

RCW 47.58.090 Study of projects—Specific authorization of construction and finance. Under the provisions of this chapter, projects other than those specifically authorized herein involving existing bridges may be studied and analyzed by the department, and recommendations therefor may be submitted to the legislature, but such other projects shall not be financed or constructed by the department under the provisions of this chapter until further specific authorization therefor has been provided by the legislature. [1984 c 7 § 295; 1961 c 13 § 47.58.090. Prior: 1955 c 208 § 11.]
