RCW 43.06D.060 Washington state patrol diversity, equity, and inclusion strategic recruitment and retention plan—Oversight.

(Expires June 30, 2032.) (1) Consistent with its purpose of promoting access to equitable opportunities and resources to reduce disparities, the Washington state office of equity shall provide oversight for the development and ongoing implementation of the Washington state patrol's diversity, equity, and inclusion strategic recruitment and retention plan.

(2) To accomplish this purpose, the office of equity shall work with the department of enterprise services, which will run and oversee a competitive procurement process to select and hire an independent, expert consultant to:

(a) Collect benchmark demographic data on the composition of the current Washington state patrol workforce, including applicants in the recruitment process, people in trooper academy classes, and new hires across positions in the agency including, and not limited to, applicants referred for interview; applicants referred for hire; applicant to hire ratios; applicants referred for psychological testing; applicant pass to fail ratios; and turnover rate. In addition, this task must include comparative demographic data for other law enforcement training classes within the state;

(b) Conduct a study of the labor force available for the commissioned and noncommissioned staff of the state patrol, with a focus on the availability of black, indigenous, Latino, Asian, and other groups currently underrepresented in the state patrol workforce;

(c) Using the results of the labor force availability study and Washington state patrol recruitment and retention demographic benchmark data, establish goals for the demographic composition of the state patrol workforce and a plan for reaching the goals;

(d) Develop agency-specific process and outcome measures of performance, taking into consideration community feedback on whether the performance measures established accurately measure the effectiveness of agency programs and services in the communities served;

(e) Recommend effective agency programs and services to reduce disparities across the agency;

(b) Publish the Washington state patrol's diversity, equity, and inclusion strategic recruitment and retention plan on its performance dashboard;

(c) Report the Washington state patrol's performance on the office's performance dashboard, providing for a process for the Washington state patrol to respond to the report;

(d) Establish accountability procedures for the Washington state patrol, which may include conducting performance reviews related to state patrol compliance with office performance measures consistent with RCW 43.06D.040;

(e) Report annually to the governor and appropriate committees of the legislature on the Washington state patrol's compliance with developing its diversity, equity, and inclusion strategic recruitment and retention plan in accordance with the office of equity standards and the state patrol's progress made toward performance measures in its diversity, equity, and inclusion strategic recruitment and retention plan.

(4) This section expires June 30, 2032. [2022 c 146 s 2.]

Findings—Intent—2022 c 146: "(1) The legislature finds that:

(a) In 2021, the total Washington state patrol workforce was 84 percent white and 67 percent male, the field force workforce was 86

percent white and 86 percent male, and the managerial staff was as high as 93 percent white;

(b) A strong diversity, equity, and inclusion strategic recruitment and retention plan is necessary to:

(i) Provide the state patrol with the benefits of a diverse workforce, improving service to the public, increasing employee productivity, and providing new perspectives and innovative approaches to achieving the agency's mission of enhancing the safety and security of all people and communities; and

(ii) Fill vacancies with those who are from historically and currently marginalized communities;

(c) Public employment opportunities at the Washington state patrol should provide all commissioned and noncommissioned staff full access to the opportunities, power, and resources each needs in the staff person's career; and

(d) The transition to a culture that fosters workforce diversity, equity, and inclusion requires steadfast commitment over the long term.

(2) Therefore, the legislature intends to:

(a) Challenge the state patrol to change and adapt its culture to attract and retain a diverse workforce representative of those who have been historically and currently marginalized and is representative of the labor force as a whole;

(b) Establish effective legislative and executive oversight mechanisms to increase workforce parity by eliminating disparities in the state patrol's workforce;

(c) Increase accountability and transparency relating to the state patrol's progress in achieving equity in its workforce; and

(d) Provide technical assistance and support for the state patrol's diversity, equity, and inclusion efforts over the long term."
[2022 c 146 s 1.]

RCW 43.06D.900 Findings—Intent—2020 c 332. The legislature finds that the population of Washington state has become increasingly diverse over the last several decades. The legislature also finds that as the demographics of our state change, historically and currently marginalized communities still do not have the same opportunities to meet parity as their nonmarginalized counterparts across nearly every measure including education, poverty, employment, health, and more. Inequities based on race, ethnicity, gender, and other characteristics continue to be deep, pervasive, and persistent, and they come at a great economic and social cost. When individuals face barriers to achieving their full potential, the impact is felt by the individual, their communities, businesses, governments, and the economy as a whole in the form of lost wages, avoidable public expenditures, and more. This includes social ramifications that emerging technology, such as artificial intelligence and facial recognition technology, may have on historically and currently marginalized communities. It is the intent of the legislature to review these emerging technologies either already in use by agencies or before their launch by agencies if not already in use and make recommendations regarding agency use to ensure that the technology is used in a manner that benefits society and does not have disparate negative impacts on historically and currently marginalized communities or violate their civil rights. It is further

intended that the office should collaborate with other state efforts in this regard.

The legislature finds that a more inclusive Washington is possible if agencies identify and implement effective strategies to eliminate systemic inequities. The legislature recognizes that different forms of discrimination and oppression are related to each other, and these relationships need to be taken into account.

The legislature finds that over the years, significant strides have been made within agencies to address the disparate outcomes faced by historically and currently marginalized communities. While these efforts have yielded positive work, the legislature finds that the work happening in agencies is fragmented across state government. Additionally, smaller agencies may not have the resources necessary to identify and implement policies to address systemic inequities. Furthermore, the legislature finds that the commission on African American affairs, the commission on Asian Pacific American affairs, the commission on Hispanic affairs, the governor's office of Indian affairs, the LGBTQ commission, the women's commission, and the human rights commission each play an important and integral role by serving as a voice for their respective communities and linking state government to these communities. The office is distinct from the commissions because it will serve as the state's subject matter expert on diversity, equity, and inclusion to state agencies and will provide technical assistance and support to agencies while each agency implements its individual equity plan. The office is not duplicative of the commissions, rather it is the intent of the legislature that the office will work in collaboration with the commissions. It is not the legislature's intent to eliminate the commissions or to reduce funding to the commissions by creating the office. Instead, it is the intent of the legislature that the office and the commissions shall work in a complementary manner with each other, support each other's work, jurisdictions, and missions, and adequately fund the commissions and the office as they take on their new complementary roles.

The legislature finds that state government must identify and coordinate effective strategies that focus on eliminating systemic barriers for historically and currently marginalized groups. To support this objective, an office of equity will provide a unified vision around equity for all state agencies. The office will assist government agencies to promote diversity, equity, and inclusion in all aspects of their decision making, including but not limited to services, programming, policy development, budgeting, and staffing. Doing so will foster a culture of accountability within state government that promotes opportunity for marginalized communities and will help normalize language and concepts around diversity, equity, and inclusion. RCW 43.06D.901 Construction—2020 c 332. Nothing in chapter 332, Laws of 2020 creates any right or cause of action, nor may it be relied upon to compel the establishment of any program or special entitlement. [2020 c 332 s 9.]
