- (d) An equitable share of the administrative costs, all of which costs are to be paid by the cities;
- (e) An equitable share of the cost of the death-in-the-line-of-duty benefit, all of which costs are to be paid by the cities.

Any city having in its employ ten or more employees who are members of the system may elect to contribute, in lieu of its contributions set forth in item (a) above, an amount estimated actuarially necessary to match at retirement the accumulated normal contributions of those of its members who will ultimately retire for service or disability; provided that such election shall be made by resolution or ordinance of the legislative body of such city and, in order to become effective for the remainder of the year 1953, shall be made on or before July 1, 1953, and thereafter any election so made shall be made prior to January 1, 1954, to become then effective or prior to January 1st of any succeeding year to become effective on January 1st of such succeeding year.

Any city may, with the approval of the board, further elect to contribute in lieu of its contributions set forth in items (b) and (c) above, an amount estimated actuarially, necessary to amortize over a period of not to exceed thirty years, all liabilities on account of the participation of such a city, which are not covered by the contributions of its employees, its funds on hand and its contributions provided for in item (a) above or the contributions elected to be made in lieu thereof in cases where such city shall have elected to make said contribution in lieu of the contributions required in said item (a); provided that such election shall be made by resolution or ordinance of the legislative body of such city and, in order to become effective for the remainder of the year 1953, shall be made on or before July 1, 1953, and thereafter any election so made shall be made prior to January 1, 1954, to become then effective or prior to January 1st of any succeeding year to become effective on January 1st of such succeeding year.

In the event that any city shall be making either of the lieu contributions as hereinabove set forth, the resulting contributions shall be adjusted to conform with facts and conditions disclosed by each succeeding actuarial valuation.

(5) Any city may, by majority vote of its electors, withdraw from participation in the retirement system two years after giving written notice to the board of such action by the electorate. It is hereby specifically provided, however, that the city's obligation to those members receiving or eligible to a retirement allowance prior to such termination of participation shall continue in full force and effect as provided in this chapter. Members not receiving or being eligible to a retirement allowance at time of such termination shall be paid their accumulated contributions on demand. (2) Any city may, when electing to participate in this retirement system in the manner set forth in RCW 41.44.050, include any one group or combination of the groups mentioned in subsection (1) of this section. For an initial period not to exceed one year from the effective date of any city's entry into this system, if so provided at the time of its election to participate, only a majority of the employees of any group or combination of groups must be members of the system.

At all times subsequent to the effective date of the city's entry into this system, or at all times after expiration of such initial period, if such initial period is established at the time of the city's election to participate, all employees of any group or combination of groups must be included or excluded as members of this system. (4) If sickness, injury, or service in the armed forces of the United States during the national emergency identified with World War I or World War II and/or service in the armed forces of the United States of America for extended active duty by any employee who shall have been regularly granted a leave of absence from the city service by reason thereof, prevents any regular employee from being in service on the effective date, the board shall grant prior service credit to such person when he or she is again employed. The legislative authority in each participating city shall specify the amount of prior service to be granted or current service credit to be made available to such employees: PROVIDED, That in no case shall such service credit exceed five years. Certificate of honorable discharge from or documentary evidence of such service shall be submitted to the board before any such credit may be granted or made available. Prior or current service rates, or both, for such employees shall not exceed the rates established for fellow employees.

(5) There shall be granted to any person who was an employee of a private enterprise or a portion thereof which shall be hereafter acquired by a city as a matter of public convenience or necessity, where it is in the public interest to retain the trained personnel of such enterprise or portion thereof, credit for prior service for the period such person was actually employed by such private enterprise, except that this shall apply only to those persons who shall be employees of such enterprise or portion thereof at the time of its acquisition by the city and who remain in the service of such city

until the effective date of membership of such person under this chapter.

There shall be granted to any person who was an employee of any state association of cities and towns, which association elects to participate in the retirement system established by this chapter, credit for prior service for the period such person was actually employed by such association, except that this shall apply only to those persons who shall be employees of such association on May 21, 1971.

Credit for such prior service shall be given only if payment for the additional cost of including such service has been made or if payment of such additional cost or reimbursement therefor has been otherwise provided for to the satisfaction of the board or if such person be entitled to any private pension or retirement benefits as a result of such service with such private enterprise, credit will be given only if he or she agrees at the time of his or her employment by the municipality to accept a reduction in the payment of any benefits payable under this chapter that are based in whole or in part on such added and accredited service by the amount of these private pension or retirement benefits received. The conditions and limitations provided for in this subsection (5) shall be embodied in any certificate of prior service issued or granted by the board where any portion of the prior service credited under this subsection is included therein.

