chapter to its reserve officers shall create a reserve officer board of trustees to administer this chapter composed as follows:

(1) A county reserve officer board of trustees shall consist of the following five members: (a) Two members of the county legislative authority and the county auditor, or their designees; (b) the sheriff; and (c) one reserve officer who is elected by reserve officers of the county for an annual one-year term.

(2) Any other reserve officer board of trustees shall consist of the following five members: (a) The mayor, if one exists for the municipality, and one member of the municipality's legislative authority, or two members of the municipality's legislative authority if a mayor does not exist for the municipality, or their designees; (b) the clerk, comptroller, or chief fiscal officer of the municipality; (c) the head of the law enforcement agency; and (d) one reserve officer who is elected by reserve officers of the municipality for an annual term of one year.

(3) The secretary of the board of trustees shall keep a public record of all proceedings and of all receipts and disbursements made by the board of trustees, shall make an annual report of its expenses and disbursements with a full list of the beneficiaries of the principal fund in the municipality, and shall make all required reports to the state board. The state board shall provide the boards

of trustees with all necessary forms. [1999 c 148 § 33; 1998 c 307 § 2.]

RCW 41.24.800 Payment of tax liability—2023 c 73. (1) Any tax liability accruing to members or beneficiaries of a plan that results directly from chapter 73, Laws of 2023 will be paid by the appropriate principal funds.

(2) The state board may by rule establish a process that ensures tax penalties are paid by the principal fund for the appropriate plan. This process should be designed in coordination with tax counsel to ensure that any claims are valid, and that members and beneficiaries are impacted as little as reasonably possible. [2023 c 73 § 2.]

Finding—Intent—2023 c 73: "(1) The legislature finds that the tax deferral of contributions to the volunteer firefighters' and reserve officers' relief and pension system is contingent on retaining qualified status with the internal revenue service, and that the loss of qualified status could potentially result in costly unintended tax liability for the plan and plan members. The state board for volunteer firefighters and reserve officers has recently been alerted by the internal revenue service that the plan is not in compliance with the rules for qualification because it contains reserve officer members.

(2) To avoid the possible loss of plan qualification while ensuring both reserve officers and volunteer firefighters receive the benefits they have been promised, the legislature intends to align the plan with federal requirements by splitting the plan into two separate plans overseen by the same board. All members and beneficiaries of each plan should receive the same benefits after the split that they would have prior to the split.

(3) To accomplish the split, the legislature intends for this act to take the following actions:

(a) Reserve officer members, including active, retired, and beneficiaries of those members, are to be moved to a new reserve officers' plan, while volunteer firefighters and emergency medical technicians remain in the existing plan. Both will reside within the volunteer firefighters' and reserve officers' system and be overseen by the state board created in RCW 41.24.250; and

(b) The principal fund defined in RCW 41.24.010(10) will be split into two funds; one for each plan. The contributions and earnings will be split proportionate to the membership of each group.

(4) While it is the intent of the legislature that this act be carried out in a way that avoids any tax consequences for the plan, members, and beneficiaries, in the event of such consequences the legislature intends for the plan to absorb the cost of those tax consequences so that the members and beneficiaries are not negatively impacted." [2023 c 73 § 1.]

RCW 41.24.801 Administration—2023 c 73. The state board is instructed to administer chapter 73, Laws of 2023 in a way that neither reduces benefits, nor grants additional benefits, for members or beneficiaries of the plan. [2023 c 73 § 4.]

Finding—Intent—2023 c 73: See note following RCW 41.24.800.

RCW 41.24.900 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. [2009 c 521 § 92.]
