

RCW 47.46.090 Citizen advisory committee—Tolls. (1) A citizen advisory committee must be created for any project developed under this chapter that imposes toll charges for use of a transportation facility. The governor shall appoint nine members to the committee, all of whom must be permanent residents of the affected project area as defined for each project. Members of the committee shall serve without compensation.

(2) The citizen advisory committee shall serve in an advisory capacity to the commission on all matters related to the imposition of tolls including, but not limited to, (a) the feasibility of providing discounts to frequent users, electronic transponder users, senior citizens, or students; (b) the tradeoff of lower tolls versus the early retirement of debt; and (c) a consideration of variable, or time of day pricing.

(3) No toll charge may be imposed or modified unless the citizen advisory committee has been given at least twenty days to review and comment on any proposed toll charge schedule. In setting toll rates, the commission shall give consideration to any recommendations of the citizen advisory committee. [2005 c 329 § 1; 2002 c 114 § 6.]