The city may receive payments for these purposes from a third party and shall make from such payments contributions with respect to such prior service as may be necessary to enable the fund to assume its obligations. (2) The normal rates of contribution for miscellaneous personnel shall be so fixed as to provide an annuity which, together with the pension provided by the city, shall produce as nearly as may be, a retirement allowance at the age of sixty-two years, of one and one-third percent of the final compensation multiplied by the number of years of service of the retiring employee. The normal rate established for age sixty shall be the rate for any member who has attained a greater age before entrance into the retirement system and the normal contribution established for age twenty-four shall be the rate for any member who enters the system at an earlier age.

(3) The normal rates of contribution for uniformed personnel shall be so fixed as to provide an annuity which, together with the pension that would be derived from equal contributions by the city, shall produce as nearly as may be for members who enter service at age thirty-seven or below, a retirement allowance, at age fifty-five with twenty-five or more years of service, or at an age greater than fifty-five after twenty-five years of service, equal to fifty percent of final compensation; and for members entering service at ages over thirty-seven, a retirement allowance at age sixty-two which shall be

the same proportion of fifty percent of final compensation as the member's actual years credited bear to twenty-five years. The normal rate established for age fifty shall be the rate for any member who has attained a greater age before entrance into the retirement system.

(4) Subject to the provisions of this chapter, the board shall adopt rules and regulations governing the making of deductions from the compensation of employees and shall certify to the proper officials in each city the normal rate of contribution for each member provided for in subsections (2) and (3) of this section. The proper officials in each city shall apply such rate of contribution to the full compensation of uniformed personnel and to so much of the compensation of miscellaneous personnel as does not exceed three hundred dollars per month, or four hundred dollars per month, or to any increased amount of such compensation as to members whose member cities have duly elected to increase the limitation provided for in subsection (12) of RCW 41.44.030 and shall certify to the board on each and every payroll the total amount to be contributed and shall furnish immediately to the board a copy of each and every payroll; and each of said amounts shall be forwarded immediately to the board and the board shall credit the deduction shown on such payroll to individual accounts of the members represented on such payrolls.

(5) Every member shall be deemed to consent and agree to the contribution made and provided for herein, and shall receipt in full for his or her salary or compensation. Payment less said contributions shall be a full and complete discharge of all claims and demands whatsoever for the service rendered by such person during the period covered by such payment, except his or her claim to the benefits to which he or she may be entitled under the provisions of this chapter.

(6) Any member may elect to contribute in excess of the contributions provided for in this section in accordance with rules to be established by the board for the purpose of providing additional benefits, but the exercise of this privilege shall not place on the member city or cities any additional financial obligation. The board shall have authority to fix the rate of interest to be paid or allowed upon the additional contributions and from time to time make any necessary changes in said rate. Refunds of additional contributions shall be governed by the same rules as those covering normal contributions unless the board shall establish separate rules therefor. An annuity purchased by accumulated additional contributions in such case shall be paid in addition to the minimum guaranteed as herein provided. A part time employee having ten or more years of creditable service, retired by reason of attaining the ages in this subdivision specified and whose retirement allowance is calculated to be less than forty dollars per month, shall receive such additional pension, provided by the contributions of the city, as will make the total retirement allowance equal to forty dollars per month, together with an annuity purchased by his or her accumulated additional contributions, if any, in addition to the minimum guaranteed.

Any member while in service, or while physically or mentally incapacitated for the performance of duty, if such incapacity has been continuous from discontinuance of city service, shall be examined by such medical authority as the board shall employ, upon the application of the head of the office or department in which the member is employed with approval of the legislative body, or upon application of said member, or a person acting in his or her behalf, stating that said member is permanently and totally incapacitated, either physically or mentally, for the performance of duty and ought to be retired. If examination shows, to the satisfaction of the board, that the member should be retired, he or she shall be retired forthwith: PROVIDED, That no such application shall be considered or granted upon the application of a member unless said member or someone in his or her behalf, in case of the incapacity of a member, shall have filed the application within a period of one year from and after the discontinuance of service of said member: PROVIDED, The board shall retire the said member for disability forthwith: PROVIDED, That the disability retirement allowance shall be effective on the first of the month following that in which the member last received salary or wages in city service.

