

**RCW 69.25.100 Egg products—Pasteurization—Labeling requirements
—False or misleading labels or containers—Director may order use of
withheld—Hearing, determination, and appeal.**

(1) Egg products inspected at any official plant under the authority of this chapter and found to be not adulterated shall be pasteurized before they leave the official plant, except as otherwise permitted by regulations of the director, and shall at the time they leave the official plant, bear in distinctly legible form on their shipping containers or immediate containers, or both, when required by regulations of the director, the official inspection legend and official plant number, of the plant where the products were processed, and such other information as the director may require by regulations to describe the products adequately and to assure that they will not have false or misleading labeling.

(2) No labeling or container shall be used for egg products at official plants if it is false or misleading or has not been approved as required by the regulations of the director. If the director has reason to believe that any labeling or the size or form of any container in use or proposed for use with respect to egg products at any official plant is false or misleading in any particular, he or she may direct that such use be withheld unless the labeling or container is modified in such manner as he or she may prescribe so that it will not be false or misleading. If the person using or proposing to use the labeling or container does not accept the determination of the director, such person may request a hearing, but the use of the labeling or container shall, if the director so directs, be withheld pending hearing and final determination by the director. Any such determination by the director shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person adversely affected thereby appeals to the superior court in the county in which such person has its principal place of business.
