RCW 53.08.360 Annexation of port district property—Transfer of employees engaged in firefighting. (1) When a port district provides its own fire protection services with port district employees, and port district property is included as part of an annexation, incorporation, consolidation, or merger by a city, town, or fire protection district, and fire protection services for this port district property will be furnished by the city, town, or fire protection district, an eligible employee may transfer employment to the city, town, or fire protection district in the same manner and under the same conditions that a firefighter may transfer employment into a fire protection district pursuant to RCW 52.04.111, 52.04.121, and 52.04.131.

(2) "Eligible employee" means an employee of the port district who (a) was at the time of the annexation, merger, consolidation, or incorporation employed exclusively or principally in performing the powers, duties, and functions which are to be performed by the fire department of the city, town, or fire protection district, (b) will, as a direct consequence of the annexation, merger, consolidation, or incorporation, be separated from the employ of the port district, and (c) can perform the duties and meet the minimum requirements of the position to be filled. [1994 c 74 § 2.]

Intent—1994 c 74: "The legislature recognizes that it passed comprehensive legislation in 1986 to provide protection to firefighters who risk losing their jobs as a result of an annexation, incorporation, merger, or consolidation by a city, town, or fire protection district. The legislation did not, however, grant these same protections to firefighters who are employed by port districts. It is the intent of the legislature that firefighters who are employed by port districts should have the same transfer rights as other local government firefighters in the event of an annexation, consolidation, merger, or incorporation by a city, town, or fire protection district." [1994 c 74 § 1.]
