

RCW 52.26.300 Annexation of fire protection jurisdiction within reasonable proximity to authority. (1) A fire protection jurisdiction that is located within reasonable proximity to the boundary of a regional fire protection service authority is eligible for annexation by the authority.

(2) An annexation is initiated by the adoption of a resolution by the governing body of a fire protection jurisdiction requesting the annexation. The resolution requesting annexation must then be filed with the governing board of the authority that is requested to annex the fire protection jurisdiction.

(3) Except as otherwise provided in the regional fire protection service authority plan, on receipt of the resolution requesting annexation, the governing board of the authority may adopt a resolution amending its plan to establish terms and conditions of the requested annexation and submit the resolution and plan amendment to the fire protection jurisdiction requesting annexation. An election to authorize the annexation may be held only if the governing body of the fire protection jurisdiction seeking annexation adopts a resolution approving both the annexation and the related plan amendment.

(4) (a) An annexation is authorized if the voters in the fire protection jurisdiction proposed to be annexed approve by a simple majority vote a single ballot measure approving the annexation and related plan amendment.

(b) An annexation is effective on the date specified in the ballot measure. In the event the ballot measure does not specify an effective date, the effective date is on the subsequent January 1st or July 1st, whichever occurs first. [2018 c 28 § 7; 2011 c 271 § 2.]