(1) An annuity which shall be the actuarial equivalent of his or her accumulated normal contributions; and

(2) A pension provided by the contributions of the city which, together with his or her annuity provided by his or her accumulated normal contributions, shall make his or her retirement allowance equal to thirty percent of his or her final compensation for the first ten years of service, which allowance shall be increased by one and one-half percent for each year of service in excess of ten years to a maximum of fifty percent of his or her final compensation; otherwise he or she shall receive a retirement allowance of forty dollars per month or, except as to a part time employee, such sum, monthly, not in excess of sixty dollars per month, as is equal to six dollars per month for each year of his or her creditable service, whichever is greater. If the retirement allowance of a part time employee, based upon the pension hereinabove provided, does not exceed forty dollars per month, then such part time employee shall receive a retirement allowance of forty dollars per month and no more.

Nothing herein contained shall be construed in a manner to increase or to decrease any pension being paid or to be paid to a member retired prior to August 6, 1965.

(3) If it appears to the satisfaction of the board that permanent and total disability was incurred in line of duty, a member shall receive in lieu of the retirement allowance provided under subdivisions (1) and (2) of this section full pay from, and be furnished all hospital and medical care by, the city for a period of six months from the date of his or her disability, and commencing at the expiration of such six month period, shall receive a retirement allowance, regardless of his or her age or years of service, equal to fifty percent of his or her final compensation exclusive of any other benefit he or she may receive.

(4) No disability retirement allowance shall exceed seventy-five percent of final compensation, anything herein to the contrary notwithstanding, except as provided in subdivision (7) of this section.

(5) Upon the death of a member while in receipt of a disability retirement allowance, his or her accumulated contributions, as they were at the date of his or her retirement, less any annuity payments made to him or her, shall be paid to his or her estate, or to such persons having an insurable interest in his or her life as he or she shall have nominated by written designation duly executed and filed with the board. compensation of such deceased member. If any such spouse or child or children shall marry, then such person so marrying shall thereafter receive no further pension herein provided.

(6) If disability is due to intemperance, willful misconduct, or violation of law, on the part of the member, the board, in its discretion, may pay to said member, in one lump sum his or her accumulated contribution, in lieu of a retirement allowance, and such payment shall constitute full satisfaction of all obligations of the city to such member.

(7) In addition to the annuity and pension provided for in subdivisions (1) and (2) of this section, a member shall receive an annuity which shall be the actuarial equivalent of his or her accumulated additional contributions. RCW 41.44.180 Examination of disability beneficiary—Reentry.

(1) The board may, at its pleasure, require any disability beneficiary under age sixty-two in the miscellaneous personnel and under age fifty-five in the uniformed personnel to undergo medical examination by medical authority designated by the board. Upon the basis of such examination the board shall determine whether such disability beneficiary is still totally and permanently incapacitated, either physically or mentally, for service in the office or department of the city where he or she was employed or in any other position in that city, the duties of which he or she might reasonably be expected to carry out.

(2) If the board shall determine that the beneficiary is not so incapacitated his or her retirement allowance shall be canceled and he or she shall be reinstated forthwith in city service. If the city is unable to find employment for a disability beneficiary found to be no longer totally and permanently disabled, the board shall continue the disability retirement allowance of the beneficiary until such time as employment is available, except as provided in paragraph (4) of this section.

(3) Should a disability beneficiary reenter city service and be eligible for membership in the retirement system, his or her retirement allowance shall be canceled and he or she shall immediately become a member of the retirement system, his or her rate of contribution for future years being that established for his or her age at the time of such reentry. His or her individual account shall be credited with his or her accumulated contributions less the annuity payments made to him or her. An amount equal to the accumulated normal contributions so credited to him or her shall again be held for the benefit of said member and shall no longer be included in the amounts available to meet the obligations of the city on account of benefits that have been granted. Such member shall receive credit for prior service in the same manner as if he or she had never been retired for disability.

(4) Should any disability beneficiary under age sixty-two in the miscellaneous personnel or under age fifty-five in the uniformed

personnel, refuse to submit to medical examination, his or her retirement allowance may be discontinued until his or her withdrawal of such refusal, and should refusal continue for one year, his or her retirement allowance may be canceled. Should said disability beneficiary, prior to attaining age sixty-two or age fifty-five, as the case may be, engage in a gainful occupation the board shall reduce the amount of his or her retirement allowance to an amount, which when added to the compensation earned by him or her in such occupation, shall not exceed the amount of the final compensation on the basis of which his or her retirement allowance was determined. Should the earning capacity of such beneficiary be further altered, the board may further alter his or her retirement allowance as indicated above. When said disability beneficiary reaches age sixty-two, if included in the miscellaneous personnel, or age fifty-five, in the uniformed personnel, his or her retirement allowance shall be made equal to the amount upon which he or she was originally retired, and shall not again be modified for any cause except as provided in RCW 41.44.250.

