

RCW 43.20C.030 Unified and coordinated case plans—Monitoring and quality control procedures—Quality control and fidelity of implementation. The department of social and health services, in consultation with a university-based evidence-based practice institute entity in Washington, the Washington partnership council on juvenile justice, the child mental health systems of care planning committee, the children, youth, and family advisory committee, the health care authority, the Washington state racial disproportionality advisory committee, a university-based child welfare research entity in Washington state, behavioral health administrative services organizations established in chapter 71.24 RCW, managed care organizations contracted with the authority under chapter 74.09 RCW, the Washington association of juvenile court administrators, and the Washington state institute for public policy, shall:

(1) Develop strategies to use unified and coordinated case plans for children, youth, and their families who are or are likely to be involved in multiple systems within the department;

(2) Use monitoring and quality control procedures designed to measure fidelity with evidence-based and research-based prevention and treatment programs; and

(3) Utilize any existing data reporting and system of quality management processes at the state and local level for monitoring the quality control and fidelity of the implementation of evidence-based and research-based practices. [2019 c 325 § 5011; 2014 c 225 § 67; 2012 c 232 § 4.]

Effective date—2019 c 325: See note following RCW 71.24.011.

Effective date—2014 c 225: See note following RCW 71.24.016.
