RCW 43.63A.125 Nonresidential social services facilities—Building communities fund program—Assistance to nonprofit organizations—Competitive process—Recommendations to legislature for funding. (1) The department shall establish the building communities fund program. Under the program, capital and technical assistance grants may be made to nonprofit organizations for acquiring, constructing, or rehabilitating facilities used for the delivery of nonresidential community services, including social service centers and multipurpose community centers, including those serving a distinct or ethnic population. Such facilities must be located in a distressed community or serve a substantial number of low-income or disadvantaged persons.

(2) The department shall establish a competitive process to solicit, evaluate, and rank applications for the building communities fund program as follows:

   (a) The department shall conduct a statewide solicitation of project applications from nonprofit organizations.

   (b) The department shall evaluate and rank applications in consultation with a citizen advisory committee using objective criteria. To be considered qualified, applicants must demonstrate that the proposed project:

        (i) Will increase the range, efficiency, or quality of the services provided to citizens;

        (ii) Will be located in a distressed community or will serve a substantial number of low-income or disadvantaged persons;
(iii) Will offer three or more distinct activities that meet a single community service objective or offer a diverse set of activities that meet multiple community service objectives, including but not limited to: Providing social services; expanding employment opportunities for or increasing the employability of community residents; or offering educational or recreational opportunities separate from the public school system or private schools, as long as recreation is not the sole purpose of the facility;  
(iv) Reflects a long-term vision for the development of the community, shared by residents, businesses, leaders, and partners;  
(v) Requires state funding to accomplish a discrete, usable phase of the project;  
(vi) Is ready to proceed and will make timely use of the funds;  
(vii) Is sponsored by one or more entities that have the organizational and financial capacity to fulfill the terms of the grant agreement and to maintain the project into the future;  
(viii) Fills an unmet need for community services;  
(ix) Will achieve its stated objectives; and  
(x) Is a community priority as shown through tangible commitments of existing or future assets made to the project by community residents, leaders, businesses, and government partners.  
(c)(i) The evaluation and ranking process shall also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section shall not exceed 25 percent of the total cost of the project, except as provided in (c)(ii) and (iii) of this subsection (2).  
(ii) For project lists submitted during the 2021-2023 fiscal biennium, grant assistance under this section may not exceed:

(B) Seventy-five percent of the total cost for projects that exceed $100,000, up to $250,000;  
(C) Fifty percent of the total cost for projects that exceed $250,000, up to $500,000.  
(iii) Under exceptional circumstances, the department may reduce the amount of nonstate match required. However, during the 2019-2021 biennium, the legislature may waive the match required for the projects specified in section 1009, chapter 413, Laws of 2019. No more than 10 percent of the total granted amount may be awarded to qualified eligible projects that meet the definition of exceptional circumstances defined in this subsection. For project lists submitted during the 2021-2023 fiscal biennium, there is no limit to the total granted amount awarded to qualified eligible projects that meet the definition of exceptional circumstances defined in this subsection. For purposes of this subsection, exceptional circumstances include but are not limited to: Natural disasters affecting projects; emergencies beyond an applicant's control, such as a fire or an unanticipated loss of a lease where services are currently provided; or a delay that could result in a threat to public health or safety. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.  
(d) The department may not set a monetary limit to funding requests.  
(3) The department shall submit biennially to the governor and the legislature in the department's capital budget request a ranked list of the qualified eligible projects for which applications were
received. The list must include a description of each project, its
total cost, and the amount of state funding requested. The appropriate
fiscal committees of the legislature shall use this list to determine
building communities fund projects that may receive funding in the
capital budget. The total amount of state capital funding available
for all projects on the biennial list shall be determined by the
capital budget beginning with the 2009-2011 biennium and thereafter.
In addition, if cash funds have been appropriated, up to $3,000,000
may be used for technical assistance grants. The department shall not
sign contracts or otherwise financially obligate funds under this
section until the legislature has approved a specific list of
projects.

(4) In addition to the list of ranked qualified eligible
projects, the department shall submit to the appropriate fiscal
committees of the legislature a summary report that describes the
solicitation and evaluation processes, including but not limited to
the number of applications received, the total amount of funding
requested, issues encountered, if any, and any recommendations for
process improvements.