(5) Should the retirement allowance of any disability beneficiary be canceled for any cause other than reentrance into city service, he or she shall be paid his or her accumulated contributions, less annuity payments made to him or her. RCW 41.44.190 Withdrawal from system—Reentry—Payment on death of member. (1) Should service of a member of the miscellaneous personnel be discontinued except by death or retirement, he or she shall be paid six months after the day of discontinuance such part of his or her accumulated contributions as he or she shall demand. Six months after the date of such discontinuance, unless on leave of absence regularly granted, or unless he or she has exercised the option hereinafter provided, his or her rights to all benefits as a member shall cease, without notice, and his or her accumulated contributions shall be returned to him or her in any event or held for his or her account if for any reason the return of the same is prevented. Should service of a member of the uniformed personnel be discontinued except by death or retirement, he or she shall be paid six months after the day of discontinuance such part of his or her accumulated contributions as he or she shall demand, and six months after the date of such discontinuance, unless on leave of absence regularly granted, his or her rights to all benefits as a member shall cease, without notice, and his or her accumulated contributions shall be returned to him or her in any event, or held for his or her account if for any reason the same is prevented: PROVIDED, That the board may in its discretion, grant the privilege of withdrawal in the amounts above specified at any time following such discontinuance. Any member whose service is discontinued except by death or retirement, and who has five or more years of creditable service when such discontinuance occurs, may, at his or her option, leave his or her accumulated contributions in the fund and thereby be entitled to receive a deferred retirement allowance commencing at retirement age sixty for miscellaneous personnel and at age fifty-five for uniformed personnel, such retirement allowance to be computed in the same manner provided in subsection (1) of RCW 41.44.150: PROVIDED, That this option may be revoked at any time prior to commencement of annuity payments by filing a written notice of such intention with the board together with

a written application for a refund of such accumulated contributions. The board may establish rules and regulations to govern withdrawal and redeposit of contributions.

(2) Should a former member, within five years after discontinuance of service, return to service in the same city in which he or she was employed he or she may restore to the fund in such manner as may be agreed upon by such person and the board, his or her withdrawn normal accumulated contributions as they were at the time of his or her separation from service and upon completion of such redeposit all his or her rights and privileges existing at the time of discontinuance of service shall be restored and his or her obligations as a member shall begin again. The rate of contribution of such returning member shall be the same as it was at the time he or she separated from service.

(3) Upon the death of any person who has not been retired, pursuant to the provisions hereof, there shall be paid to his or her estate, or to such persons having an insurable interest in his or her life as he or she shall have nominated by written designation duly executed and filed with the board, his or her accumulated contributions less any payments therefrom already made to him or her. Such payment may be made in one lump sum or may be paid in installments over a period of not to exceed five years, as may be designated by the member or his or her beneficiary, with such rate of interest as may be determined by the board.

(4) In lieu of the death benefit otherwise payable under subsection (3) of this section, there shall be paid a total allowance equal to one-fourth average final compensation per month to the surviving spouse of a member with at least twenty years service as such, at the time of death and who has not been retired and who, by reason of membership in the system, is covered by the Old Age and Survivors Insurance provisions of the Federal Social Security Act, but not at the time of death qualified to receive the benefits thereof. Said allowance shall become payable upon the death of said member or upon the date the surviving spouse becomes ineligible for any benefit payment from the Federal OASI, if later, and shall cease upon death or remarriage, or upon the date the surviving spouse would become entitled, upon application therefor; to any insurance benefit from the Federal OASI system, whichever event shall first occur: PROVIDED, That said benefit shall cease upon the beneficiary becoming employed by any member city of said system: PROVIDED FURTHER, That this allowance shall consist of:

(a) An amount which shall be the actuarial equivalent of the normal contributions at the time specified for retirement;

(b) An amount provided by the contributions of the city, equal to the annuity purchased by the accumulated normal contributions of the member;

(c) Such additional amount, provided by the contributions of the city, as will make the total allowance equal to one-fourth average final compensation per month;

(d) An annuity purchased by the accumulated additional contributions, if any, in addition to the minimum guaranteed.

(5) In lieu of the death benefit otherwise payable under subsection (3) of this section, the surviving spouse of a member who dies after having attained the minimum requirements for his or her service retirement as required by RCW 41.44.140 may elect to receive the allowance which would have been paid to such surviving spouse had the member been retired on the date of his or her death and had he or

she elected to receive the lesser retirement allowances provided for in option C of RCW 41.44.220.

