

RCW 70.74.110 Manufacturer's report—Inspection—License. All persons engaged in the manufacture of explosives, or any process involving explosives, or where explosives are used as a component part in the manufacture of any article or device, on August 11, 1969, shall within sixty days thereafter, and all persons engaging in the manufacture of explosives, or any process involving explosives, or where explosives are used as a component part in the manufacture of any article or device after August 11, 1969, shall, before so engaging, make an application in writing, subscribed to by such person or his or her agent, to the department of labor and industries, the application stating:

- (1) Location of place of manufacture or processing;
- (2) Kind of explosives manufactured, processed, or used;
- (3) The distance that such explosives manufacturing building is located or intended to be located from the other factory buildings, magazines, inhabited buildings, railroads and highways, and public utility transmission systems;
- (4) The name and address of the applicant;
- (5) The reason for desiring to manufacture explosives;
- (6) The applicant's citizenship, if the applicant is an individual;
- (7) If the applicant is a partnership, the names and addresses of the partners, and their citizenship;
- (8) If the applicant is an association or corporation, the names and addresses of the officers and directors thereof, and their citizenship; and
- (9) Such other pertinent information as the director of labor and industries shall require to effectuate the purpose of this chapter.

There shall be kept in the main office on the premises of each explosives manufacturing plant a plan of said plant showing the location of all explosives manufacturing buildings and the distance they are located from other factory buildings where persons are employed and from magazines, and these plans shall at all times be open to inspection by duly authorized inspectors of the department of labor and industries. The superintendent of each plant shall upon demand of said inspector furnish the following information:

- (a) The maximum amount and kind of explosive material which is or will be present in each building at one time.
- (b) The nature and kind of work carried on in each building and whether or not said buildings are surrounded by natural or artificial barricades.

Except as provided in RCW 70.74.370, the department of labor and industries shall as soon as possible after receiving such application cause an inspection to be made of the explosives manufacturing plant, and if found to be in accordance with RCW 70.74.030 and 70.74.050 and 70.74.061, such department shall issue a license to the person applying therefor showing compliance with the provisions of this chapter if the applicant demonstrates that either the applicant or the officers, agents, or employees of the applicant are sufficiently experienced in the manufacture of explosives and the applicant meets the qualifications for a license under RCW 70.74.360. Such license shall continue in full force and effect until expired, suspended, or revoked by the department pursuant to this chapter.