(5) After the legislature has approved a specific list of
projects in law, the department shall develop and manage appropriate
contracts with the selected applicants; monitor project expenditures
and grantee performance; report project and contract information; and
exercise due diligence and other contract management responsibilities
as required.

(6) In contracts for grants authorized under this section the
department shall include provisions which require that capital
improvements shall be held by the grantee for a specified period of
time appropriate to the amount of the grant and that facilities shall
be used for the express purpose of the grant. If the grantee is found
to be out of compliance with provisions of the contract, the grantee
shall repay to the state general fund the principal amount of the
grant plus interest calculated at the rate of interest on state of
Washington general obligation bonds issued most closely to the date of
authorization of the grant. [2022 c 296 § 7005; 2019 c 413 § 7030;

Findings—1992 c 65: "The legislature finds that there is a growing number of citizens in the state over the age of sixty who have much to offer their fellow citizens and communities through volunteer service. The legislature further finds that public programs for education, at-risk youth, adult literacy, and combating drug abuse have benefited from and are still in need of the assistance of skilled retired senior volunteer programs volunteers. In addition the legislature further finds that public programs for developmentally disabled, environmental protection, corrections, crime prevention, mental health, long-term and respite care, and housing and homeless, among others, are also in need of volunteer assistance from the retired senior volunteer program."
Therefore, the legislature intends to encourage the increased involvement of senior volunteers by providing funding throughout Washington to promote the development and enhancement of such programs." [1992 c 65 § 1.]

RCW 43.63A.305 Independent youth housing program—Created—Collaboration with the department of social and health services—Duties of subcontractor organizations. (1) The independent youth housing program is created in the department to provide housing stipends to eligible youth to be used for independent housing. In developing a plan for the design, implementation, and operation of the independent youth housing program, the department shall:

(a) Adopt policies, requirements, and procedures necessary to administer the program;

(b) Contract with one or more eligible organizations described under RCW 43.185A.040 to provide services and conduct administrative activities as described in subsection (3) of this section;

(c) Establish eligibility criteria for youth to participate in the independent youth housing program, giving priority to youth who have been dependents of the state for at least one year;

(d) Refer interested youth to the designated subcontractor organization administering the program in the area in which the youth intends to reside;

(e) Develop a method for determining the amount of the housing stipend, first and last month's rent, and security deposit, where applicable, to be dedicated to participating youth. The method for determining a housing stipend must take into account a youth's age, the youth's total income from all sources, the fair market rent for the area in which the youth lives or intends to live, and a variety of possible living situations for the youth. The amount of housing stipends must be adjusted, by a method and formula established by the department, to promote the successful transition for youth to complete housing self-sufficiency over time;

(f) Ensure that the independent youth housing program is integrated and aligned with other state rental assistance and case management programs operated by the department, as well as case management and supportive services programs, including the independent living program, the transitional living program, and other related programs offered by the department of social and health services; and

(g) Consult with the department of social and health services and other stakeholders involved with dependent youth, homeless youth, and homeless young adults, as appropriate.

(2) The department of social and health services shall collaborate with the department in implementing and operating the independent youth housing program including, but not limited to, the following:

(a) Refer potential eligible youth to the department before the youth's eighteenth birthday, if feasible, to include an indication, if known, of where the youth plans to reside after aging out of foster care;

(b) Provide information to all youth aged fifteen or older, who are dependents of the state under chapter 13.34 RCW, about the independent youth housing program, encouraging dependents nearing their eighteenth birthday to consider applying for enrollment in the program;
(c) Encourage organizations participating in the independent living program and the transitional living program to collaborate with independent youth housing program providers whenever possible to capitalize on resources and provide the greatest amount and variety of services to eligible youth;

(d) Annually provide to the department data reflecting changes in the percentage of youth aging out of the state dependency system each year who are eligible for state assistance, as well as any other data and performance measures that may assist the department to measure program success; and

(e) Annually, beginning by December 31, 2007, provide to the appropriate committees of the legislature and the interagency council on homelessness as described under RCW 43.185C.170 recommendations of strategies to reach the goals described in RCW 43.63A.311(2)(g).