(6) If a former member shall, within one year from date of discontinuance of service, be employed by another city participating in this retirement system he or she shall have the privilege of redepositing and the matching contributions deposited by the city or cities in which he or she was formerly employed shall again be held for the benefit of such member. If such redepositing member possessed a prior service certificate the city employing him or her at time of retirement shall accept the liability evidenced by such certificate.

Reinstatement of a prior service certificate shall be effective only upon a showing that normal contributions are on deposit in the retirement fund, to the credit of the member, covering all current service. Purpose—Severability—1967 ex.s. c 28: See notes following RCW 41.44.030.

RCW 41.44.200 Withdrawal—Procedure as to city's contribution.

Whenever a member withdraws his or her accumulated normal contributions the matching contributions of the city so released shall be transferred to a reserve account created for the purpose of showing the amount of credits due each city through such operation. Such credits may be used by the city to apply on any charges made against the city but only so much thereof as will insure leaving in such account an amount estimated to be sufficient to again match contributions redeposited by employees returning to service as contemplated in RCW 41.44.190. The board may credit such reserve accounts with interest at such rate as the board deems equitable: PROVIDED, That as to any member city which has elected to and is making contributions in lieu of those required in RCW 41.44.090(1)(a), there shall be no release of the city's matching contributions after the date of its commencement to make such lieu contributions: PROVIDED FURTHER, That any released contributions of any such city which have been credited to its reserve account prior to the date of such commencement, shall be available to it for the purposes hereinabove specified, unless the board shall determine that their immediate use for such purposes would result in a harmful effect upon the assets of the system, in which event the board shall have the right to defer their use for a reasonable time in which to permit it to make adjustments in the current assets of the system to prevent the same. [2012 c 117 s 73; 1953 c 228 s 8; 1947 c 71 s 20; Rem. Supp. 1947 s 9592-140.]

RCW 41.44.210 Benefit on death in line of duty. Upon the death of any member who dies from injuries or disease arising out of or incurred in the performance of his or her duty or duties, of which the board of trustees shall be the judge, if death occurs within one year from date of discontinuance of city service caused by such injury, there shall be paid to his or her estate or to such person or persons having an insurable interest in his or her life, as he or she shall have nominated by written designation duly executed and filed with the

board, the sum of one thousand dollars, purchased by the contributions of the cities participating in the retirement system; and in addition thereto there shall be paid to the surviving spouse during such spouse's lifetime, or if there be no surviving spouse, then to his or her minor child or children until they shall have reached the age of eighteen years, a monthly pension equal to one-half the monthly final compensation of such deceased member. If any such spouse, or child or children shall marry, then such person so marrying shall thereafter receive no further pension herein provided. Cost of the lump sum benefit above provided shall be determined by actuarial calculation and prorated equitably to each city. The benefits provided in this section shall be exclusive of any other benefits due the member under this chapter. [2012 c 117 s 74; 1973 1st ex.s. c 154 s 79; 1961 c 227 s 10; 1957 c 158 s 6; 1947 c 71 s 21; Rem. Supp. 1947 s 9592-150.]

Option C. The lesser retirement allowance shall be payable to the member throughout life, and after death of the member it shall be continued throughout the life of and paid to the wife or husband of the member.

A member may apply for some other benefit or benefits and the board may grant such application provided such other benefit or benefits, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent value to his or her retirement allowance.

The surviving spouse may elect to receive a cash refund of the member's accumulated contributions in lieu of the monthly benefit under either Option B or Option C. [2012 c 117 s 75; 1965 ex.s. c 99 s 9; 1947 c 71 s 22; Rem. Supp. 1947 s 9592-151.]

The right of a person to a pension, annuity or a retirement allowance, to the return of contribution, the pension, annuity or retirement allowance itself, any optional benefit, any other right accrued or accruing to any person under the provisions of this chapter, and the moneys in the fund created under this chapter shall not be subject to execution, garnishment, or any other process whatsoever whether the same be in actual possession of the person or be deposited or loaned. This section shall not apply to child support collection actions taken under chapter 26.18, 26.23, or 74.20A RCW against benefits payable under any such plan or arrangement. It is the intent of this section to prevent any retired person from being able to receive both his or her retirement allowance and compensation for service to any city or town that is a member of the statewide city employees' retirement system: PROVIDED, That nothing in this section shall prevent county or state welfare departments from furnishing to any retired employee under the terms of this chapter the hospital, medical, dental, and other benefits granted to pensioners under the provisions of Title 74 RCW. [2012 c 117 s 76; 1951 c 275 s 15; 1947 c 71 s 25; Rem. Supp. 1947 s 9592-154.]

Any such contract shall contain appropriate provisions granting to any member