(3) Under the independent youth housing program, subcontractor organizations shall:

(a) Use moneys awarded to the organizations for housing stipends, security deposits, first and last month's rent stipends, case management program costs, and administrative costs. When subcontractor organizations determine that it is necessary to assist participating youth in accessing and maintaining independent housing, subcontractor organizations may also use moneys awarded to pay for professional mental health services and tuition costs for court-ordered classes and programs;

(i) Administrative costs for each subcontractor organization may not exceed twelve percent of the estimated total annual grant amount to the subcontractor organization;

(ii) All housing stipends, security deposits, and first and last month's rent stipends must be payable only to a landlord or housing manager of any type of independent housing;

(b) Enroll eligible youth who are referred by the department and who choose to reside in their assigned service area;

(c) Enter eligible youth program participants into the [Washington] homeless client management information system as described in RCW 43.185C.180;

(d) Monitor participating youth's housing status;

(e) Evaluate participating youth's eligibility and compliance with department policies and procedures at least twice a year;

(f) Assist participating youth to develop or update an independent living plan focused on obtaining and retaining independent housing or collaborate with a case manager with whom the youth is already involved to ensure that the youth has an independent living plan;

(g) Educate participating youth on tenant rights and responsibilities;

(h) Provide support to participating youth in the form of general case management and information and referral services, when necessary, or collaborate with a case manager with whom the youth is already involved to ensure that the youth is receiving the case management and information and referral services needed;

(i) Connect participating youth, when possible, with individual development account programs, other financial literacy programs, and other programs that are designed to help young people acquire economic independence and self-sufficiency, or collaborate with a case manager with whom the youth is already involved to ensure that the youth is receiving information and referrals to these programs, when appropriate;
(j) Submit expenditure and performance reports, including information related to the performance measures in RCW 43.63A.311, to the department on a time schedule determined by the department; and
(k) Provide recommendations to the department regarding program improvements and strategies that might assist the state to reach its goals as described in RCW 43.63A.311(2)(g). [2009 c 148 § 1; 2007 c 316 § 3.]

Finding—2007 c 316: "(1) The legislature finds that providing needy youth aging out of the state dependency system with safe and viable options for housing to avoid homelessness confers a valuable benefit on the public that is intended to improve public health, safety, and welfare.

(2) It is the goal of this state to:
   (a) Ensure that all youth aging out of the state dependency system have access to a decent, appropriate, and affordable home in a healthy safe environment to prevent such young people from experiencing homelessness; and
   (b) Reduce each year the percentage of young people eligible for state assistance upon aging out of the state dependency system." [2007 c 316 § 1.]

RCW 43.63A.510 Affordable housing—Inventory of state-owned land. (1) The department must work with the designated agencies to identify, catalog, and recommend best use of under-utilized, state-owned land and property suitable for the development of affordable housing for very low-income, low-income or moderate-income households. The designated agencies must provide an inventory of real property that is owned or administered by each agency and is vacant or available for lease or sale. The department must work with the designated agencies to include in the inventories a consolidated list of any property transactions executed by the agencies under the authority of RCW 39.33.015, including the property appraisal, the terms and conditions of sale, lease, or transfer, the value of the public benefit, and the impact of transaction to the agency. The inventories with revisions must be provided to the department by November 1st of each year.

(2) The department must consolidate inventories into two groups: Properties suitable for consideration in affordable housing development; and properties not suitable for consideration in affordable housing development. In making this determination, the department must use industry accepted standards such as: Location, approximate lot size, current land use designation, and current zoning classification of the property. The department shall provide a recommendation, based on this grouping, to the office of financial management and appropriate policy and fiscal committees of the legislature by December 1st of each year.

(3) Upon written request, the department shall provide a copy of the inventory of state-owned and publicly owned lands and buildings to parties interested in developing the sites for affordable housing.

Finding—1993 c 461: "(1) The legislature finds that:

(a) The lack of affordable housing for very low-income, low-income, or moderate-income households and special needs populations is intensified by the rising cost of land and construction; and

(b) There are publicly owned land and buildings which may be suitable to be marketed, sold, leased, or exchanged for the development of affordable housing.

(2) The legislature declares that the purpose of this act is to:
